STATING "WATCH IN THE HALLS OF JUSTICE - INJUSTICE IS BEING DONE". HE PARAPHRASED THAT QUOTATION BY STATING, "WATCH IN THE HALLS OF EDUCATION - MISEDUCATION IS BEING DONE". NEWTON DISCUSSED MATERIALISM AND VARIOUS PHILOSOPHICAL THEORIES SUCH AS "KANT'S RATIONAL METHOD OF SOLUTION". HE ALSO DISCUSSED WILLIAM JAMES' PRAGMATISM. HE DISCUSSED MARX AND ENGELS AND DIALECTICAL MATERIALISM. AT TIMES HIS PRONUNCIATION WAS ERRONEOUS AND LOGIC COMPLETELY INCORRECT. MANY OF THE APPROXIMATELY ONE THOUSAND PERSONS PRESENT APPEARED UNIMPRESSED. HE CRITICIZED THE UNITED STATES AND ITS CAPITALISM AND IMPERIALISM AND STATED THAT THE UNITED STATES GOVERNMENT EXPLOITS ITS PEOPLE. THE UNITED STATES HAS GONE FROM A COLONIAL TO A NEO-COLONIAL SYSTEM AND HAS NOW REACHED A REACTIONARY INTERCOMMUNALISM. THE BPP'S IDEOLOGY CALLS FOR A REVOLUTIONARY INTERCOMMUNALISM. HE DISCUSSED ALSO MINORITY CULTURES AND STATED THAT THE BLACK CULTURE HAD BEEN "RAPED". HE SAID THERE DOES NOT EXIST A WAR ANYWHERE IN THE WORLD TODAY BUT MERELY POLICE ACTIONS. HE ADDED THAT THE PEOPLE WILL HAVE POWER. HE ALSO STATED

THAT BLACK CAPITALISM CANNOT EXIST. HE ALSO QUOTE FREUD, HEGEL, AND PROFESSOR ERIC ERICKSON. HE ADVOCATED A THEORY OF "ESSENTIAL MISCEGENATION". HE CRITICIZED FRUED, JUNG, AND HEGEL AS HAVING MADE MISTAKES CONCERNING MAN'S ESSENTIAL MOTIVATION. HE DISCUSSED THE LUMPEN PROLETARIAT AND DEFINED IT AS THE UNEMPLOYED MINORITY. HE STATED THAT AS UNEMPLOYMENT INCREASES, THE LUMPEN WILL BECOME THE MAJORITY AND HENCE THE PEOPLE WILL TAKE POWER. NEWTON'S SPEECH LASTED FOR APPROXIMATELY ONE HOUR AND TEN MINUTES. NEAR THE END HE WAS INTERRUPTED BY A BODYGUARD WHO PASSED HIM A NOTE WHICH APPEARED TO BE SENT BY CHARLES GARRY (THIS NOTE MAY HAVE TOLD HIM TO BRING HIS SPEECH TO A CLOSE, WHICH HE DID). NEWTON CONCLUDED BY STATING "WE WILL PULL THE CAPITALIST DOWN LIGHTLY. EVEN THE CAPITALIST WAS NOT BORN OF A STONE - HE HAS RELATIVES ALSO." THERE FOLLOWED NEWTON'S SPEECH A QUESTION AND ANSWER PERIOD IN WHICH THREE QUESTIONS WERE ASKED. NEWTON WAS ASKED TO : ONE) COMMENT ON THE TREND TOWARD WESTERN CULTURE; TWO) ON THE ANTI-SEMITIC NATURE OF THE BPP; AND THREE) WHETHER OR NOT RUSSIA WAS A SOCIALIST COUNTRY. NEWTON ANSWERED ALL THREE

QUESTIONS BY AVOIDING THE QUESTIONS AND GOING OFF ON A SEPARATE TIRADE.

SOURCE FURTHER ADVISED THAT NEWTON ARRIVED APPROXIMATELY TWO HOURS LATE FOR HIS SPEECH. HE WAS DRESSED IN A FULL LENGTH BEIGE TOPCOAT AND CARRIED A SHORT BLACK BATON WITH A SILVER HEAD WHICH HE USED FOR EMPHASIS DURING HIS SPEECH. HE APPEARED TO BE EXTREMELY SATISFIED WITH HIMSELF; HOWEVER, HIS DELIVERY WAS POOR AND MANY OF THE SPECTATORS APPEARED BORED BY WHAT HE WAS SAYING. SOURCE STATED THAT APPROXIMATELY HALF OF THE PEOPLE THERE APPEARED TO HAVE PAID THE TWO DOLLAR ENTRANCE FEE; HOWEVER, SEVERAL HAD FREE PASSES AND WERE ALLOWED TO ENTER WITHOUT PAYING. THERE WERE NO UNUSUAL INCIDENTS; HOWEVER, ONE OLDER PROFESSOR REFUSED TO BE SEARCHED AT THE DOOR AND WAS SENT AWAY. NEWTON ARRIVED BY THE REAR DOOR AND DEPARTED BY SAME SINCE IT IS A SHORT WALK TO TRUMBULL COLLEGE WHERE HE IS STAYING.

[redacted] Princeton University, Princeton, NJ, advised 1/22/71, that as of this date representatives of the New University Conference (NUC), Princeton University, who reportedly are the sponsors of NEWTON's scheduled appearance at Princeton University on 2/9/71, have not been able to raise the necessary fee demanded by NEWTON.

In addition, [redacted] stated that Princeton University officials are demanding that NEWTON make a payment to Princeton University for money which will be needed to pay for the extra security precautions and those outside policemen who will be on standby duty. Other fees will be necessary to pay extra janitorial help to help clean up after subject's appearance. According to [redacted] Princeton University, will not acquiesce to the security precautions demanded by NEWTON.

HUEY P. NEWTON

On February 9, 1971, a source, who has furnished reliable information in the past, advised that he had determined that Huey P. Newton, Supreme Commander of the Black Panther Party (BPP), was scheduled to speak on February 21, 1971, at the Chicago Coliseum, 1513 South Wabash Avenue, Chicago, Illinois.

The BPP is described on the Appendix page attached hereto.

This source added that he had developed no information indicating whether or not Newton would fulfill speaking engagements scheduled for Illinois State University, Normal, Illinois, on February 19, 1971, and at the University of Wisconsin, Madison, on February 20, 1971. He added, however, that indications were that Newton's appearance at the Chicago Coliseum was contingent upon the Illinois Chapter of the BPP and unidentified groups sympathetic with that Chapter raising enough money for rental of the Coliseum and creating enough interest to attract a sizeable audience.

On February 9, 1971, [redacted]

[redacted] Chicago Coliseum, advised that the "New University Conference" (NUC), 622 West Diversey Street, Chicago, had made an initial deposit of \$100 for

The NUC is described on Appendix page attached hereto.

~~CONFIDENTIAL~~

NEW UNIVERSITY CONFERENCE (NUC)

"The New York Times," city edition, July 10, 1968, page 15, reported that a national organization under the name of the New University Conference had been formed "to promote radical causes within and outside the university." According to the article, NUC grew out of a meeting of 350 young academicians in Chicago during March, 1968.

A pamphlet distributed by NUC during March, 1970, states that many of its members are junior faculty and graduate students who were active in the student movement of the sixties. The pamphlet states that NUC was formed so that its members might "continue waging the collective fight for liberation from American capitalism, racism, imperialism and male supremacy." NUC will, according to the pamphlet, "create universities which export radical graduates, radical opinion and the radical example of its internal democracy."

The address of NUC appeared in the pamphlet as 622 West Diversey, Room 403A, Chicago, Illinois 60614.

INFORMATIVE NOTE

Date 2/1/71

Attached indicates Black Panther Party leader Huey P. Newton has commenced his previously scheduled month long speaking tour of college campuses. We earlier confirmed his departure from San Francisco at which time he and his party passed through a magnetometer at the airport and there was no evidence of firearms in their possession.

We are closely following Newton's activities and travels on this speaking tour. Copy of attached being furnished Internal Security Division and Inter-Division Information Unit of the Department.

Madison, on 2/20/71, and another speaking engagement scheduled for Illinois State University (ISU), Normal, Illinois, on either 2/19 or 2/21/71. Indications are that the latter engagement might possibly be cancelled as despite the fact that a contract has been signed for subject's appearance at ISU, \$1,000 raised as a deposit for his appearance has apparently been utilized at Normal for other purposes.

For the information of St. Louis, subject is currently in the New York City - New Haven, Connecticut, area and various speaking engagements are scheduled on the East Coast through 2/17/71.

Chicago, Milwaukee, St. Louis, and Springfield are requested to alert appropriate sources regarding subject's possible appearances within these divisions and immediately advise the Bureau and San Francisco of any information received in that regard.

New Haven and New York should endeavor to determine future speaking engagements scheduled for subject.

Huey Newton Is Living in \$650-a-month Apartment

Huey Newton (center) leaves apartment with David Hilliard (left) and Viron Redwine

Examiner photo by Seymour Sharr

By Ed Montgomery

Huey P. Newton, Supreme Commander of the Black Panther Party, is living in pompous splendor in a \$650 a month apartment overlooking Lake Merritt in Oakland.

The black militant, also the party's titular Minister of Defense, has been residing there under the assumed name of Don Penn since November.

His top-floor apartment at 1200 Lakeshore Drive, No. 25A, is lavishly furnished with handsome furniture, some of it imported.

The one-year lease carries with it such services as a full time door man, sauna, gymnasium and putting green.

There is a standing order with an Oakland florist for fresh flowers daily while

Penn-Newton is "in residence."

He travels frequently and only Wednesday night returned from a New York speaking tour, which, reportedly suffered several cancellations.

Compounding the frustration of Newton's latest eastern trip was the disappearance of Connie Matthews, his personal secretary who was

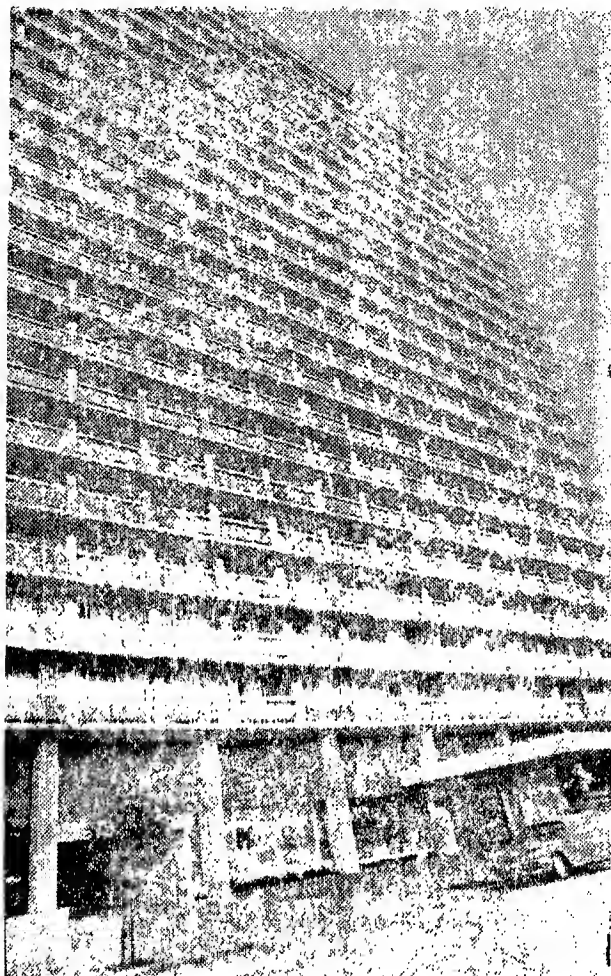

something of an habitue at 1200 Lakeshore.

Newton claims she ran off with one of two Black Panthers who on Monday failed to show in court where they and 11 others are on trial in a New York bombing conspiracy case.

Their absence left Black Panther supporters holding

the bag for \$150,000 bail.

Miss Matthews took with her, Newton contends, certain of his personal papers and Black Panther documents, including records of European connections.

Operators of the exclusive 25 story apartment house were dismayed to learn Newton was a tenant. A resident who recognized the black militant in an elevator advised them of his presence three weeks ago.

The lease, a spokesman said, was negotiated by Stronghold Consolidated Productions, Inc., of New York, with David Cabriel Lubell as signator.

Lubell, a white lawyer, is a Cornell graduate who took his law degree at Harvard.

Lubell has been identified by a congressional committee as a veteran East Coast organizer for the Communist Party and an active figure in the National Lawyers Guild, cited as a Communist front.

Newton's connection with Stronghold is further indicated in the Jan. 23 edition of the Black Panther which carried an eight page insert reporting verbatim a recent speech by Huey Newton.

Across the top of the first seven pages is featured in large black letters an introductory slogan very similar to the preamble to Mao Tse-tung's "Little red book." It reads:

"Let us hold high the banner of intercommunalism and the invincible thoughts of Huey P. Newton, Minister of Defense and Supreme Commander of the Black Panther Party."

The insert carries the copyright of Stronghold Consolidated Productions, Inc., 1970.

Newton evinced displeasure at being photographed yesterday as he and three Panther leaders emerged from 1200 Lakeshore en route to an appearance in Alameda County Superior Court, where, in May, he is slated for re-trial for the fatal shooting of an Oakland policeman.

"Who told you I was living here?" he demanded.

With Newton as he departed for court were three Panthers who had arrived in a Pontiac Grand Prix to pick him up moments earlier.

The three were David Hilliard, party Chief of Staff who also made a court appearance; John Seale, brother to party chairman Bobby Seale, now on trial for murder in New Haven, Conn., and Viron Redwine of Detroit, identified by authorities as Newton's constant companion and bodyguard.

Re: Association of Black Students
Rally in Support of Detroit 16
Featuring Huey Newton,
Oakland University, Rochester,
Michigan, November 16, 1970

The main theme of the speech given by Huey P. Newton on November 16, 1970, at Oakland University, was that all poor blacks and poor whites, the working classes, the oppressed of the world must all join forces as a united body against the "ruling circle" in the United States. Newton repeatedly referred to this "ruling circle" throughout his entire speech and apparently interpreted this "ruling circle" as those leaders of Government and industry, the imperialists or those who are rich in this society. Newton wanted equality for everyone with no one being superior to his fellow man. He indicated the Negro is a class brother with the poor whites and they must join in their effort to overcome the "ruling circle".

Newton stated, "The Black Panther Party is the vanguard of the revolution on a world-wide level because the world is really one community and we've taken Marxist-Leninist to a greater level and therefore we are the greatest Marxist-Leninists that ever lived, and we say this not to be arrogant because some times I wish that someone else would carry that banner because the way is narrow and the burden is heavy."

In conclusion, the speech by Newton was a rambling, many times incoherent Marxist-Leninist influenced, low-key revolutionary type speech which attempted to show a connection between the Black Panther Party and the League of Revolutionary Black Workers, as well as a unity between the Black Panther Party and all oppressed persons of the world.

A characterization of the Black Panther Party is contained in the appendix attached hereto.

His speech called for the release of the Detroit 16, freedom for Angela Davis, Bobby Seale, and all the oppressed brothers and for the ultimate overthrow of the pigs.

Re: Association of Black Students Rally in Support of Detroit 16
Featuring Huey Newton

The speech appeared to be rather poorly organized and Newton was easily diverted from the main topics which he seemed to be pursuing. The speech had very few references to any actual radical action or violent confrontation.

BLACK PANTHER PARTY (BPP),
also known as
Black Panther Party for Self Defense

According to the official newspaper of the BPP, the BPP was started during December 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by ROBBY G. SEALE, BPP Chairman, and HUEY P. NEWTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black power. Use the gun. Kill the pigs everywhere."

The BPP newspaper, issue of October 5, 1968, had an article introduced with the following statement: "We will not dissent from American government. We will overthrow it."

DAVID HILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the BPP newspaper had an article by Minister of Culture EMORY DOUGLAS as follows:

"The only way to make this racist US government administer justice to the people it is oppressing, is...by taking up arms against this government, killing the officials, until the reactionary forces...are dead, and those that are left turn their weapons on their superiors, thereby passing revolutionary judgement against the number one enemy of all mankind, the racist U.S. government."

The BPP Headquarters is located at 1046 Peralta Street, Oakland, California. Branches of the BPP, and Committees to Combat Fascism, under control of the BPP, have been established in various locations in the US.

HUEY P. NEWTON

Talk at Oakland University

November 16, 1970

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 6/25/82 BY SP-5 ci/bmf

#75,6203

What does the Panthers mean when they talk about revolution? What did the Panthers mean when they talk about a revolutionary situation? By revolutionary situation, the Panthers mean one in which justice is non-existent. Where laws are arbitrarily enforced, and one's respect for national leaders is equal to humiliation. In our community, the existing order is signified by the pigs. We have no respect for the pigs. We have utter contempt for the pig. The Panthers say Off the Pig. The Panther program is based on a Marxist - Leninist platform. It is a, it is thorough and it is substantive. It is not racist. It is, it is a struggle of oppressed people against those who oppress them. It owes its conception to Huey P. Newton and Bobby Seale. The Black Panthers talk about self-discipline. The Black Panthers talk about organization. They talk about being clear, very clear, at all times. They realize that our struggle and our salom in Algiers, in Harlem, Detroit, and on Oakland University's campus is one of survival. It is clear that this country has made an effort to eliminate the Black Panthers. Huey Newton's presence here is a visible expression of the will of the people in triumph over the will

of the state. The state does not realize that its inevitable destruction is embedded in its own nature. The Panthers' struggle does not end with the destruction of the existing power. The creation of anew order is of the highest priority on the agenda. Huey has not come to appeal to our emotions or our fears. He has come like the Panthers, to appeal to the humanness in us all. The struggle is placed on their level. Our brothers and sisters around the world, in hamlets, on mountain tops, in small villages, hear his aim, that is peace.

Power to the people brothers and sisters.

First of all I'd like to say that we're very happy to be here and it's always a privilege to speak to the people because it is our motto serve the people both body and soul. We are aware a few days ago, a week ago, that the gestapo violated the territorial integrity of our community once again. We say free the Detroit sixteen. This should be the cry of our community. We also say free our Chairman Bobby Seale, Angela Davis, Soledad Brothers, all political prisoners. Also, we say free Huey and free the people. And I say that because we must realize that none of us are really free and we will not be free until the time that the people have control of the institutions in their community. We give support to the GM strike and League of Revolutionary Workers. The Black Panther Party is in consolidar, solidarity with the League of Revolutionary Workers. Many people have misconstrued the contradiction of what appears as a contradiction between the Black Panther Party and the ~~League~~ of Revolutionary Workers. We say that which is apparent is not always a fact. And that is why we study science in order to penetrate the appearance and to come up with some substance or take the veil away and take the facade away so we will know what's under the skin, because

much of the time what is hidden is more significant than that which is revealed.

I will talk a little about the apparent contradiction between the League of Revolutionary Workers and the Black Panther Party, but first, I'll have to get a drink of water.

I also like to say and I'll just like to interject this, I was warned, coming to the east, that the weather is miserable. That's what I was told, especially this time of year. And I kept explaining to my comrades that I would probably like it because I like cold weather. Probably because so much of the time I'm so upset and so angry and in such a state of rage until it takes the cool of the evening to make me comfortable.

So now, as far as the contradiction between the Black Panther Party and the League of Revolutionary Workers. A short time ago, our Minister of Information Eldridge Cleaver, who resides now in the community of Algiers, Algeria, and who's manning our embassy there, wrote a theoretical work called "On the Ideology of the Black Panther Party". There he set forth a premise and a thesis that the lumpen proletarians or the lumpen proletarian class is a class that would probably carry the banner of revolution in the United States, and therefore transform the whole world because we realize the United

States is an empire and any revolution that takes place in this country would necessarily effect the whole world community such, to such an extent until literally transform the world. The League of Revolutionary Workers and other people who claim they're, claim that they are Marxist scholars and social scientists, because Marx was no more than a social scien, social scientist, felt that there was some deviation to the formula laid out by Marx and Lenin and that formula is dialectical materialism, or in easier terms, it's the study of matter and how physical things interact, collide, divide, integrate, and transform. I said matter, I should say phenomena, because it's not only concerned with matter as far as the physical world we find the same kind of relationship and the world we would call, the real world that we would call rational, the world that we would call spiritual, the world that we would call psychological, sociological, anthropologic, anthropological, and all of the other disciplines as far as science is concerned, they try to do one thing and that is work from a position of being objective because of disinterest, because of detachment. While the Marxist scientist sees an inter-relationship, between that complex hold. In other words, that all phenomena is related,

all phenomena works in a pattern and we find that in this physical world if we study physics, which I haven't, but I do know some of the basic principles, we find that when atoms clash, they sub-divide into I think it's, if I remember my high school physical science class, they go into neutrons and protons and sub-divide again, you see? Therefore, they're transformed, but what happened to the atom? The atom did not disappear. The atom was transformed. It was made into something else, with some of the same properties that were characteristic of it before hand, would be represented in the characteristic of that new thing. So it's true in the physical world. We all agree. And the social world, we find that the social scientist attempts to study what happens when groups, well let's start with the psychologist. He starts with individual contradiction and then the sociologist starts, attempts to analyze what happens when social forces clash. How they're held together, how they integrate, how they're alienated from each other. You see? How when two groups of people who happen to be from different cultural backgrounds, it's anthropology. From different cultural backgrounds when they clash, or when they come together a process occurs that I believe you call it a cultururation.

That is when two cultures meet or two different people meet of people say from an African past an African heritage, and of people from or European heritage, when they come together or thrown together a cultururation occurs and that means that both cultures are modified. It transformed into something else. And the anthropologists say that the culture, the stronger culture will show much less change while the weaker culture will show more change. I will take some exception to that. Unless it explains further, unless it means that the stronger culture has more power as far as fire power, as far as force, because I can't really make any distinction between that, between the strength of two different cultures. But I don't want to get into specifics, first I want to lay a general foundation in order for you to understand the so-called contradiction between the League of Revolutionary Workers and the Black Panther Party. Of course when we have other concepts assimilation might take place. Eventually, after cultururation integration perhaps and maybe none of it will occur, but something will happen when two cultures meet. It might not be integration; it might not be assimilation; it might not even be a cultururation. It could be my friend annihilation, but only the anthropologist don't

- 6 -

talk about that too much. But of course we blacks here in America, we know about it. We Indians here in America we know about it. We Chicanos here in America, we know about it. We Chinese here in America, we know about it. Yes. And we poor white people when we clash with our class enemies who are rich, we know about it. And I intentionally use the term "we" because before too long the people of the world, of all communities, must unite against the aggressor against the rulist circle and whole structure including his agency and force. On a local level, your local police. On a national level, your national guard. Or rather, let's substitute on a community level, your national guard and let's call regents local, alright? And on an inter-communal level which we used to call international level, but we don't any more, and I'll explain that shortly. Incidentally, I just dropped this in so that when we have the question-answer period you can argue with me alright? That the Black Panther Party, the vanguard of the peoples' struggle for freedom, the vanguard of the people's struggle on an inter-communal level, the vanguard is no longer an internationalist. We're inter-communalists. But I don't want to stray from the issue. So we find that things change with time, things change with circumstances,

and things seem to just change. Flux, flux, all this flux. And in order to understand these changes, that the scientist whatever discipline he may follow, attempts to use some formula some method some equation, to understand the environment. And that's why, or that's why we should be in school. Not to learn by wrote memory, but to learn how to think and we learn how to think by learning how to be as objective as possible, and then after gaining objective knowledge, learning to apply it in a creative fashion which is always subjective. But in order to be a real person and live in a real world, we must integrate theory with practice. And I say that practice is always subjective because once we put a theory into practice then the theory then we're attempting to serve some real interest, our interest, our group's interest, or our people's interest. You see? So once you have that value judgement, once you place value upon anything, to that degree is subjective. So that's one of the differences between the Marxist scientist and the other so-called scholar who follow other disciplines. First, the Marxists claim that the other scientists, if he puts things into a category that he's only dealing with an abstraction, and he's not dealing with the real world, because he's not dealing with the real situation. So he's actually changed whatever he's

attempted to analyze by taking it out of its natural context and putting it into another. I would like to strike that. Because I don't know what's natural. He takes it out of context, the context that it was in before and therefore changes it. And he changes it and then if he attempts to infer and predict from the conclusions that he draws after isolating a particular variable, he will find that the beginning of his paper, his thesis, or his term paper, will only exemplify mischievous madness and it will end with foolishness. So, the Marxist attempts to look at the world and look at world phenomena and its real environment. In order to do this, he must use an approach and he must try to be as objective as possible. So first, he starts out with the same assumption that all scientists must start out with because we realize that the first assumption or our first premise is all an assumption. Because its based mostly upon a belief. A belief that is very difficult to test, if it can be tested at all. So all scientists start out with the belief that first there is a real world that exists independently of ourselves. In other words, if we die that the world, the objective world or the external world, will not cease to exist but it will go on existing because it exists not because of our projection but exists independently of us. You see?

It's an in his own right, you see? So that's where all Marxists agree with all other scientists who, whom he might criticize to be narrow-minded and backwards. So the second premise after we say that the world, there's a world out there and it's not only existing in my head, but in fact it exists in spite of me. And I'm gonna have to deal with that world. The second thing is that he agrees that everything is in a constant state of change and transformation. You see? And that everything is inter-related so this is where they part because many people are what we call pretty static. Even so-called Marxists. They make science of Marxist very dull to our young people because they think it's all attacks to 1917, the Soviet Union, and the Peoples Republic of China. Not necessarily so. Dialectics is only a method you see? Rather Marxism is only a method to understand the dialectics because the dialectics is a clashing and the inner works of the social forces. So after we understand this, then we see that whatever discipline or whatever we study that it is in fact a change. It's not the same as it was yesterday, even if it bears very certain similarities. Now I started off with the criticism of the so-called Marxist. And I also said that they

criticize the Party because the Party place emphasis upon the revolutionary fervor and the revolutionary potentiality of the lupen proletarians. As proletarians proper, or the worker. The industrial worker proletarian, the industrial worker. Lupen proletarian. What does this mean? Marx, Lenin, there are a number of translations. Some call it scum. Some call it the people who cannot be organized. Dead weight on society. There is the people outside of, similarly outside of the immediate structure. You see? Lupen. The Black Panther Party calls the lupen the oppressed people who in this country are what we call the unemployables. They are the people who are who have been placed on the junk piles of society already because the ruling circle, the capitalist, does not need him any more. The ruler's circle is not interested in him any more. Because he cannot serve his You see? Now, the League of Revolutionary Workers say that this is the wrong position because history shows that it's always, it always defends the proletarian was carried out revolution. You see? That is, when I say revolution, I mean socialist revolution. Because that is the only revolution. Everything else is reaction. Because I contend that only socialism or communism if you will, will serve the true interests of the people. Including the ruling, what is known as the ruling circle now. It could be

their salvation because it could save their lives. Now, the League of Revolutionary Workers also point out how could you possibly place emphasis upon and a belief that your lupen proletarians will carry out revolution and have the potentialities of building a new society and have the number which the Black Panther Party agrees that in order to have revolution, in order to have socialist revolution, it must be popular. In other words, there's no such thing as a socialist revolution by a minority. We disagree with the seven day wonder idea, or the ninety day wonder idea, per ce. That was a phrase some years ago by the Black Panther Party. The Black Panther Party does not mind, we do not mind being changed, really we're not being changed we realize that nothing escapes dialectic that we are also under a process of transformation. So necessarily our retoric articulation of the phenomena and also our position is likely to change. Or else we will cease being Marxists - Leninists. We will become historical Marxists and not really Marxists at all, we will become followers of Hagle and not Marx at all, you see? So the League of Revolutionary Workers point out that how can you possibly have or put the faith or expect the lupens to carry out a revolution when they are unemployed, they're a minority, and you've already said that it takes a majority of the people or a popular force to carry out

revolution, socialist revolution. And we say we agree that it does take the popular but we also hold steadfast that the lupen proletarians are the most revolutionary class and they will be the vanguard of the revolution and create the new order. Establish the new order. This seems to be in contradiction, but it is not. Apparently, it is a contradiction, while in fact it's only paradoxical. That is, it seems that it's in conflict with itself but after we use some science, and some investigation, some observation and experience, we'll see that it's quite consistent. We say first we will give an example and maybe it will be self-explanatory while we're not historical Marxists, we do rely upon the storehouse of knowledge that has been accomplished through the people of the world making history and then writing history. 1917, the Soviet Union, Russia, . Russia was according to many of the revolutionists, a backwards society, an agricultural society what today we will call a developing society, you see? And that meant that most of the people in Russia were peasants so the popular force in Russia were peasants, agricultural workers, victims of feudalism, while the minority and the very small minute force worked in industry so therefore we could properly say that they were proletarians, you see? But what happened in the Soviet Union?

At that time that Lenin and the Reds analyzed the situation the condition analyzed the social forces, and found that the industrial workers who was the minority, carried the revolutionary potentiality and would carry the people would carry the peoples' banner of revolution and socialism. And therefore transform Russia into a people's republic. The industrial worker at that time mobilized the peasants. The industrial worker vanguarded the struggle, involved the peasants, and created a new society based upon industry. You see? But while the industrial worker was minority in the in the Soviet Union and Russia, that the trend of development was that the industrial worker of the industries and capitalism was on the upsurge, you see? And feudalism was so exhausted and the people so deprived that til it was apparent that their class, the class of the peasantry, was on the decline. So the industrial worker was destined to be the majority, you see? And I say this because to be a scientist you also have to understand trends you see? Most of the conclusions that we draw in various sciences we attempt to predict some future action, knowing full well that our prediction might be undermined by change in social forces or change in the variables. You see? Because that thing remains constant but we will get probabilities in this way, why we

have the science of statistics. We will measure our chances, you see? And I mention all these disciplines because I see many young people here who are bored to death with my very academic lecture because if I infer and perhaps not incline, but if I infer from the evidence, based upon first my experience here and my past experiences, my observation, that when I was your age that I wanted to hear some feel good stuff. But I'm sorry and I know that many of you are surprised, because you didn't expect this but I'm not gonna give you, you see, I'm not gonna be subjective and I'm not gonna subscribe to bourgeois democracy and give you what you are demanding but what is actually hurting you. I'm gonna give you what is in your true interest, what you need. You see. So I offer to you today an understanding, a way of going about understanding the world and then applying this to practice and therefore changing the world for your own interest you see. So because I have control of the mike, and I'm not gonna give you what you want, I'm not gonna give you what you desire, but I'm gonna give you not what's good to you but what's good for you. And I guess this is always the way I've operated and by this I've made many friends and also many enemies. I hope today I'm making friends. Well, I'll go on and finish up this part and this is to clear up what

I call that apparent contradiction between the Revolutionary Workers and the Black Panther Party. Bear with me. So the revolution was carried out because the trend was in the Soviet Union 1917 that the peasant class was on the decline and the proletarian class was a capitalistic class at that time was on the upsurge you see. So the worker was destined to be the most popular, whether a revolution occurred or not, because the capitalist was gonna take care of that. What Lenin tried to do after he had mastered the science of Marx is to harness the social forces that he understood so well and therefore define the phenomena and then make it act in the desired, desirable manner. In other words, just as the scientist who would like to create a power force maybe atomic energy but first he would have to understand you see the workings of the science of physics and the workings of and the interaction of those properties and then after he does this he becomes subjective and he says that I want to do with this something I want to make it work for me so therefore it's called harnessing atoms, you see? And making it act in his benefit or acting in the way that he wanted it to act. So as I said, and I'm not to be redundant, but just for emphasis, that whether Lenin ever lived or not, that the proletarians were destined to be the most popular group in the Soviet

Union, but what Lenin saw was that because they were, and this was being created by the profit by the capitalists, that they would be the most popular and the peasants class would be the minority and then there were many other reasons why the proletarians proved to be very revolution at that time. You see? There was much alienation between the owner and the worker. There was much hardship and so forth but I won't go into all the conditions that would or the attributes that would make up a revolutionary class. Today I'm speaking mostly in generalities because I have some other engagements tomorrow and I have a habit of going on for some eight hours sometimes if my comrades don't drag me off the stage or from the podium and I will try to limit it so I'll speak in generalities and we'll argue a little later. But in this country after we understand what happened in the Soviet Union, in this country we claim that a minority has a revolutionary potentiality, and we call them the lupen proletarian. Proletarian because by many of their attributes they are either workers unemployed or they're workers who are unemployable. In other words, they're people who would require some work in order to live so in that sense they're a part of the proletarians you see but we call this the left wing of the proletarian. And we call it the left wing of the proletarian

because again we say the lupen proletarian are the most revolutionary and we say that it seems that because of the developments and the trends in technology that we'd notice technology going from automation to cybernetics we notice that it is not stopping at cybernetics but going into technocracy. We say that as the ruling circle develops his machine that he needs people less, he needs people, he doesn't need the people any longer. The numbers decrease while it took a hundred men, a thousand men, to put out many cars a day, now it takes fewer people. You see? Where it took say two hundred, now it might take fifty. Because the machinery is technology is being developed because the capitalist who owns the means of production is trying to make as much profit as possible and hire as few people as possible and pay as little as possible. In order to do this, he must first rip off and then reinvest his surplus in order to perfect his machine so that people he will not need people because as far as he uses people are pretty unreliable. They might even strike. While if his machine is perfected perhaps he could buy off a few technocrats, perhaps he could supply them with such abundance until they would never deviate from the will of their master. You see? So if the trend continues and you

could rest assured that the capitalist will do, follow a logic that is in his interest while the people always follow another logic which that is the logic that would lead them to own all of the wealth they produce. We know in order for any capitalist for any owner of a factory to exist that he has to pay us less, he has to pay us not what not the amount that we produce but he pays us a part so that he will make a profit. You see? In other words, if we produce ten dollars of wealth that he will pay us two dollars. You see? So he makes a profit, otherwise he wouldn't be there. But when the people realize that they don't need him that they can organize themselves so that they can collectively share in the wealth they produce then they will deal with the ruling circle. So in the case of the United States of this empire, it seems that most people who deal in science and district are rational thinking, logical thinking, would agree that the industries and the proletarian works in the industry they agree that he is attempting to use fewer and fewer people and each person that he is using is becoming more and more specialized, so specialized until he's being transformed into not what Marx told the worker in 1917, but into something that's called a technocrat now that not even a Marxist scholar would call a worker. You see? So if the proletarian class proper

is on the decline because of development of technology, and if that is a trend, and based upon the evidence that is the trend until some other evidence is offered, I said it is a trend, now I didn't say that the trend would be completed. We the people will prevent that. And we will do it because it is not in our interest. But as the proletarian class becomes decreased because they're not needed any longer by the, by the capitalist, this would swell the lupen proletarians because as we stipulated before, or I stated, and I hope you agree, that the lupen proletarian are the unemployables. So the unemployment rate goes up. You see? The lupen class are being placed on the junk piles of society, they're becoming the most popular class, they're the most angry class, they're a class to look at for answers, they see no, they do not identify with the owner, with the capitalist. In fact, they hate him with a passion, they want what he has, he has the food, he has the wealth, they are the has nots, and they want that. But they realize in order to get that, they must organize and to prevent from what to prevent a vicious circle or to prevent the same thing happening to them, that happened to their former master, they will treat each other and they will call themselves, they will establish collectives, they will establish

cooperatives. You know how a cooperative is run? You probably have some in Detroit I'm sure the unions have some which is no example really of socialist planning, because you can't possibly have socialism in a capitalist state, or a capitalist world, but it's sort of a bastard offspring of the collective socialist theory and that is, all of the people in the cooperative wants the store or wants his housing, share in the facilities if it's a store, if it's a market, they share the wealth. There's no owner of a cooperative. Not other than the people in the community who shop there. You see? And then they hire their technicians, their economists, the managers, and so forth. They pay them a salary and no one gets a profit, you see? And the would-be profit then goes back into the community and public facilities whether it's day care centers, whether it's hospitals, schools, and so forth. So, the Black Panther Party says that the lumpen proletarians seem to be the most revolutionary ' class here in America the working class of the proletarians proper seem to be on the decline, they seem to be suffering from reaction especially among the white worker. And I say this not because this phenomena has anything necessarily to do with color, but we know that the reactionary racist ruling circle has indoctrinated some of its victims to feel that he's

superior to other people, other workers, and he's been able to pay them a few more crumbs so there's no qualitative difference between the black worker and the white worker, perhaps a quantitative difference, the white worker has more, he's paid off more, harder to get to because his stomach is full, he doesn't suffer the type of humiliation and insult day after day that we suffer. So we have to analyze all of those things also, but realize the white worker is not objectively our enemy. He's objectively our class brother and our class friend. This is even including the hard hats. Subjectively, they are definitely our enemies when they act as the hard hats acted. And much of the time when you want to act in a rational way, in an objective way, you have to deal with the fool that's gonna act subjective. And you deal with him you see in the best way that you can in order to preserve objectivity, that is, yourself because in this instance, objectivity is coming from you, you're initiating it. You're trying to establish sanity in the world, while your subjective enemy is trying to establish madness. I recall we choose sanity over madness because we choose happiness over sadness because we choose love over hate because we choose life over death, that we make the choice that we will preserve sanity and objectivity by even wiping out if necessary the persons who threatens that.

In other words, I say whoever, whatever, threatens you when you're acting in the interest of the people, that you have the right to defend yourself. Now if possible, your defense will be to educate. This if you're given opportunity but if you are not given that opportunity, then you have to deal with the situation. You see? You will transform it. You wipe out sanity, you wipe out insanity and sanity will prevail. And we can only have love my friends if there is sanity. You see? We can only have happiness if people are really attempting from reason, and from fairness, to deal with the situation. So I say while objectively the white worker, even heard hats, are your class brothers, that subjectively, many of them are your class enemies but there two different, there are many ways to handle contradictions. That is a contradiction. And a contradiction is when and I explain this because I see many young faces in the audience and I'm always tempted to, to enlighten because I think that it's a waste of time to do anything else. Because remember I say I refuse to give you feel good stuff and therefore engage in madness. So I say that it is a contradiction contradiction. That's a contradiction when these forces meet and collide even with your with your objective brother, which let's say the hard

hat for an example and when he's acting in a subjective way. And I say that objectively he's your class brother because your interests and his interests they're actually the same you see. That is, that both of you need to get rid of the ruling circle because both of you are being robbed but if he's gonna defend the master because of the insanity racism then he's operating from a subjective way or he's from a subjective position or a position not based upon reality or his true interests, but what he believes to be his interests you see. So now when you oppose him or when he opposes you and you're working and both of your real interests the peoples interests then these are two different forces clashing. And this is what we say in dialectical argument that when two, when people make two different statements about the same thing, if I say the microphone is chromed, and you say, not it's, well when I say that the wall is white and you say no that same wall is black, then that is a contradiction because you see it cannot be both things at the same time. You see? And that's in dialectical argument. It's just for brief things because we want to keep in mind the inter-relationship of all things. In the physical world, we call a contradiction much of the time an example, we call it a, a, a collision. When two cars meet head on and try to occupy the same space at the

same time, they have a contradiction really. You see? But in the physical world, he call it a collision. Now most of the time when people meet they don't even have contradictions, they only think they do. They really they're most of the time they're being contrary. In other words, one person will say the wall is white and the other person will say the wall is ten feet tall, and they'll argue all day, thinking that they're having a contradiction. But really, they're being contrary because they're talking about two different things, but presenting them like they're talking about the same thing. But the both could be ten feet high and also white. You see? Or black or whatever the case may be. So we say that while the working class and while the proletarians do not carry the revolutionary potentiality, there's also a class on the decline, and the lupen class on the upsurge, that in practice that he will act just like the Revolutionary Workers League. So therefore, there's no contradiction in practice because we'll both act in the same manner. We'll both we both support the strike as far as I know that we both want the same end goal and that's the establishment of communism throughout the world it seems to me that it's just a different interpretation of a phenomena, and we say that the reason that their interpretation is probably wrong, is because they're relying

too heavily upon the historical fact and not upon the dialectics of the situation. Dialectics of the situation, that it would be very it would be anti-dialectical to say that things are static. So therefore while in history, the proletarians were the most revolutionary class, and practice in history they were but today they're being transformed but we're dealing with the same people. Remember I said things don't change they're transformed, when the worker the proletarian is kicked out because of technocracy, he would just swell the ranks of the lupens, you see. But he won't become not a human being so therefore we can see no contradiction in organizing the in factory supporting the League of Revolutionary Workers, and also stressing the fact that we know who will carry the banner. You see? So we say that this is dialectical and this is in keeping with Marx Lenin thoughts, because we realize everything is in transformation. It will be very wierd, very strange to think that while everything else changes, because everything else is transformed according to Marx and Lenin's theory, that classes and the potentiality of a class remains the same. Just rational thought can't would disagree with them. You see? Just pure reason will shoot them down. You see? So we say that based upon trends based upon our analysis of the phenomena that the Black

Panther Party has put Marx - Leninism on a higher level, and that not to be arrogant my friends, but you could check it out at our embassy, that 800, 900 million Chinese people, 40 million are Korean people, the people of Africa, Asia, Latin America, have stated that the Black Panther Party has inherited the legacy and will carry the world on to a new order. In other words, the Black Panther Party's a vanguard of the revolution on a world-wide level because the world is really one community and that we've taken Marxist - Leninist to a higher level and therefore we're the greatest Marxist - Leninists that ever lived, and we say this not to be arrogant because sometimes I wish that someone else would carry that banner because the way is narrow and the burden is heavy. But, we want to make it clear again that anyone can lay claim to this position but he must seize the time through not only theory but also through practice. Many times I'm criticized by my party members of the Central Committee because they say it's in contradiction to my personality to talk about the greatest Marx and Leninists or greatest anything of all times. I think that this time it's necessary to point those things out, again not because of showmanism, because we're against this of all kinds. But we say that when the Black Panther Party stopped

analyzing phenomena, using the most strictest scientific method, and using creativity that all human beings are endowed with an that Marx expected

(tape changed)

of all time but we will strive to serve the people both body and soul because we're merely servants of the people, we're oxens to be ridden by the people, we will shed our blood for the people, we will give our time for the people and we'll encourage the people to free us through freeing themselves. And that's why the cry should be free the Detroit 16, free all political prisoners and free the people. Now I will be very brief with this. Honest. Let me get a drink of water. And if anyone is as thirsty as I am, I'll demonstrate . We can all drink from this glass, but don't drink too much because your brother won't be able to drink any. Would anyone like a drink of water. Now there's there's one other thing I'd like to throw out and shortly that, well shortly we're publishing a book, it'll probably be out well, the later part of January and most of it will be concerned with the theory of inner-communalism, but because I, I always I jump the gun and I throw things out too fast, before they're written there's a thousand questions so I'll just give a brief definition of inter-communal-

ism based upon the scientific principles again of Marxism - Leninism and a fact that everything is under a permanent change of transformation. I said that the Black Panther Party or any communalists that were no longer internationalists were not internationalists for the same reason that we dropped nationalism at one point when we, when we were formed that we were nationalists or the narrow nationalist as we call it. And that is we're national showmanists. National showmanists for a good reason. Right? I say we're justified in holding those emotions but our position did not fit and did not, was not functional with the presence of the real world. You see? So we went from nationalism to what we call revolutionary nationalism that's revolutionary nationalism we went to we dropped that we disclaimed it, we denounced it, and therefore denounced our prior position because we're not ashamed of doing that because as I said we know that we're always in a period of transformation. You see? We went from what's revolutionary nationalists to internationalism. And we did this by offering our Vietnamese brothers troops and I didn't say a thing. I opened my big mouth and then I didn't get the doctrine out until later and because some confusion but I think the message got across. I think the message really got across to the people of Detroit after the 16

and after the seige because they saw those two tanks roll up they saw that if they're gonna fight the enemy, that they're justified fighting wherever his head pops up, matter of fact that it's probably better to downing 10,000 miles away. You see? In order to keep him out of our community here. You see? So we see that the same agency, the same body, the same equipment used in Vietnam is also used against us here. So why not my friends why not destroy that machinery, destroy that personnel in Africa, Asia, Latin America and also in Detroit. You see? My friends isn't it true, it was the first thing that I learned in street fighting is the best defense is a good offense. And I used to hook when I got to jiving you see? And I would do that because I anticipated, I anticipated him trying to foul me. You see? So in order to defend myself that I would put my best hook forward. You see? And usually I would try to get him in a position where I could field with him, as as efficiently as possible and also I realized this: I realized if the man had a butcher knife in one hand and a machete in the other, that it wouldn't do any good my friends to grab the machete and leave the butcher knife alone. Because if I did that, I would be in jeopardy. I say

what you need to do is figure out some way to grab both arms to either restrain because remember friends, we're not blood thirsty, that's the enemy's characteristics. The people only want justice and freedom. We want to take the power away from our enemies, drag him down off of his high horse, and make him equal so he can't hurt us any longer. And then we'll love him. You see? But so we want to transform him really. Matter of fact, I think he will be much happier because we'll clear his conscience. You see? I think the capitalist has somewhat of a conscience. So I've said that first we try to restrain. When we see we can't restrain him then we have to take stearner actions. You see? Yes. So after their strength is proven, ineffective, then we'll try to disarm him. Matter of fact, I think that's very inter-related because everything is, you restrain you try to disarm. Right. Okay. Now if this proves that it will not do the job then what I'm gonna try to do, is cut both of his arms off and his head, too. And I'm saying while we saw the left arm of the fascist army in Detroit short time ago and we see it everyday because he violates the integrity of our community and we call it community where people stay and where they attempt to develop institutions that serve their interests, and these institutions are secure so that they could go on serving the people's interests, so they endure over a

period of time. So a community is really a comprehensive collection of institutions, established by the people, for the people, so we say that the people should control these institutions for their interest. Now we see that the ruling circle penetrates our community in every way to exploit, to humiliate, and also to violate or kill. One of the agencies of the ruling circle we're all very familiar with, that is armed forces, because after the ruling circle makes a decision, then he sends in his bullies, his murderers, to make the people do what his boss, the decider, has decided they must do even if it means bringing the people to their knees. You see? So they develop all kinds of ways to bring life to an end. They have gas chambers, they have guillotines, firing squads, tanks, they have what they call local police, what they call national police, and what they call international police. And what we call now inter-communal police, because we see no difference in the activity, not any qualitative difference perhaps quantitative ones, we see no differences in the way the police force acts in Vietnam, Cambodia, South Africa, Angola, Latin America, we see no difference in the way you act there and the way you act in Detroit. Because he uses the same equipment, he's there for the same reason, to enforce the will of his boss, the ruling circle. So we say the

right arm and the left arm must be cut off because while the right arm is in Detroit, the left arm is in Vietnam and so we want to mobilize the people against things. We want a protracted war so that we can finally transform the whole situation where war will not be necessary any longer. Many people think that the Black Panther Party will like to go around with guns in the new order. This is not so, that we're advocates of the abolishment of war. We do not want war, but war can only be abolished through war and only in order to get rid of the gun it becomes necessary to take up the gun. So therefore we want the best defense and we, for the purposes of a good strategic offense in order to end those contradictions. You see? Now, you've also heard many times that the statement that political power grows through the barrel of a gun and people take that to mean that when the Black Panther Party talks about politics, they're not talking about anything other than the gun. Aren't they so, how could they be so stupid. Don't they know that politics, politics are more complicated why do they always come from the gun? We say they are superficial and they're not understanding. What the term means is now really but at least we're quoted properly because that's the first thing in being objective. You see? In being keeping close touch with what people say and what

the external stimul, stimuli is all about. See now is the game when the external world through what we call stimuli or stimulus bombards the organism the sensory percepti, the sensory receptive system of the organism and makes an impression upon it. You see? And if this impression currelates to the objective fact assuming that there is an objective world, then we say knowledge results. You have some facts. And of course truth, truth is only a statement about the fact. Again a statement that correlates to the fact. But anyway, forgive me, I really going off of on a thing. What we're saying, we say we accept that ~~statement~~ political power grows through the barrel of a gun but to makes you understand it more clear, we will add something else. We say while it grows and emphasis is upon grows, through the barrel of a gun, it culminates and the ownership of the land and the institutions thereon. You see? And so the growing you see will also bring about a limitation. Every limitation brings about a determination, and every determination brings about a limitation. So while the power might grow through the barrel of a gun, it would also negate the need for the gun. And we claim to be non-violent. So my friends, I don't mean I don't mean to bore you any longer but I would like to say this concerning inter-communalism, that we do, we make these changes because we say that in order to be

internationalists, we must be a nation, nationalist because as far as I know that using definition of the word internationalism, inter means some corporation between, and nationalism just what it says. It assumes the nations exist. So internationalism. You see? So we say that nations do not exist, that's our first premise. We say nations stop existing when the United States, the ruling circle, became an imperialist and therefore established an empire. An empire is somewhat connected to the root word, or one of the root words, of imperialism. So if you believe that there is an imperialist, and he lives here in the United States, you would have to believe that his home is an empire, and an empire means a nation transformed and a nation transformed into a structure and a body that controls everybody else every other geographical location in the world. You see? If that is true it is transformed the whole world, violated the attributes, and the criteria that defines nationhood because one of the first directives of the nationhood is that you have cultural determination, economical determination, territorial security, and institutions that represent the people in that particular country which we now call community. So we say that taking under consideration the scientific method, taking under consideration scientific method and the scientific method as I

remember it correctly, the steps, is that first, that we will start off with a hypothesis, or a belief, we will attempt to test it, we will try to be somewhat detached and disinterested, not disinterested like we don't want to know, but disinterested because we are not necessarily wanting a particular outcome that we just want the facts you see. And then collecting data and in a way that it can be shared with others and so forth. I still remember that you know I haven't studied those steps in about fifteen years I guess. So but you study very hard my friends because, so that you could teach me. You know? Because you will know much more because I hope you will profit from all of the madness that is going on, as well as the, much of the beauty that is going on and that beauty is that the people of the world are uniting to defeat the reactionary capitalist and to establish a world free of war and a world where all the monsters will be destroyed and the world will belong to the people. But back to my definition, our definition. Because really, I'm just relying upon the English language, and the Marxist scholars, they they seem to forsake that. They're as bad as a lot of the old philosophers who dealt in metaphysics and because they want to seem so profound they would start stipulating definitions

to things that really have already been defined, and therefore, they're a violation because once the definition is stipulated, then we would have to acknowledge that and after it's used it becomes lexical, or a common definition. Sometimes we have to re-define things if that particular label is not functional. You see? But I can't see where, what we're going today, what I'm attempting to say is that the words internationalism, empire, imperialist, are words that I think that they're functional. You see? So we say that we're inter-communalists and we're not internationalists for the same reason that we're not nationalists and that is that we say there's no nation existence because the United States itself is not a nation it's an empire and therefore it's transformed the whole world and when we get back that that reasoning is dialectical is that reason rational, is that reason is a combination of rational and imperial, then I would be in keeping with the science and I would say that it would only necess, it would necessarily follow that there are no nations, there's no internationalism. The world is one community and who made the world one community? Not the revolutionary. Not the communist. The communist talked about a, one world, one community, where the state, where the of the state will wither away, and there will literally be no

state in existence because there would not be need for it. You see? Well, my friends, that it happened but it happened at the hand of the capitalist. You see? I say the capitalist violated every criteria that nation is based upon as soon as it became an empire. Now if you want to argue that we will, you simply have to start off with first that there is no imperialism and you could be an imperialist and not necessarily have an empire. And you could talk crazy and go back into the Roman empire, say well you have the Roman empire but still you have other nations who had economies that were in tact, but I would call this primitive imperialism because the Romans only controlled the known world. The known world. But there's some indication that some evidence but no proof, that this dog in the west controls the whole world. You see? And when I say dog that I'm not talking about the American people because they don't control nothing. You got some races running around here thinking that they have some kind of blessing with white skin and blue eyes but that's only because they're a victim of the capitalist again and the media and the institutions that forms values and thoughts, and cultures. Because after all according to anthropology, culture is simply, and this is a general definition, culture by way of

definition, are learned patterns of behavior. Alright? So and I said there's proof, there's evidence but there's no proof because it's sure that in the, the United States ruling circle controls all of the known world but there's some indication that all of the earth, all of the world, is known, as far as such a large part until you would generally accept my statement. So, if all of these, the criteria was violated and that there, that the world has really been transformed into one community, because we can't even call such countries like Japan, a country that's a victim of a colonialism. You see? Cause something else has happened. The economy is . The economy of the world the it's been so integrated into Wall Street until we could see no real qualitative difference. You see? And we realize that we have some people, we have, they have puppet governments usually natives now, and then we call it neo-colonialism, and then the scholars argue because they saw what they mean by neo, either it's colonialism or it's not colonialism. Neo. What are they talking about? Alright. So I told you I would be dragged off the stage. We have to go in a little while but let me run this down. So it's so integrated until the geographical location of the world I say there is only

a quali, there's a quantitative difference, not a qualitative difference. It's because the capitalist not only ripped off the wealth of the world, in centralizing on Wall Street, he also ripped off the people of the world. He to the Chinese and made them work on the railroad. To enrich himself, he crusified the Africans that 50, 50 million according to Basil, Davis, and Melvindale Herskovich (phonetic), 50 million of my people died coming across the middle passage alone, and only a few million of us was placed here starting in 1619, but if we analyze a whole slave trade, Europe and America the collective crime, that 50 million of our people were killed, crusified, murdered, starved, sufficated, jumped overboard, rebel and killed in battle. You see? So he not only ripped off the well centralized on Wall Street, he also ripped off the people of the world, ripped off the Indians, took his land, took the labor of the black, took the land of the Mexican people. See? The work of the Chinese. Through getting a surplus from slave labor he was able to accumulate capital in order to build the industrial base in the north. So therefore, we slaves built this big technological monster. We built it, we not gonna give it up. I'm not going back to Africa. I'm not gonna separate. I'm gonna take his head, you see? We're gonna take his head and then because

they have a concept, I'll tell you a little concept in law. You know I went to law school about six months before I dropped out, because I didn't see where it was relevant, but I admonish you my friends that wherever you are, and I don't encourage you to go to this school, but I do encourage you to do this. My friends, learn. Study in order to serve the people. You see? I don't know the conditions here. Most school are like prisons. I hate prisons. And you've indicated that the same thing is happening here. So what I would do is have it up to you. You See? I won't encourage or I won't discourage, I won't, I won't, I won't persuade you not to come but what I because I think it's it might be it might be even bad for you to come here you see. But before you make the decision, analyze all of the facts. You see? And I'm not here to do that today, but what I will say I will emphasize over and over again learn to read, learn your mathematics, learn your physics, your physical science, your biological science, learn your history, your culture. Know that knowing it alone will not free you, but we need and every human being must respect himself as a human being and the people in this country try to deny us that so therefore we have to find out the genesis of man in order to contradict and refute

his lie. You see? And through this investigation we will find that we as human beings are of one family or homo sapiens of one species. We believe that. We don't believe that white people came from the earth and we came from heaven. We believe that we came from the same species according to all, not all but most scientific anthropological information the cradle and the genesis of man was my mother country Africa, south of Sahara, Dr. according to Dr. . I think you pronounce that man as was supposedly the the chain between the animal and man if you accept the theory of of evolution I believe they call it, if anyone can help me It's close enough. But anyway, so and this all people so my own indication that man was born from the African cradle, and probably black I accept that he's black with bushy hair like mine, black face like mine, big lips like mine, and big nose. Yousee? But remember now we're not showmanists so really that's irrelevant as far as any value to you as a human being. It only establishes first that all people are human beings and it kind of redeems what the white world did to us, it redeems the white world I say not what they did to us, only change in actions can start to create justice we've, I guess

we've never to be paid but I said that it does more of a service to the European probably than the African because after we get this information we find out that white people in spite of their actions are human beings. You see? Their actions might indicate that they were less than that. You know 50 million people in the middle passage. You know? But so we say that white people were born of us and they would have to be our brothers and part of us you see because if they are from us and then somehow we produce them, and a human being can only produce a human being. You see? As far as I know. But anyway, so anyway that so it's nothing to be arrogant about, it's a matter for establishing facts, you see what I mean? And then accept and love all people on the basis of a common characteristic. Now I have so much to tell you. I was gonna do a talk about the new world and the kind of culture that we'll probably have that we Panthers call an essentially human culture, that in the new world there will be less emphasis upon divisions and learned behavior or patterns of behavior which is culture because the world's coming so close together because of mass media because of development of the mass media and again I get back all these things clash at the same time, and I want to tell you, and this is why I mix everything up. But please bear with me, that

I was explaining how the capitalist violated all of the territorial lines. You see? And transformed nations of the community and while doing this he centralized the wealth. He does like the capitalist always would do. He will hoard the wealth, centralize it. He will create a monster, a monstrosity of a, of a technical base or a monstrosity of industry and by doing this by doing this limitation limitations because he's ripping off. It's a limitation and the view this is a subjective view. I call it a limitation because he's downing the people in doing this. It's also a determination because this is the way socialism and communism is created. Remember I gave you the example of 1917 when the capitalist started to establish industrial bases in in Russia and the people seized the time, ripped off the industrial base that they had created, that they had produced with their labor, expanded it and shared it. But we must admit that the industrial base was started to be created by the capitalist. So this is why we say that every limitation is a determination and every determination is a limitation. You see? So while the capitalist has centralized all the wealth of the world, violated all territorial land or controlled every economy culture and I say control the culture because of this: most of our surviving

Africanisms are no more. We only have a few. You see? I still think we have a few. According to Herskovich and Mrs.

we have a few. Ours like the base things upon people who have you know proven somewhat honest and have used some sort of rational method or to gain fact. You see? So I thought you were gonna drag me off the stage. So anyway the, we were transformed we were transformed because our culture was abruptly cut off and then using the mass media, the tv, the radio the newspaper the school, in order to reduce us. And I say reduce us because while we're transformed, you see, excuse me my friends, it's not, it is not good for me to use reduce. They used all of these tools to transform us, that's a, a neutral term, alright? And I'm trying to be objective right now. Later on we'll be, we'll act crazy and be subjective after we establish all the facts, and then we say we'll put the theory of practice, and say we're gonna do it. You see? And then I'll be talking crazy to you, talking about if you don't believe in lead you're already dead. You see? And a .45 will stop all jive. A 357 will win us our heaven. You see? A P 38 will open prison gates. A carbine will stop a war machine. And then I think the end/^{that}was the only poem I ever wrote. And then the end is if you don't believe in lead, you're already dead. You

see? But we're not gonna do that this evening. Come, come, my friends, come on. So we're not gonna do that this evening because now we need some information because the name of the game is survival pending revolution; you see? And this will be the theme of the convention and in Washington, D.C., the 27th, 28th, 29th of this month the theme will be survival pending revolution because we know that genocide is being attempted on black people, particular, and the people of the world in general, and in order to have revolution, at least people have to exist, because the people make revolution. So therefore, we say let's take first things first. Now it's not as clear cut as categorical as this, because I don't believe in categor, categories, it's overlapping. While we can win the broad masses in the survival program, we also can attempt to educate them, transform them to consciousness. We cannot feel, we cannot believe that we can go and put an M 16 off in Reverend Jesse Jackson hand. We're not ready for that. So what we have to do is first you see is make him realize the necessity for the society to be transformed completely, not a change in the establishment, but a change in the system. We have to make him know, that while he's talking about I am somebody, he should be saying I am a revolutionary, and

therefore, finding out or becoming conscious of exactly who he is. You see? I am somebody, but who are you. I am a revolutionary. And, but we like to hear Jesse Jackson say that I am somebody. You know why? Because that shows a man in search. He's trying to find out who he is and that's why that we encourage dialectical argument and we know that at some point he will find out who he is and leave the Black Stone Rangers alone and stop coming around here, you see, cause a lot of people have faith in him. You see? I want to have faith because Reverend Jesse Jackson is a class brother. You see? He's not a class enemy. I talked earlier about objective - subjective enemies. An objective enemies, just hit me I never went into that. A lot of times I do it. That's why I like the question-answer priod really better than a lecture because we can really get together establish a rapport and you can remind me of things where I hung you up. You see? But an objective class enemy is one whose interest is opposed to your's. You see? If he's a owner, his interest is different than your's as a worker. You see? And this means that you are to approach that contradiction a different way, you handle it in a different way. Your subjective enemy you try to educate him, and your objective enemy you try to annhialate him or transform him. So that's the difference.

And we have to realize those differences in order to act in an intelligent way and learn how to manipulate the environment and cope with it. And all of you know what that means because I know what you have to go through each day just to cope with these teachers to stay in school. You know? I was suspended from school about twenty six times. I don't know why I stayed. Maybe cause I liked fighting, I don't know. Must have been something. No, I think I, I've always loved people and I like to meet my comrads in the hall and embrace them. You see? Maybe that was it, but my experiences were somewhat different than most of your exper, I hope so, because I didn't learn to read you see, until my last year in high school. When I say read I mean this, it, saw, that's, that's one of the reason I used to fight so much you see? Because I didn't want my other comrads inside of the school room to know that I couldn't read and it was a little group of us you know, we were in what you what was called the dumb class. You see? And everytime it got, everytime it came around my turn to read, I would my partner so the teacher would kick me out. Therefore, I made, I remained, I kept the respect you see of my comrads. You see? And also, they didn't find out the secret, you see? And I jived like that all the way to the 12th grade. I learned how to read in the 12th

grade and I started college that next summer, studied twelve hours, thirteen hours a day, in order to memorize the notes that my brother took who was before me, and he would read them to me and I would memorize them and luckily the teacher would give true and false tests and multiple choice. So I would get A's all the way because he would give the same test. You know teachers don't like to keep making up same tests cause they use a key so they from semester to semester they just use cut outs to grade those things. So if he had switched up on my though, I would have been in bad shape. That's business.

But as I was saying before, I so rudely interrupted myself, no I said I'm not gonna crack jokes you know, but, but what I'm getting around to, I think I was talking about how every limitation is a determination every determination is a limitation, so I say at this time that the wealth has been centralized and one of the reasons that this is necessary in order to eventually free the people of labor it needs to be centralized and there needs to be a surplus so that you can create your base so to later on alleviate the people from toiling and working and living by the sweat of their brow, you see? In other words, you get a big enough surplus the people collectively they expand their base, they even take technocracy into something else. You see? And

after they do that, because they own the machine, they stand back and they don't work no more. Cause who wants to work eight hours or ten hours. You see? We'll free, we'll have a free block of time which is called leisure, and this leisure will probably be used because man is a creative creature if he's not thankful, if he's not crucified by educational system, according to Hote, I believe his name is Hote, some of you teachers probably know the book "How children fail, How Children Learn". Now you ask me why do I read all those books, you know. Why don't you just read some black history. Our brother will see me reading, after I learn how to read, this was a long, after I spent about, I guess I spent about two years in college almost then I could, I was a functional illiterate. You see? But finally I did learn how to read and from teaching myself, my brother before me he couldn't teach me because he was too impatient, and plus he was mad because he didn't see how anyone could be so stupid in this day and time. So but late, now he apologized because he realizes that because of the structure that they could be so stupid. You see? So but anyway that's something else. That because all the wealth has been centralized and I said, oh yeah, I was gonna make this example. It's necessary for someone centralize the wealth and in order to centralize

the wealth and produce your surplus, it must be sacrificed. But you can sacrifice you see for a cell that then you could be ripped off and you do all the sacrificing and the other person does all the enjoyables, present and future. And this is the logic of the capitalist and logic of the people is to eventually stop the necessity for toil. You see? This is the whole thing. I guess Marx was as lazy as I am. You know, didn't want to get out there and plow, didn't want to get out there and do all of that stuff cause I know that people would much rather use their facilities in more creative areas not in a area where they produce something or somebody else snatch it away just so they can get a few crumbs to, to fill their belly. When actually they create the whole thing. So if the wealth is not centralized if you never get that surplus, conceivably you can think of socialism you say well why why does there have to be a capitalist in order to do this. Can't it ~~just~~ happen where the people agree. Well there's some historical evidence that it did happen, what we call primitive socialism. When I say primitive I mean before reading and writing. You have socialism in Africa south of Sahara, in eleven hundred, and so forth, but it wasn't scientific social, socialism, or socialism based upon technology. So you might get in problems by doing this, and an excellent example

of this let me make this point
right now. An excellent example is this. Now I, this is a
good example and I swear to God it's, it's no offense because
there's plenty of it because the capitalist is taking care of
that. But let's say that at this time that we only have, yeah
good example that right now I don't have four glasses of water.
You see? I only have this much and say that this is some commodity
that could possibly reproduce and make abundance. You see? All
right? Say, say there was one say there was two little fishes.
Yeah. Right. Say if you had two little fishes you know, three
little fishes, okay? Three. I, I'm trying to give you a good
example, three, three little fishes, okay? All right. Now you
have three little fishes and say, that, did I say it right?
Fishes? No, no, okay, fish. Singular, plural, it's still fish.
All right, all right. Thank you. I know you're gonna teach me
you see because, but anyway if you had three little fish alright?
But correct me every time I make a mistake like that correct me
but don't chop up my whole speech just because I don't know
grammar. Hey look, say you had three little fish and you had a
and you, you and this other fellow, let's say your
class brother, say you guys were the owners of it all right? And
so the people out there eating nothing but meal, and therefore

were not so healthy because they didn't have enough protein, they only eating wheat, not enough protein. All right? And these are the masses of the people. They, you're their friend you're holding these three little fish, you see? And that you take one of the fish and you break them up, you break it up and you share it with your class brother. Both of you own it. You see? You went in together. And say, let's go further than that. Say that, no I want to keep it simple. That you break it up and the people they demand they say that because of some events and so forth we're responsible for the existence of the fish in the first place, so if you were to eat that one fish that we demand a part of it, and matter of fact you got two swimming around in the pond, and we want to split that up too. You see? And the capitalist because he's greedy and so forth, says no I'm not gonna do it, I'm gonna keep it, and I'm gonna let the fish reproduce and lay eggs and so forth, and they're mine, I'm gonna keep them, you see? And this argument goes on, hostility increases, but in fact you see if maybe the people had a moral right to the fish, but if the fish were given over to them and they downed them, they ate them up, which if they had a moral right to this, no argument, say they did have a moral right, but, what will happen to the source of their protein. Now if the greedy capitalist you see, now the the people see, actually lay seige on the

man in taking it. You know? Because I'm somewhat of a moralist you see and I can't be so coldly scientific in those situations. But my point is, that that's an example of centralization of the wealth, and the fact that kept in the capitalist hands for a period of time, that the fish would reproduce and if they had a whole barrel full of that and he still didn't give to the people, and then the people, he's ripped them off, took the fish pond, and keep, kept reproducing the fish. But if the man hadn't kept them, number one, he wouldn't have got the surplus, if he hadn't hogged them; number two, the people really wouldn't have gotten their nourishment because it wasn't enough. You see? See what I mean? So this is why that it's necessary for the industrial basis to, all right, the industrial base to be expanded and so I have five minutes I can't go on with that example and it was a, it was a vision that's why it was given you, I think in visions you know and that's very unscientific, so don't even quote me on that. But I think that this is just a little thing I threw out I think that as far as all creativity, it comes in the forms of visions, in other words, Marx himself, the scientist Marx, really had a vision. You see? He had a vision. And then he had a re-vision. He revised the vision, but anyway, that's so anyway so what we attempt to do, the Black Panther Party, we

attempt to to tap our creativity, accept the scientific method, and then have visions. So the theory of inter-communalism is a vision, and whoever changes that will revise it and therefore be a revisionist. You see? But what I'm trying to say is now the United States ruling circle centralizes all the wealth, took the people's wealth, ripped them off all over the world, including the people centralized on Wall Street, and therefore laid the foundation for world what, socialism? No. Socialism means state. Socialist state. Now Marx said you go from feudalism to, from slavery slavery to feudalism, feudalism is capitalist and capitalist is socialist state a capitalist state to socialist state to communism, which is non-state, a whitening away of the state, where there's no national boundary lines and so forth. We see these things exist today, and it was carried out by the capitalist, but only is reactionary inter-communalism. You see? It's reactionary inter-communalism because the ruling circle had made the world one community but for it's own interest. So they're inter-communalists also, but we're revolutionary inter-communalists and we say that power to the people and that we want the people of all those communities to own and to control the institution in which they live, and the land they live on whether it's a community in Vietnam, or a

community in Hong Kong or a Chinese community in San Francisco. Whether it's a black community in Detroit, or a black community in South Africa, or a black community in Tanganyika, or a black community in, or a Mexican community in Latin America or a Mexican community in, in L.A., because all of these are more like communities than they are nations now, and then the capitalist have made the distance between the geographical locations which we used to rely heavily on definition of nationhood by showing a separation of a land through partition or sea or some other form of separation, you see? Partition, the sea, or a culture. You see? People very different, different languages, but what has happened? It, it took us five hours I believe to get here from San Francisco, it takes ten hours to get to Vietnam, nine hours to get to Algiers, Algeria, you see? So what is five hours, ten hours difference. You see? So I'm saying so we can't judge a nation on the basis of a distance. A long time ago, a hundred years ago, let's say, that when two geographical locations were separated for thousands of miles, say ten thousand miles, you call it another world. You know Columbus say, thought he was gonna fall off the world coming, trying to get to North America. You see? Actually he thought he was in India. But what I'm, what I'm trying to say is that so that's one of the

things we can we can just forget. You see? So we can't define nations on the on the distance or what kind of separation because the ruling circle can penetrate with rapid speed and high fire power no matter where you are. As a matter of fact, he's doing it and he knows that he's not a nationalist some some people think the American ruling circle think they're nationalists, they're not. See? They know they're inter-communalists because one indication, one indication, why is it they they don't say they have wars anymore. When they send the fascist army into communities, wherever the community may be, they call it a police action in Korea. They call it a police action in Vietnam. They call it a police action where they went in and ousted the rightful President Juan Bosch of Dominican Republic, which is acting strange now, but anyway, when they ousted him they were said to was a police action. So you have a police, there was a police action in Detroit, a police action in in in and when Detroit was re-named to Destroy It, according to H. Rap Brown, this was a police action. You see? And we see those agencies of the of the police integrate whenever their front lines are down, then they send in their second lines. What are the second lines? When they send in

their regional police or their local police as you call it, and they get down, they were chased out of here out of Detroit, then they call in their what they call the national guard. You see? And when they were chased out they called the other police agency in. The leathernecks, you see. And now they call in the tanks all the time and think nothing of it. And when you have a contradiction is when the people attempt to free themselves of reaction in towns, and Vietnam, you go in and say Nixon then will say well it's a threat to the American community. And I agree with him. It is. It's a threat to the American community for this reason: because the capitalists have made all of the lands of the world a part of the mass community. You see? So that they're transformed I'm saying that even after people win, and we will win, we can, you cannot backtrack history. You cannot, we cannot say we cannot learn Swahili and some African rituals and think that we can forget or backtrack the race. You see? So we have to accept that and say yeah there's a few surviving Africanisms you see, and that many things in Africa of old that are good and functional, much of it is not at this point. And we agree with the only culture that's worth holding onto is revolutionary culture, that is, culture

that's constantly in the making and change because it is not a stagnant and will be out of touch with the needs of the present day. You see? So this is what happened that I talked about the travel. Let's talk about the media and the culture. So then we used to talk about different cultures, different lands or nations in terms of different cultures, but I'm saying that there's a quantitative difference and not a qualitative one because like we been transformed either the people in the other countries are transformed such as the Japanese or they're in the process of being transformed and getting to the point right where we are. You see? Losing our surviving Africanisms. And I say this is a trend so therefore it proves as a matter of quantity that perhaps we've got more of the effect or suffered more of the effects. No, wait a minute. We've experienced more of the effects of the mass media, they are suffering because the small ruling circle is doing this. You see? So then they have but if the ruling circle is kept in tact and the people do not wipe them out, which I know the people will, then they'll end up just like we are. Not knowing their names. You see? So I'm saying that we cannot judge the nations then on the basis of a culture, because there's very little culture, cultural determination because of the satellites, because of transistor radios, because

of technology again. With the satellites, that the tv that you see on the six o'clock news can be seen anyplace in the world. And in fact it is in many places. And we know that the mass media builds culture. You see? So what's gonna happen. What we say, so that's another thing we cannot talk about as far as the difference in the nation. So what we say is this, make a long story short, and I could enumerate all of the same thing, make a long story short, someone's clapping because they want the long story to be short, a long story cannot be short my friends. A long story is long, and a short story is short. Hey look, so we want this to happen. Now I said I went to law school for a while that's a term I always like to say, because it's so relevant. The term is called in Latin it says, it's *trespas de bonis asportatas*. It, in English, the translation roughly, if I remember correctly, it's the taking away of the goods the taking away of another's goods, or someone else's goods, and then dominating them and controlling them like your very own. And that's called a tort you see, or it's it's a civil wrong. You could take the person into court, the person is usually guilty of this crime. This old English law about the sixteen hundreds but still/^{it's}still a law in this, in

this country that of the, usually a person found guilty of this would be a landlord. For instance, he would be, accuse you of not paying your rent for dilapidated housing, dilapidated conditions, and then he would go in you don't have the money to pay anyway cause you're unemployable, you're unemployed, he would go in and seize the furniture, and seize the things that you need to live on. You see? And then use them himself. You see? Without benefit of any hearing or court action. So he's not, he's two violations, one, is more trecherous than the other. The first violation was a trespass. That's crossing the boundary on the threshold of yourdoor. You see? That's wrong. You see? He probably even made a rowdy entrance and you could have dealt with him if you had been home. You see? But you weren't. So he went in there and took the goods that your kids needed, took it up, ate it up, and he's already too fat. You see? So then that's the domination see like his very like his very own. Now how do you do I say it's a torch, you could take you have action in the civil court on this. You take him into court, and the first thing when he's found guilty because he would be. You see? When he's found guilty, the first thing the judge will say was is restore restore to this man what is his. The next thing

he will say because that's the actual damage, that you took the goods. You see what I mean? So restore it. The other thing and it was a violation to even cross the threshold without permission so therefore we gonna charge you, it's hard to add that up. You see what I mean? How can we add up, what does it cost you to, well how much does it cost when you violate someone's threshold? So it's call a punitive damages. He would have to pay both actual and punitive damages. In other words, pay for the goods, and then there's a penalty for him doing that. Now the United States ruling circle, they ripped off the people of the world, took the goods, and dominate them like their very own, built a technological machine that really belongs to the people of the world, so even if we talk about real revolutionist country, we have to think of it in terms of all the people in the world, because first, the old Africa, Asia, Latin America, you see? They owe the Indian. You see? They owe the poor white folks. You see? So, but the main point I'm trying to make usually in history when people have socialist revolutions, they just talk about a re-distribution of wealth on the national level. You see? Or they, the geographical location where the particular people have to live. But the United States, you can't even talk about a re-distribution on

a national level because it's not a nation. See? So, if it's not a nation, and you can't talk about socialist state existing, that means after you rip the dog off you'll go almost immediately into communism, because your economy would have to be bigger on an inter-communal level, taking everyone under consideration, that the people are ripped off and also sharing the technology, and everything else with the people of the world and that's what communism means. You see? When the people of the world rule, you see, and when you realize it's one world and there's no national boundary lines, people be going across commuting to to Ghana and Tanganyika and back to Detroit. You see? All in a day. But what I'm trying to say is so all those who disagree who claim they're Marxist scholars, I challenge them, and I say they're not dialectic, dialectical materialists, they're either historical materialists or else, or else idealists. And they might just be a non-thinker. Sometimes people mix thought up so bad I just call them a non-thinker. You see? But I'm not even gonna try to figure the mess out. You see? So what I'm saying is it shows you that inter-communalism will still exist after people seize the structure and I say the United States always already has a potentiality you see or to the structure of of sometimes I get a loss for terms to explain the

concept and nope I'm not one of those old philosophers
in metaphysics who wants to stipulate something to you so I'll try to find a term

(tape changed)

different. This is all people of the world. I truly believe that. Now I base and I think that blacks will have to lead this and it's not belittling our white radical friends, but I say that blacks are, that we've been endowed again with this banner of revolution, and we have to lead in the structure of this whole thing because of this reason, and we'll have coalitions and so forth, but we still have a Black Panther Party, probably will, it's not believe we're separatists, it's because at this time we feel that our community's under seige, and we have the answers for the community of the world. And after we probably, probably even in the heat of the world revolution you see that we will no longer have coalitions, we'll probably have mergers, I don't know. You see? A lot of thinking will have to change, though. We'll have to do a lot of teaching, so white people will stop being arrogant and racist without even knowing it because they been so conditioned all their lives but at this time we have a Black Panther Party that's all black for self-defense reasons.

No other reasons. You see? That we can't risk at this point after history has shown us time and time again how we've been duped and so forth that we say we gonna for we know and we do have some qualities that seem to be international, excuse me, inter-communal, by, I don't say by instinct, because I don't believe in instinct, but remember I said that every limitation is a determination and every determination is a limitation, so therefore everything has a dual character. More than one side. The facts of the facts of slavery I told you how trecherous it was, it also carried some good qualities. You don't like that huh? All right, I'll show you. And this is only a speculation and if you disagree with me that I'll be happy as long as you disagree with me and use some some reason. You see? But I'm saying that I believe that everything has a dual character and not only do I believe that, I don't believe I'm relying strictly upon Marxist dialectics because African south of Sahara also believed that everything has a dual character. That's why in Africa south of Sahara our religion was dualism instead of absolutism and this is why that the African god always had at least two heads, and maybe five or six, one for fertility, one for evil, and one for good. You see? And this was dialectics

within itself. You see? So he tried the African tried to stay in favor with the good head and out of favor with the bad head and so on and so forth on down the line. You see? So maybe this was the start of , I don't know. But anyway, alright, I said the slavery, the positive side, was this: while it abruptly cut off, we noticed that people with 2,000 3,000 years history unbroken such as some of the Jewish people, you see? Some of the Chinese people, but Mao's taken care of that with this culture revolution and so forth. But people probably some of the African people too, you see, who weren't

you see first I would bet would have a hell of a complex about being what do you call himself, king of kings? You see? When you have a long unbroken history, it's good, it's beautiful, you refine things and so forth, but also you're more apt to come to become arrogant, you're more apt to say that I would do this because my father did it so many years before and this is a characteristics of the ruling class. You see? Because he rides around, he's non-productive and he says that I will ride in a limousine because my father rode in one and I'm better because my father always did it his way and he was better. You see? So he's living in the past and on, according to, well

anyway, those are upper class values. Alright, alright, alright. But anyway, listen and this is the last thing and I'm not gonna hang up any longer. The the the black, we blacks because of the abrupt cut off, yeah, we suffer like Halie probably and some of the others, and whites too, you know and I mentioned the the religious thing. It's because you're victim to the past because you're chained to it. Now we're cut off, we lost a lot of positive things, but we also must realize and stop this looking back and the problems that we have today we look to the future for solutions and that's a communist characteristic. We always say that they say that Huey how do you feel and I could be in bed very sick and I say that I'm better, but I don't know that yet. But anyway, I'm saying that blacks could not look to Africa for the answer, you see, because our culture we don't know enough about it, Number one, and then our culture was so broken and we have and there was cut off and then slavery existed, so now we are dynamic we look for the future for the answer, not the past. You see? After the conquest. So on a international level, because we were dispersed all over the world, every time we see a black face and bushy hair and the person might be all, might be 99 % transformed, we would feel, I feel a certain amount of brotherhood on those facts. You see what I mean?

And I'll admit that, knowing all the time that we could be more different than we like, but probably know that the man suffered from the white world but anyway because we're dispersed it's easy for us to accept and even if the brother has a completely different culture, just about if he comes with an English accent if he comes with a Latin accent, and he acts Latin or acts English or we might say that brother he sure is cold. You know? He's trying to be some he ain't. See? He know he isn't native. You see what I mean? When all the time so in other words we feel this this togetherness and we feel rejected if the facts don't pan out and that's why we get a lot of young brothers and sisters being turned off when certain African leaders make certain statements that they probably shouldn't have made anyway, but I'm saying so we're internationalists or inter-communalists and we're more tolerant probably than other people because of our past experience of suffering and because we can tolerate other cultures or accept a person that's still a human being and still as a brother know even if he is different. So I'm saying that we only relying upon one or two characteristics. Now if we be real objective we could establish this humane or this humanitarian culture based upon the fact the human beings are so similar, in fact, in other words, instead of

having just a black face and bushy hair you see like me you could have two eyes, a nose, a mouth, walk erect, you see? Hair, and so forth, and we could go on and on and add these things up and see that the man is more basically human and our differences are petty. You see? So this is why I won't go about that. But I could because as I said, I try to handle all things at one time so it sounds like conglomeration of distortion and unrelated thing but if you have faith in it, believe me they are inter-related. You see? So I would like to say that the Black Panther Party invites you to Washington and that we must free the Detroit sixteen and that we must unite against the world enemy number one, who is located here in the United States, and the people of the world must have solidarity, and then advance wave upon wave upon the reactionary races and then the whole world will belong to the people. Monsters of all kind will be destroyed. And then we will live happily ever after.

Power to the people.

I deserve that don't I? All right.

(First speaker)

On behalf of the Black Panther Party, and brother Huey P. Newton, we the Association of Black Students would like to express our great appreciation for their time in relating to us the Black Panther Party's position in relating to our common oppression. Right now I would like to say will everyone please remain in the gym until the brothers have left the building. Thank you.

People can I have your attention? Will you sit down please. Will you sit down? Please give our good brother a chance to leave the grounds please. Thank you.

I'd like to thank all of you black brothers and sisters we have participating in this event today. Thank you for volunteering. Will you hold it please. I have an announcement to make. We have an announcement to make. There's a free Angela Davis defense committee starting now. As you leave the exit the building, we're working for the National Office in New York they trying to get a free paper started so if you have anything to contribute, will you please stop and see us at the end of the back, please. Thank you.

JURISDICTION

1. This is a class action for declaratory and injunctive relief, and an individual action for money damages, arising under the Constitution and laws of the United States, more particularly, the First, Fourth, Fifth and Ninth Amendments to the Constitution, the Civil Rights Act of 1971 [42 U.S.C. 21120], the National Security Act of 1947 [50 U.S.C. 5402], the Internal Revenue Act [26 U.S.C. 57605], and the Postal Service Act [39 U.S.C. 5403]. Jurisdiction of this Court is invoked pursuant to the following statutes: 28 U.S.C. 1331(a), for actions arising under the Constitution or laws of the United States; 28 U.S.C. 1340, for civil actions arising under an Act of Congress concerning internal revenue; 28 U.S.C. 1343, for damages caused by conspiracies to deprive citizens of their civil rights; and 28 U.S.C. 1361, for actions to compel officers or employees of the United States or any agency thereof to perform a duty owed to plaintiffs. The matter in controversy, exclusive of interest and costs, exceeds \$10,000.00.

INTRODUCTION

2. This action by the Black Panther Party and its supporters seeks redress against past and present high government officials because of the concerted plan conceived and implemented by said officials since 1967 to destroy the Party politically and financially. The illegal means by which defendants have conspired to achieve destruction of the Party range from the extreme of causing assassination of Panther leaders to the more commonplace, albeit still unlawful practice of, burglarizing and bugging plaintiffs' offices and homes. All of the plaintiffs and those they represent have, because of their political activities, beliefs, and associations, been subjected to the practices complained of herein by defendant government officials who, despite official

denials to the contrary, persist to this day in their efforts to repress and harass plaintiffs.

PARTIES

3. Plaintiff Black Panther Party was founded by Huey P. Newton in 1966. It is an association of black and poor persons who are committed to improving the social and economic condition of minority and poor people and to eradicating the societal ills of racism, economic class discrimination and oppression of all kinds. The principal office of plaintiff Party is in Oakland, California where its newspaper is published and where the many survival and other programs it has initiated and sponsored are focused. These programs provide free services and goods to those in need, including transportation for senior citizens, legal and ambulance services, food, and testing of black and other subject persons for sickle cell anemia. Plaintiff Party brings this action on behalf of itself and its past and present members.

4. Plaintiff Huey P. Newton is the Founder and Chief Theoretician of the Party. He is a resident of Oakland, California, but, because of the unlawful activities of the defendants directed against him and detailed herein, is presently residing outside the jurisdiction of the United States until it is safe for him to return.

5. Plaintiff Elaine Brown is the authorized Chairperson for the Party. She is a citizen of the United States and a resident of Oakland, California.

6. Donald Freed is a published author and open supporter, both politically and financially, of the Party and its activities. He is a citizen of the United States and a resident of Los Angeles, California.

7. Berton Schneider is a producer and director of films and an open supporter, both politically and financially, of the

Party and its activities. He is a citizen of the United States and a resident of Beverly Hills, California.

8. Thomas and Flora Gladwin are active supporters of the Black Panther Party. They are citizens of the United States and residents of Oakland, California.

9. John George is an attorney and a member of the Board of Supervisors of Alameda County, California. He is a supporter of the Party and a resident of Oakland, California.

10. Farley Earl Neil is a long-time supporter of the Black Panther Party and assisted in the implementation of its breakfast program for children. He is a citizen of the United States and a resident of New York, N.Y.

11. John and Elizabeth Huggins are the parents of assassinated Black Panther Party member, John Huggins. They are citizens of the United States and residents of New Haven, Connecticut.

12. All of the plaintiffs and those they represent have suffered substantial injury as a result of the unlawful actions taken by defendants for the purpose of punishing, harassing and burdening the plaintiffs because of their political beliefs, expressions and associations.

13. Defendant Edward Levi is the current Attorney General of the United States.

14. Defendant John Mitchell is a former Attorney General of the United States.

15. Defendant Robert Mardian is a former Assistant Attorney General for Internal Security.

16. Defendant Clarence M. Kelley is the present Director of the Federal Bureau of Investigation (FBI).

17. Defendant William C. Sullivan is a former Assistant Director of the FBI.

18. The Estate of J. Edgar Hoover is sued herein because he was a former Director of the FBI.

FBI, the CIA, the Treasury Department, the Bureau of Alcohol, Tobacco and Firearms of the Treasury Department, the IRS, the White House, Army, the Postal Service and other agencies of the federal government that conspired with each other and/or the above-named defendants and their agents in taking and promoting unlawful actions intended to harm and, in fact, causing injury to plaintiffs herein.

35. Each of the defendants is being sued in his or her individual and official or former official capacities. Each defendant held the official position stated herein at times relevant to the allegations of this complaint, and each defendant was acting under the color of his or her official capacity at the times complained of herein.

CLASS ACTION ALLEGATIONS

36. Plaintiffs bring this action as a class action under the Federal Rules of Civil Procedure 23 (a), 23 (b), and 23(c)(1).

37. Plaintiffs Party, Newton and Brown represent past and present living members of the Black Panther Party who, because of their political beliefs and activities as expressed by their membership in the Party, were and are subject to unlawful and harmful actions by defendants.

38. Plaintiffs John and Elizabeth Huggins represent the estates of Party members who, while they were alive, suffered harassment, punishment and injury, including for some death, as a result of the conspiratorial actions of defendants and their agents complained of herein.

39. Plaintiffs Freed, Schneider, Thomas and Flora Gladwin, George and Nail represent a class of persons throughout the United States who, because of their open political or financial support of the Party and its activities, were or continue to be subject to illegal and injurious actions by defendants.

40. The number of individuals in each of these classes is too large to make joinder practicable.

41. Defendants have acted on grounds generally applicable to each class, thereby making injunctive and declaratory relief appropriate with respect to each class.

42. The claims of the named plaintiffs are typical of the claims of the classes they represent.

43. The legal questions of law and fact common to the members of each class in this action. The common questions of fact relate to the subjecting of class members to invidious and damaging actions by defendants because of plaintiffs' political beliefs and activities. The common questions of law relate to the Constitutional and other violations of law that flow from the governmental imposition of burdens upon, and efforts to punish and harm, those whose political beliefs and activities are opposed by defendants.

44. Plaintiffs will fairly and adequately protect the interests of each class. Plaintiffs are represented by attorneys experienced in the field of Constitutional litigation. Plaintiffs know of no conflicts of interest among members of the classes with regard to the issues in this case.

THE FACTS

45. In 1967, the FBI formed a special counter-intelligence program, called COINTELPRO, intended, in the Bureau's own sanitized words, to "expose, disrupt, misdirect, discredit or otherwise neutralize the activities of black nationalists." A specific purpose of COINTELPRO was to prevent the rise of a "messiah," a charismatic black leader who might "unify and electrify" black persons. Martin Luther King, Jr. was named as a potential "messiah" in the FBI's own secret memoranda establishing COINTELPRO, but, after the assassination of King in 1968, the FBI shifted its focus to the Party and its leadership, particularly Huey P. Newton,

COINTELPRO
P. 187

8-148
continuity with when Director J. Edgar Hoover's public pronouncement that the Party constituted "the greatest threat to the internal security of the country...". Of the 235 total actions taken by the COINTELPRO program alone to disrupt black groups, 233 - or 79% - were specifically directed toward destruction of plaintiff Party. Approximately \$100,000,000 of taxpayers' money was expended for COINTELPRO, over \$7 million of it allocated for 1976 alone to pay off informants and provocateurs (twice the amount allocated in this same period by the FBI to pay organized crime informants.)

44. With the election of Richard M. Nixon as President of the United States in 1968, the Administration addressed itself, in the words of former White House Counsel John Dean, to "the matter of how we can maximize the fact of our incumbency in dealing with persons known to be active in their opposition to our Administration. Stated a bit more bluntly -- how we can use the available federal machinery to screw our political enemies."

45. A "White House Enemies List" was drawn up by officials in the Nixon Administration. In its original form, this list contained the names of only two parties or organizations, one of which is plaintiff Black Panther Party. Later, a longer version of this list contained additional names of many prominent and widely respected figures in the fields of politics, labor, the media and academia, including other plaintiffs herein. The existence and circulation of this "Enemies List" confirmed for defendants the Administration's approval of their efforts to target plaintiffs for concerted action to cause them injury, and in some instances, death.

46. A detailed plan, commonly known as the Huston Plan after its White House designated co-ordinator, Tom Charles Huston, was approved by the former director of the FBI, the CIA, the Defense Intelligence Agency and the National Security Agency in 1970. This plan spelled out the means by which defendants and their agents

White House

...ed to a delay and plaintiff ... Their actions included, inter alia, warrantless electronic surveillance of plaintiffs, illegal opening and reading of plaintiffs' mail, breaking and entering of plaintiffs' homes and offices for the copying or theft of information and material, and the widespread use of informants and agent provocateurs. Although this proposed plan was first approved and allegedly later disapproved by former President Richard Nixon because J. Edgar Hoover decided not to co-operate, these tactics had already been used by defendants against plaintiffs and continue to be used.

47. The full nature and extent of the actions taken by defendants against plaintiffs cannot be ascertained without discovery. Only recently the Select Committee on Intelligence of both houses of the United States Congress reported numerous unconstitutional and unlawful actions taken by defendants against plaintiffs. These actions include documented efforts by defendants to promote violence between the Party and other minority organizations, to disrupt the Party by promoting internal dissension, to falsely discredit the Party to the public, its members and supporters, and to prevent the Party and its supporters from expressing their views. Plaintiffs have learned of other actions taken by defendants and their agents which indicate the intensity and severity of harm done to plaintiffs by this conspiracy of governmental officials. As in any conspiracy, it is difficult to pinpoint exactly which of the named defendants bears primary responsibility for each injury inflicted upon and suffered by plaintiffs, but there is no doubt that all of the named defendants, individually or in concert, caused and are legally responsible for, inter alia, the following actions.

HARASSMENT AND ASSASSINATION OF PARTY MEMBERS

48. Defendants and their agents have knowingly, intentionally and wilfully harassed, abused and injured plaintiff Party members in numerous unlawful and violent ways, including

DISCOVERY

FILE

CONSPIRACY

ASSASSINATION

the assassination of Party leaders or assisting in their assassination by others, to wit:

A. From 1968 to the present, defendants engaged in unlawful mail opening, interception of telephone and other conversations and physical surveillance of Party leaders, members and supporters. For example, despite recent revelations about the unlawful activities directed by the FBI against plaintiffs, defendant FBI agents still take down the names and license numbers of guests who visit the residence of plaintiff Blaine Brown. Privileged conversations between plaintiffs and their legal counsel have been intercepted and information conveyed in those conversations has been used by defendants and their agents to cause plaintiffs physical and emotional harm.

B. Defendants and their agents have also committed innumerable burglaries, or "black bag" jobs, where files, including investigatory and research files on pending litigation, and lists containing the names and addresses of Party members, supporters and contributors have been stolen.

C. Defendants and their agents have instigated, encouraged and, on information and belief, planned, supervised or coordinated armed raids by local city police departments on offices and homes of plaintiff Party members. These raids -- which have, for example, been directed against Party offices in Los Angeles, California; Chicago, Illinois; New Orleans, Louisiana, Kansas City, Missouri and numerous other cities -- caused serious injury to the Party, its members and its property. The raids have, on information and belief, been instigated, planned or directed by defendants and their agents for the purpose of harassing, injuring and punishing plaintiffs because of their political beliefs and not for any legitimate law enforcement purpose.

FALSE ARREST OF

D. On or about July 30, 1974, Huey P. Newton was falsely arrested by agents of the Bureau of Alcohol Tobacco and Firearms, in cooperation with other defendants, and charged with the federal crime of being an ex-felon in possession of a firearm. Said agents of defendants knew that plaintiff Newton neither possessed a firearm nor was an ex-felon, but wrongfully placed the false criminal charge against plaintiff to discredit, embarrass and humiliate him and the Party. This charge was dropped after plaintiff Newton had been confined for two days as a result of it.

IRS AUDITS

E. Defendant agents and officials of the IRS have audited the tax returns of plaintiff Newton for three consecutive years. These audits and a falsely alleged back tax liability in excess of \$50,000 have been instigated because of plaintiff Newton's political beliefs and leadership position within plaintiff Party and for the purpose of harassing him, causing him and the Party great expense in time, energy and money, and in the hope of ultimately convicting him of some technical violation of the massive and confusing tax laws.

F. In 1971, defendants placed an undercover agent or operative in the apartment unit next to the 25th floor highrise apartment of Huey P. Newton, Founder and Chief Theoretician of the Party. The rental of the agent's apartment was paid for with FBI funds. This agent or operative remained in said apartment for several months and during that time illegally spied on Newton, his guests, and associates and unlawfully overheard and reported on conversations between them. During the time said agent or operative was residing in this apartment, plaintiff Newton's apartment was robbed of Party files containing the names and addresses of Party members, supporters and contributors and other valuable and privileged information.

Said agent or operative's last action while residing as a tenant next to Huey P. Newton was to engage in a "shoot-out" with Oakland police officers in the hallway outside Newton's apartment doorway. The police alleged they had come to arrest the agent or operative for unpaid traffic tickets and that he opened fire on them from inside his apartment. Said agent or operative was arrested, and no one injured. Plaintiffs are informed and believe that the shoot-out was staged either to draw plaintiff Newton out into the hallway where he could be assassinated or, in the alternative, the agent or operative -- who was on parole from a California prison -- was being removed by defendants, with or without knowledge of the Oakland police as to his "official" assignment, for defendants and their agents, because he had failed to assassinate or set-up for assassination, Huey P. Newton.

G. On December 4, 1969, Chicago Party members Fred Hampton and Mark Clark were shot and killed and four other Party members seriously wounded in a pre-dawn raid by Chicago police under the direction of the Cook County States' Attorney's Office. Federal civil litigation concerning this murder has thus far revealed that an informant or operative of the FBI, one William O'Neal, had been planted by the FBI as a provocateur in the Party. O'Neal not only provided the FBI with a detailed floor plan of the Chicago Panther headquarters, complete with an "X" over the bed where Fred Hampton was sleeping when he was shot and killed, but, on information and belief, O'Neal or another agent or employee of defendants drugged Hampton before he was shot to insure that he would be in bed when police fired into the headquarters.

INCITING AND CAUSING VIOLENCE BY OTHERS AGAINST PLAINTIFFS

49. Defendants and their agents wilfully, maliciously, knowingly and intentionally fostered and caused suspicion, hostility and violence by others toward and against the plaintiff Party, sometimes resulting in the death of Party members, to wit:

A. In November 1968, former FBI director J. Edgar Hoover instructed fourteen FBI field officers by memoranda to "submit imaginative and hard-hitting counterintelligence measures aimed at crippling the Black Panther Party . . . in order to fully capitalize upon Party and US differences . . ." One of these counterintelligence measures was the drawing and mailing by the defendant FBI officials of derogatory cartoons to plaintiff Party offices and homes depicting Party leaders as "ineffectual, inadequate, and . . . corrupt . . ." These cartoons were made to look as if they were from US, a black nationalist organization. Defendant FBI officials also knew that US members, assisted and encouraged by agent provocateurs of defendants, were holding firearms practice and purchasing large amounts of ammunition. Defendants and their agents took no action to in any way discourage or prevent this training with and stockpiling of weapons.

B. In January, 1969, defendants assisted in and promoted the assassination of two Party members at the University of California at Los Angeles: Alprentice "Bunchy" Carter and John Huggins. The person observed committing the assassinations by numerous eye-witnesses was allegedly a member of the US organization. This person, plaintiffs are informed and believe, fled the jurisdiction with the knowledge and cooperation of the defendants and their agents. Two other persons, also admittedly members of the US organization, were tried and convicted for complicity in the Carter-Huggins assassination.

C. On May 23, 1969, Party members John Savage was shot and killed by an alleged US member. Later, on August 14, 1969, two Party members were wounded by an US member. The next day Party member Sylvester Bell was killed in San Diego, California also allegedly by US members.

D. Defendant FBI officials responded to these murders of plaintiff Party members by proposing yet additional derogatory cartoons to cause further violence against the Party. Moreover, the FBI defendants candidly stated in a September 18, 1969, internal memorandum that "a substantial amount of the unrest [mentioned above] is directly attributable to this program [i.e., COINTELPRO]."

E. In 1968 and 1969 defendant FBI officials approved and ordered the sending of both forged and false anonymous threatening and warning letters to the leadership of the Chicago Chapter of the Party and another Chicago based black organization, the P-Stone Nation (also known as the Blackstone Rangers). The purpose of these letters and other false and misleading information conveyed by operatives, agents and employees of defendants acting as if they were good faith members of the Party or the Rangers, was to cause the same kinds of violence caused between US and the Party. On information and belief, plaintiff Party did suffer violence to its members and supporters as a result of defendants actions in this regard.

USE OF ARMS AND INFORMANTS TO DISCREDIT PARTY
BY DEFENDANT AND COMMITTEE'S VIOLENCE IN ILLINOIS

56. Defendants and their agents placed provocateurs, operative and informants within plaintiff Party and employed, directed or rewarded said persons to commit violence and incite others within the Party to violence for the purpose, and with the effect, of weakening the Party internally and losing its public support, to wit:

A. William O'Neal, the informant and agent provocateur for defendant FBI officials described in paragraph 496 herein, constantly tried to persuade Chicago plaintiff Party members to resort to violence. He constructed an electric chair to be used on alleged informants (in fact, innocent Party members), but it was disassembled in Chicago Party chairman Fred Hampton's orders. O'Neal stockpiled dangerous weapons, including plastic explosives, and urged other Party members to participate in armed robberies and the bombing of an armory. Defendant FBI officials know of, and approved or directed, O'Neal's actions as evidenced in an FBI internal memorandum that admits O'Neal was used "... in harassing and impelling the criminal activities of the Black Panther Party locally."

B. In 1969 defendants placed an experienced operative or undercover agent in the New Haven Chapter of the Party for the purpose of persuading and directing Party members of that Chapter to commit unlawful and irrational actions that would damage and discredit the Party. Specifically, said operative accused an innocent member of the Party, Alex Rackley, of being a "police agent," and then proceeded to direct and participate in his torture-murder. Said operative then turned "state's

evidence" to accuse Party leaders, who had no knowledge of said murder and who deplored it, of ordering Rackley's murder. Though this agent or operative was convicted by a jury, the leaders he tried to implicate were not. Nonetheless, immense damage was done to the Party in terms of public reputation, finances and morale of its masters and supporters. Said operative or agent spent only the briefest time in prison because, on information and belief, he was placed through defendants' efforts in a work-study program at an Ivy League institution of higher learning. He now holds a comfortable position at an Eastern college which, on information and belief, plaintiffs allege he also obtained through the efforts of defendants and their agents.

C. Defendants knew that Huey P. Newton opposed the use of violence except in self-defense. They also knew that he favored the building of black community power through the implementation of social and economic survival programs and close cooperation with churches and other indigenous institutions. Hence, defendants, on information and belief, committed their financial and technical resources and personnel to support Eldridge Cleaver and his followers within the Party who openly advocated the arbitrary use of violence. Defendants supported Cleaver for the purpose and with the effect of weakening or destroying the Party internally and losing it significant public support.

SABOTAGING AND DISSEMINATING OF CONSTRUCTIVE PARTY PROGRAMS

51. Defendants and their agents not only supported, encouraged and committed violence in the name of plaintiff Party, but also embarked on a deliberate campaign to sabotage and destroy constructive social and economic programs of the Party, to wit:

A. An early successful and popular program of plaintiff Party was the provision of free, hot breakfasts to minor children in the black communities throughout the United States. This program was dependant on efforts of plaintiff Party members and volunteer contributions of food and other provisions from local merchants, businessmen and churches. Finding little to objectively criticize about this program other than vague charges about propagandizing the participating children (which simply meant teaching them ideas defendants disliked), defendants and their agents decided to destroy the program.

B. In 1969 an alleged member of the Party residing in Sacramento, California, drew up a so-called "comic book" depicting police as caricature "pigs" for purposes of political propaganda, and sent it to the Oakland, California headquarters of the Party for review and comment. This "comic book" was then reviewed and rejected for publication or circulation by the leadership of the Party because it was thought to be non-reflective of Party philosophy too crude and in bad taste. An operative or informant, however, stole one of the few drafts of this proposed publication and delivered it to FBI defendants and their agents who added captions that advocated violence, printed thousands of copies bearing plaintiff Party's name, and circulated

efforts to destroy

them throughout the country, particularly to merchants and businesses contributing to the breakfast program. Those who received these so-called comics and the media were falsely told and led to believe by defendants and their agents that the booklets were given out to children participating in the breakfast program. These misrepresentations and deceptive acts were done by defendants and their agents in order to damage the Party and the breakfast program.

C. Churches which assisted the plaintiff Party in its breakfast program were also harassed by defendants and their agents and deterred from continuing support. In 1969, for example, the San Diego office of defendant FBI officials placed telephone calls and wrote anonymous letters to the Auxiliary Bishop of the San Diego Diocese of the Catholic Church falsely claiming to be parishioners upset about Father Frank Curran's support of the breakfast program. Within one month of these calls and other injurious actions taken by defendants, Father Curran was transferred from the San Diego Diocese to the State of New Mexico. Defendant FBI officials and their agents reported in their internal memoranda that Father Curran had been "neutralized" and that the breakfast program in San Diego had been destroyed.

D. Another constructive program that the plaintiff Party has undertaken to the displeasure of defendants and their agents is the free testing of black and other subject persons for Sickle Cell Anemia. To destroy this program, which is centered in Oakland, California, defendants have urged local

police in Oakland and surrounding communities to arrest for unlawful solicitation plaintiff Party members who seek street donations to the Sickle Cell program. The pressure from defendants on local police to make these arrests has been so great, and the police attitude toward plaintiffs created largely by defendants and their agents so hostile, that even after the San Francisco solicitation ordinance under which plaintiffs had been arrested was declared unconstitutional by a California Court, San Francisco police continued to arrest plaintiff Party members. In addition, defendants and their agents, on information and belief, contacted local media people and persuaded them to publish articles and broadcasts falsely attacking the legitimacy of plaintiff Party's Sickle Cell Anemia program so as to reduce contributions to the program.

E. In 1972, plaintiff Party members and leaders were instrumental in founding an independent non-profit corporation called the Educational Opportunities Corporation, Inc. (EOC). This corporation primarily sponsors a model school for approximately one-hundred and thirty-five elementary grade children in Oakland, California. Since its formation, agents and operatives of defendant FBI AND IRS officials have called upon teachers and contributors of the school to question them and deter them from having any further contact with or support for the school.

SUPPRESSING FREE EXPRESSION AND MISREPRESENTING THE PARTY

52. Defendants and their agents interfered with and suppressed plaintiff Party members' and associates' rights to express their views to the public and misrepresented their true views to the public for the purpose, and with the effect, of lowering the Party's political and financial support, to wit:

A. Colleges, universities and other institutions that invited representatives of the Party to speak and answer questions were contacted by defendants and their agents and urged to cancel the engagements. When friendly persuasion did not work to cancel the speaking engagements, defendants and their agents telephoned anonymously to officials at said colleges, universities or other institutions and warned them of violence if plaintiff members were permitted to speak. In addition, defendants and their agents would contact members of the plaintiff Party or their families and warn them that if they made the intended speaking engagements as promised they would be killed or injured. All of these actions were taken for the purpose, and often with the effect, of preventing their representatives from expressing their views publicly.

B. Plaintiff Party publishes and distributes THE BLACK PANTHER, a weekly newspaper with a national circulation. Defendants and their agents have sought to suppress the publication and distribution of this newspaper by sabotaging its offices, destroying numerous shipments of the paper, vandalizing trucks carrying the paper, instigating arrests of street vendors of the newspaper, and pressuring commercial airliners that transport the paper nationally to charge a higher rate than that normally charged other organizations shipping similar printed matter. Defendants and their agents also persuaded the Postal Service to charge the

plaintiff Party a higher postage rate for mailing paid subscriptions than what is normally afforded similar publications. Defendant IRS officials and their agents served summonses on banks seeking information about the Party and its paper for the purpose of destroying the publication and circulation of THE BLACK PANTHER.

C. Defendants and their agents compiled information containing half-truths and out-right fabrications and disseminated this information to friendly sources within local radio and television stations and newspapers throughout the country so that false and harmful stories about the Party, its leaders and activities would be conveyed to the public. At the same time, defendants and their agents have, on information and belief, urged the media to discourage the printing, publishing or dissemination of any true information about positive programs and activities that the Party has been engaged in since its inception.

D. When plaintiff Party leaders have been scheduled to appear for public speaking or on television radio broadcasts, defendants have provided false information, or privileged but embarrassing information gained by unlawful means, to hecklers, callers-in and, in some instances, "friendly" media sources so that the Party would be discredited with the public and its supporters. Defendants and their agents also instigated, for example, the arrest of former Chicago Party leader Fred Hampton when he was about to appear on a local television program. The arrest was intended to, and did, embarrass, humiliate and discredit the plaintiff Party with the public and its supporters.

OTHER GENERAL MANAGEMENT OF MEMBERS AND SUPPORTERS

53. Defendants and their agents have engaged in a wide variety of actions beyond those categorized generally and set forth specifically hereinabove. All of these actions have been and are maliciously, unlawfully and intentionally undertaken pursuant to a systematic plan and goal of destroying the Party, and injuring its members and supporters. These actions by defendants and their agents include, inter alia:

A. Informing or contacting businesses and persons with whom plaintiffs were employed or had an economic relationship about plaintiffs' political views and activities for the purpose and with the effect of damaging plaintiffs' economic interests.

B. Informing family or other persons associated with plaintiffs of allegedly immoral activity by plaintiffs in order to disrupt and injure the plaintiffs in these relationships.

C. Destroying plaintiffs' personal and real property.

D. Making plaintiff supporters of the Party falsely appear to be hostile to the Party by "leaking" to the Party forged documents bearing a supporter's signature and attacking or ridiculing the Party.

E. Sending or "leaking" forged documents or false information to plaintiff supporters that reasonably places said supporters in apprehension for their lives or safety because the documents or information falsely threatens them in the name of plaintiff Party.

physical surveillance opening mail evesdropping

G. Placing plaintiffs' under physical surveillance, opening their mail, eavesdropping on their conversations and committing other acts in violation of plaintiffs' rights to associational privacy.

H. All of the acts complained of herein were committed by defendants and their agents, individually and in concert, and were done wilfully, intentionally, maliciously, in bad faith and with a knowing and reckless disregard of plaintiffs' constitutional rights. Said acts of defendants and their agents were undertaken for the unlawful purpose, and with the effect, of punishing, harassing and burdening plaintiffs because their political beliefs, activities and associations were and are opposed by defendants. All of the defendants and agents were or are personally involved in the conspiracy herein alleged and their conduct has caused grave and substantial damage to plaintiffs entitling plaintiffs to damages against the defendants and their agents.

disregard of const. rights individually & collectively

FIRST CLAIM FOR RELIEF

54. As alleged in paragraphs one through fifty-three, the actions of defendants and their agents violated and continue to violate the First Amendment rights of plaintiffs and the classes they represent to freedom of expression and association.

Second Claim for Relief

55. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in using their investigatory, law enforcement and other official powers to selectively and discriminatorily retaliate against and punish plaintiffs for their political beliefs, opinions and associations, violate plaintiffs' rights to due process and equal protection of the law as guaranteed by the Fifth Amendment to the United States Constitution.

Third Claim for Relief

56. As alleged in paragraphs one through fifty-three, defendants and their agents violated and continued to violate the Fourth, Fifth and Ninth Amendment Rights of the plaintiffs and the members of the classes they represent to be free from unreasonable governmental invasions and abridgements of their personal and associational privacy.

Fourth Claim for Relief

57. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents complained of herein constitute a conspiracy to deprive plaintiffs and the classes they represent of the equal protection of the law in violation of Title 42 United States Code, Section 1985.

Fifth Claim for Relief

58. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in conspiring to

discriminate and discriminating against plaintiffs with respect to use of the mails violates 39 U.S.C. §403 which prohibits any undue or unreasonable discrimination among users of the mails.

Sixth Claim for Relief

59. As alleged in paragraphs one through fifty-three, the actions of CIA defendants and their agents and the other defendants and their agents who knowingly conspired with them, violate 50 U.S.C. §503 which prohibits the CIA from exercising any law enforcement powers or internal security functions.

Seventh Claim for Relief

60. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in conspiring to examine and investigate plaintiff's finances and associations were unnecessary to any legitimate tax purposes and in violation of 26 U.S.C. §7605(b).

61. Plaintiffs and the members of the classes they represent have suffered and will continue to suffer deprivation of their constitutional and statutory rights unless granted the relief prayed for in this complaint. Plaintiffs have no plain, adequate or complete remedy at law against the policies and practices of defendants. Injunctive and declaratory relief are necessary in order to adequately protect the rights of plaintiffs and the classes they represent.

RELIEF

WHEREFORE, plaintiffs pray that this Court:

1. Do here, pursuant to 28 U.S.C. §2201-2202 that defendants and their agents, employees, and adjuncts conspired to and have acted unlawfully in subjecting plaintiffs to injury because of their political beliefs, expressions and association by placing plaintiffs under surveillance, intercepting and opening plaintiffs' mail, instigating the arrest of plaintiffs, interrogating plaintiffs, their families and associates, misrepresenting plaintiffs' views to others, forging plaintiffs' names and identities to threatening and other documents, committing harmful acts to persons and property and falsely attributing said acts to plaintiffs, inciting plaintiffs to violence, interfering with plaintiff Party's Community programs, suppressing and interfering with the printing, circulation and distribution of plaintiff Party's newspaper and other literature, interfering with and abridging plaintiffs' rights to freedom of expression and association, damaging plaintiffs' and their associates' property and causing plaintiffs' physical harm and emotional distress.

2. Grant appropriate equitable relief in the form of a preliminary and permanent injunction restraining defendants, their agents, employees, adjuncts and successors from conspiring to subject, and subjecting plaintiffs to injury because of their political beliefs, expression and association by placing plaintiffs under surveillance, intercepting and opening plaintiffs' mail, instigating the arrest of plaintiffs, interrogating plaintiffs, their families and associates, misrepresenting plaintiffs' views to others, forging plaintiffs' names and identities to threatening and other documents, committing harmful acts to persons and property and falsely

attributing said acts to plaintiffs, inciting plaintiffs' to violence, interfering with plaintiff Party's Community programs, suppressing and interfering with the printing, circulation and distribution of plaintiff Party's newspaper and other literature, interfering with and abridging plaintiffs' rights to freedom of expression and association, damaging plaintiffs' and their associates' property and causing plaintiffs' physical harm and emotional distress.

3. Grant appropriate equitable relief in the form of a preliminary and permanent injunction restraining defendants and their agents, employees and adjuncts from destroying any of the files, memoranda, tapes, film, photographs, documents or other materials relevant to past and present actions of defendants and their agents against plaintiffs until this litigation is ultimately resolved; and

4. Award plaintiffs damages in excess of \$50,000,000, the precise amount to be ascertained upon trial, for repeated and continuous violations of plaintiffs' Constitutional rights and to hold the defendants named herein jointly and severally liable for such damages;

PURPOSE: To advise that captioned civil action was served on the Washington Field Office (WFO) on 12/3/76, and to request that the General Investigative Division (GID) review the attached complaint and thereafter assist the Legal Counsel Division in the preparation for the defense of this civil action.

SYNOPSIS & DETAILS: By airtel dated 12/3/76, WFO advised that one copy of a summons and complaint in captioned civil action had been served on WFO on 12/3/76, by a representative of the United States Marshals Service. Captioned civil action has been filed by the Black Panther Party (BPP) and eight individuals who claim to be members and/or supporters of the BPP. The complaint styles itself as a class action, with the named party plaintiffs seeking to represent all past and present BPP members. Among the defendants, in addition to Mr. Levi, are the Director, the Estate of J. Edgar Hoover, William C. Sullivan and various present and former heads of the Central Intelligence Agency (CIA), Treasury Department, Internal Revenue Service (IRS), Department of the Army, United States Postal Service and fifteen unnamed defendants.

The claimants allege that the defendants conspired to achieve the destruction of the BPP by means of a concerted plan conceived and implemented in 1967, to ruin the BPP both politically

and financially. Cited as parts of, or examples of this "concerted plan" are the COINTELPRO activities formerly carried out by the FBI against the BPP, the "White House enemies list", the "Houston Plan", illegal warrantless electronic surveillance, and various acts of harassment and assassination of party members. The plaintiffs seek injunctive relief and damages in excess of 50 million dollars.

The attached complaint is extremely broad and this Division's reading of it leads us to conclude that the plaintiffs are not so much interested in receiving damages as they are in obtaining discovery of every record concerning the BPP and its members maintained by the defendant agencies. This being the case, it is requested that knowledgeable personnel in the GID review the attached complaint and furnish the Legal Counsel Division a reasonable estimate of the number of volumes we maintain concerning our investigation of the BPP and the individual plaintiffs listed in the complaint. This information will be provided the Civil Division to aid them in responding to discovery requests which we can anticipate will be filed shortly in this civil action.

Finally, it is the Legal Counsel Division's opinion that the class action elements of the plaintiff's complaint are poorly stated and it may be possible to confine this action to the BPP organization and those plaintiffs who are named in the complaint. In the attached letter to the Assistant Attorney General, Civil Division, the Department is advised of the service of this complaint on the FBI and that the FBI did not conspire, by means of any concerted plan, with the other named defendants, to destroy the BPP politically and financially.

CLASS ACTION COMPLAINT FOR
DECLARATORY AND INJUNCTIVE RELIEF

JURISDICTION

1. This is a class action for declaratory and injunctive relief, and an individual action for money damages, arising under the Constitution and laws of the United States, more particularly, the First, Fourth, Fifth and Ninth Amendments to the Constitution, the Civil Rights Act of 1871 [42 U.S.C. §1985], the National Security Act of 1947 [50 U.S.C. §403], the Internal Revenue Act [26 U.S.C. §7605], and the Postal Service Act [39 U.S.C. §403]. Jurisdiction of this Court is invoked pursuant to the following statutes: 28 U.S.C. §1331(a), for actions arising under the Constitution or laws of the United States; 28 U.S.C. §1340, for civil actions arising under an Act of Congress concerning internal revenue; 28 U.S.C. §1343, for damages caused by conspiracies to deprive citizens of their civil rights; and 28 U.S.C. §1361, for actions to compel officers or employees of the United States or any agency thereof to perform a duty owed to plaintiffs. The matter in controversy, exclusive of interest and costs, exceeds \$10,000.00.

INTRODUCTION

2. This action by the Black Panther Party and its supporters seeks redress against past and present high government officials because of the concerted plan conceived and implemented by said officials since 1967 to destroy the Party politically and financially. The illegal means by which defendants have conspired to achieve destruction of the Party range from the extreme of causing assassination of Panther leaders to the more commonplace, albeit still unlawful practice of, burglarizing and bugging plaintiffs' offices and homes. All of the plaintiffs and those they represent have, because of their political activities, beliefs, and associations, been subjected to the practices complained of herein by defendant government officials who, despite official

denials to the contrary, persist to this day in their efforts to repress and harass plaintiffs.

PARTIES

3. Plaintiff Black Panther Party was founded by Huey P. Newton in 1966. It is an association of black and poor persons who are committed to improving the social and economic condition of minority and poor people and to eradicating the societal ills of racism, economic class discrimination and oppression of all kinds. The principal office of plaintiff Party is in Oakland, California where its newspaper is published and where the many survival and other programs it has initiated and sponsored are focused. These programs provide free services and goods to those in need, including transportation for senior citizens, legal and ambulance services, food, and testing of black and other subject persons for sickle cell anemia. Plaintiff Party brings this action on behalf of itself and its past and present members.

4. Plaintiff Huey P. Newton is the Founder and Chief Theoretician of the Party. He is a resident of Oakland, California, but, because of the unlawful activities of the defendants directed against him and detailed herein, is presently residing outside the jurisdiction of the United States until it is safe for him to return.

5. Plaintiff Elaine Brown is the authorized Chairperson for the Party. She is a citizen of the United States and a resident of Oakland, California.

6. Donald Freed is a published author and open supporter, both politically and financially, of the Party and its activities. He is a citizen of the United States and a resident of Los Angeles, California.

7. Berton Schneider is a producer and director of films and an open supporter, both politically and financially, of the

Party and its activities. He is a citizen of the United States and a resident of Beverly Hills, California.

8. Thomas and Flora Gladwin are active supporters of the Black Panther Party. They are citizens of the United States and residents of Oakland, California.

9. John George is an attorney and a member of the Board of Supervisors of Alameda County, California. He is a supporter of the Party and a resident of Oakland, California.

10. Father Earl Neil is a long-time supporter of the Black Panther Party and assisted in the implementation of its breakfast programs for children. He is a citizen of the United States and a resident of New York, N.Y.

11. John and Elizabeth Huggins are the parents of assassinated Black Panther Party member, John Huggins. They are citizens of the United States and residents of New Haven, Connecticut.

12. All of the plaintiffs and those they represent have suffered substantial injury as a result of the unlawful actions taken by defendants for the purpose of punishing, harassing and burdening the plaintiffs because of their political beliefs, expressions and associations.

13. Defendant Edward Levi is the current Attorney General of the United States.

14. Defendant John Mitchell is a former Attorney General of the United States.

15. Defendant Robert Mardian is a former Assistant Attorney General for Internal Security.

16. Defendant Clarence M. Kelley is the present Director of the Federal Bureau of Investigation (FBI).

17. Defendant William C. Sullivan is a former Assistant Director of the FBI.

18. The Estate of J. Edgar Hoover is sued herein because he was a former Director of the FBI.

19. Defendant George C. Moore is a former chief of the Racial Intelligence Section of the FBI.

20. Defendant George Bush is the current Director of the CIA.

21. Defendant William E. Colby is a former Director of the CIA.

22. Defendant Richard Helms is a former Director of the Central Intelligence Agency (CIA).

23. Defendant William E. Simon is the present Secretary of the Treasury.

24. Defendant Rex Davis is the current Director of the Bureau of Alcohol, Tobacco & Firearms of the Treasury Department.

25. Defendant Harold Serr is a former Director of the Bureau of Alcohol, Tobacco & Firearms within the Treasury Department.

26. Defendant Donald C. Alexander is the current Commissioner of the Internal Revenue Service (IRS).

27. Defendant Johnnie M. Walters was Commissioner of IRS from August, 1971 to March 1973.

28. Defendant Randolph W. Thrower was Commissioner of IRS from July, 1969 to January, 1971.

29. Defendant Tom Charles Huston was an assistant to the President of the United States.

30. Defendant Howard H. Calloway is the Secretary of the Army.

31. Defendant Harold R. Aaron is the Assistant Chief of Staff for Army Intelligence.

32. Defendant Benjamin F. Bailar is the current Postmaster General of the United States Postal Service.

33. Defendant Winton M. Blount is a former Postmaster General of the United States Postal Service.

34. Defendant John Doe 1 - 5, Richard Roe 1 - 5, and Jane Foe 1 - 5, are unknown employees of the Justice Department, the

FBI, the CIA, the Treasury Department, the Bureau of Alcohol, Tobacco and Firearms of the Treasury Department, the IRS, the White House, Army, the Postal Service and other agencies of the federal government that conspired with each other and/or the above-named defendants and their agents in taking and promoting unlawful actions intended to harm and, in fact, causing injury to plaintiffs herein.

35. Each of the defendants is being sued in his or her individual and official or former official capacities. Each defendant held the official position stated herein at times relevant to the allegations of this complaint, and each defendant was acting under the color of his or her official capacity at the times complained of herein.

CLASS ACTION ALLEGATIONS

36. Plaintiffs bring this action as a class action under the Federal Rules of Civil Procedure 23 (a), 23 (b), and 23(c)(4).

37. Plaintiffs Party, Newton and Brown represent past and present living members of the Black Panther Party who, because of their political beliefs and activities as expressed by their membership in the Party, were and are subject to unlawful and harmful actions by defendants.

38. Plaintiffs John and Elizabeth Huggins represent the estates of Party members who, while they were alive, suffered harassment, punishment and injury, including for some death, as a result of the conspiratorial actions of defendants and their agents complained of herein.

39. Plaintiffs Freed, Schneider, Thomas and Flora Gladwin, George and Neil represent a class of persons throughout the United States who, because of their open political or financial support of the Party and its activities, were or continue to be subject to illegal and injurious actions by defendants.

40. The number of individuals in each of these classes is too large to make joinder practicable.

41. Defendants have acted on grounds generally applicable to each class, thereby making injunctive and declaratory relief appropriate with respect to each class.

42. The claims of the named plaintiffs are typical of the claims of the classes they represent.

43. There are questions of law and fact common to the members of each class in this action. The common questions of fact relate to the subjecting of class members to invidious and damaging actions by defendants because of plaintiffs' political beliefs and activities. The common questions of law relate to the Constitutional and other violations of law that flow from the governmental imposition of burdens upon, and efforts to punish and harm, those whose political beliefs and activities are opposed by defendants.

44. Plaintiffs will fairly and adequately protect the interests of each class. Plaintiffs are represented by attorneys experienced in the field of Constitutional litigation. Plaintiffs know of no conflicts of interest among members of the classes with regard to the issues in this case.

THE FACTS

45. In 1967, the FBI formed a special counter-intelligence program, called COINTELPRO, intended, in the Bureau's own sanitized words, to "expose, disrupt, misdirect, discredit or otherwise neutralize the activities of black nationalists." A specific purpose of COINTELPRO was to prevent the rise of a "messiah," a charismatic black leader who might "unify and electrify" black persons. Martin Luther King, Jr. was named as a potential "messiah" in the FBI's own secret memoranda establishing COINTELPRO, but, after the assassination of King in 1968, the FBI shifted its focus to the Party and its leadership, particularly Huey P. Newton,

in conformity with then Director J. Edgar Hoover's public pronouncement that the Party constituted "the greatest threat to the internal security of the country...". Of the 295 total actions taken by the COINTELPRO program alone to disrupt black groups, 233 - or 79% - were specifically directed toward destruction of plaintiff Party. Approximately \$100,000,000 of taxpayers' money was expended for COINTELPRO, over \$7 million of it allocated for 1976 alone to pay off informants and provocateurs (twice the amount allocated in this same period by the FBI to pay organized crime informants.)

44. With the election of Richard M. Nixon as President of the United States in 1968, the Administration addressed itself, in the words of former White House Counsel John Dean, to "the matter of how we can maximize the fact of our incumbency in dealing with persons known to be active in their opposition to our Administration. Stated a bit more bluntly -- how we can use the available federal machinery to screw our political enemies."

45. A "White House Enemies List" was drawn up by officials in the Nixon Administration. In its original form, this list contained the names of only two parties or organizations, one of which is plaintiff Black Panther Party. Later, a longer version of this list contained additional names of many prominent and widely respected figures in the fields of politics, labor, the media and academia, including other plaintiffs herein. The existence and circulation of this "Enemies List" confirmed for defendants the Administration's approval of their efforts to target plaintiffs for concerted action to cause them injury, and in some instances, death.

46. A detailed plan, commonly known as the Huston Plan after its White House designated co-ordinator, Tom Charles Huston, was approved by the former director of the FBI, the CIA, the Defense Intelligence Agency and the National Security Agency in 1970. This plan spelled out the means by which defendants and their agents

intended to destroy the plaintiff Party. Their actions included, inter alia, warrantless electronic surveillance of plaintiffs, illegal opening and reading of plaintiffs' mail, breaking and entering of plaintiffs' homes and offices for the copying or theft of information and material, and the widespread use of informants and agent provocateurs. Although this proposed plan was first approved and allegedly later disapproved by former President Richard Nixon because J. Edgar Hoover decided not to co-operate, these tactics had already been used by defendants against plaintiffs and continue to be used.

47. The full nature and extent of the actions taken by defendants against plaintiffs cannot be ascertained without discovery. Only recently the Select Committees on Intelligence of both houses of the United States Congress reported numerous unconstitutional and unlawful actions taken by defendants against plaintiffs. These actions include documented efforts by defendants to promote violence between the Party and other minority organizations, to disrupt the Party by promoting internal dissention, to falsely discredit the Party to the public, its members and supporters, and to prevent the Party and its supporters from expressing their views. Plaintiffs have learned of other actions taken by defendants and their agents which indicate the intensity and severity of harm done to plaintiffs by this conspiracy of governmental officials. As in any conspiracy, it is difficult to pinpoint exactly which of the named defendants bears primary responsibility for each injury inflicted upon and suffered by plaintiffs, but there is no doubt that all of the named defendants, individually or in concert, caused and are legally responsible for, inter alia, the following actions.

HARASSMENT AND ASSASSINATION OF PARTY MEMBERS

48. Defendants and their agents have knowingly, intentionally and wilfully harassed, abused and injured plaintiff Party members in numerous unlawful and violent ways, including

the assassination of Party leaders or assisting in their assassination by others, to wit:

A. From 1968 to the present, defendants engaged in unlawful mail opening, interception of telephone and other conversations and physical surveillance of Party leaders, members and supporters. For example, despite recent revelations about the unlawful activities directed by the FBI against plaintiffs, defendant FBI agents still take down the names and license numbers of guests who visit the residence of plaintiff Elaine Brown. Privileged conversations between plaintiffs and their legal counsel have been intercepted and information conveyed in those conversations has been used by defendants and their agents to cause plaintiffs physical and emotional harm.

B. Defendants and their agents have also committed innumerable burglaries, or "black bag" jobs, where files, including investigatory and research files on pending litigation, and lists containing the names and addresses of Party members, supporters and contributors have been stolen.

C. Defendants and their agents have instigated, encouraged and, on information and belief, planned, supervised or coordinated armed raids by local city police departments on offices and homes of plaintiff Party members. These raids -- which have, for example, been directed against Party offices in Los Angeles, California; Chicago, Illinois; New Orleans, Louisiana, Kansas City, Missouri and numerous other cities -- caused serious injury to the Party, its members and its property. The raids have, on information and belief, been instigated, planned or directed by defendants and their agents for the purpose of harassing, injuring and punishing plaintiffs because of their political beliefs and not for any legitimate law enforcement purpose.

D. On or about July 30, 1974, Huey P. Newton was falsely arrested by agents of the Bureau of Alcohol Tobacco and Firearms, in cooperation with other defendants, and charged with the federal crime of being an ex-felon in possession of a firearm. Said agents of defendants knew that plaintiff Newton neither possessed a firearm nor was an ex-felon, but wrongfully placed the false criminal charge against plaintiff to discredit, embarrass and humiliate him and the Party. This charge was dropped after plaintiff Newton had been confined for two days as a result of it.

E. Defendant agents and officials of the IRS have audited the tax returns of plaintiff Newton for three consecutive years. These audits and a falsely alleged back tax liability in excess of \$50,000 have been instigated because of plaintiff Newton's political beliefs and leadership position within plaintiff Party and for the purpose of harassing him, causing him and the Party great expense in time, energy and money, and in the hope of ultimately convicting him of some technical violation of the massive and confusing tax laws.

F. In 1971, defendants placed an undercover agent or operative in the apartment unit next to the 25th floor highrise apartment of Huey P. Newton, Founder and Chief Theoretician of the Party. The rental of the agent's apartment was paid for with FBI funds. This agent or operative remained in said apartment for several months and during that time illegally spied on Newton, his guests, and associates and unlawfully overheard and reported on conversations between them. During the time said agent or operative was residing in this apartment, plaintiff Newton's apartment was robbed of Party files containing the names and addresses of Party members, supporters and contributors and other valuable and privileged information.

Said agent or operative's last action while residing as a tenant next to Huey P. Newton was to engage in a "shoot-out" with Oakland police officers in the hallway outside Newton's apartment doorway. The police alleged they had come to arrest the agent or operative for unpaid traffic tickets and that he opened fire on them from inside his apartment. Said agent or operative was arrested, and no one injured. Plaintiffs are informed and believe that the shoot-out was staged either to draw plaintiff Newton out into the hallway where he could be assassinated or, in the alternative, the agent or operative -- who was on parole from a California prison -- was being removed by defendants, with or without knowledge of the Oakland police as to his "official" assignment, for defendants and their agents, because he had failed to assassinate or set-up for assassination, Huey P. Newton.

G. On December 4, 1969, Chicago Party members Fred Hampton and Mark Clark were shot and killed and four other Party members seriously wounded in a pre-dawn raid by Chicago police under the direction of the Cook County States' Attorney's Office. Federal civil litigation concerning this murder has thus far revealed that an informant or operative of the FBI, one William O'Neal, had been planted by the FBI as a provocateur in the Party. O'Neal not only provided the FBI with a detailed floor plan of the Chicago Panther headquarters, complete with an "X" over the bed where Fred Hampton was sleeping when he was shot and killed, but, on information and belief, O'Neal or another agent or employee of defendants drugged Hampton before he was shot to insure that he would be in bed when police fired into the headquarters.

INCITING AND CAUSING VIOLENCE BY OTHERS AGAINST PLAINTIFFS

49. Defendants and their agents wilfully, maliciously, knowingly and intentionally fostered and caused suspicion, hostility and violence by others toward and against the plaintiff Party, sometimes resulting in the death of Party members, to wit:

A. In November 1968, former FBI director J. Edgar Hoover instructed fourteen FBI field officers by memoranda to "submit imaginative and hard-hitting counterintelligence measures aimed at crippling the Black Panther Party . . . in order to fully capitalize upon Party and US differences" One of these counterintelligence measures was the drawing and mailing by the defendant FBI officials of derogatory cartoons to plaintiff Party offices and homes depicting Party leaders as "ineffectual, inadequate, and . . . corrupt" These cartoons were made to look as if they were from US, a black nationalist organization. Defendant FBI officials also knew that US members, assisted and encouraged by agent provocateurs of defendants, were holding firearms practice and purchasing large amounts of ammunition. Defendants and their agents took no action to in any way discourage or prevent this training with and stockpiling of weapons.

B. In January, 1969, defendants assisted in and promoted the assassination of two Party members at the University of California at Los Angeles: Alprentice "Bunchy" Carter and John Huggins. The person observed committing the assassinations by numerous eye-witnesses was allegedly a member of the US organization. This person, plaintiffs are informed and believe, fled the jurisdiction with the knowledge and cooperation of the defendants and their agents. Two other persons, also admittedly members of the US organization, were tried and convicted for conspiracy in the Carter-Huggins assassination.

They escaped in 1974 from the maximum security prison San Quentin, with the assistance of defendants. They have not been apprehended to this date.

C. on May 23, 1969, Party members John Savage was shot and killed by an alleged US member. Later, on August 14, 1969, two Party members were wounded by an US member. The next day Party member Sylvester Bell was killed in San Diego, California also allegedly by US members.

D. Defendant FBI officials responded to these murders of plaintiff Party members by proposing yet additional derogatory cartoons to cause further violence against the Party. Moreover, the FBI defendants candidly stated in a September 18, 1969, internal memorandum that "a substantial amount of the unrest [mentioned above] is directly attributable to this program [i.e., COINTELPRO]."

E. In 1968 and 1969 defendant FBI officials approved and ordered the sending of both forged and false anonymous threatening and warning letters to the leadership of the Chicago Chapter of the Party and another Chicago based black organization, the P-Stone Nation (also known as the Blackstone Rangers). The purpose of these letters and other false and misleading information conveyed by operatives, agents and employees of defendants acting as if they were good faith members of the Party or the Rangers, was to cause the same kinds of violence caused between US and the Party. On information and belief, plaintiff Party did suffer violence to its members and supporters as a result of defendants actions in this regard.

USE OF AGENTS AND INFORMANTS TO DISCREDIT PARTY
BY URGING AND COMMITTING VIOLENCE IN ITS NAME

50. Defendants and their agents placed provocateurs, operatives and informants within plaintiff Party and employed, directed or rewarded said persons to commit violence and incite others within the Party to violence for the purpose, and with the effect, of weakening the Party internally and losing it public support, to wit:

A. William O'Neal, the informant and agent provocateur for defendant FBI officials described in paragraph 48G herein, constantly tried to persuade Chicago plaintiff Party members to resort to violence. He constructed an electric chair to be used on alleged informers (in fact, innocent Party members), but it was disassembled on Chicago Party chairman Fred Hampton's orders. O'Neal stockpiled dangerous weapons, including plastic explosives, and urged other Party members to participate in armed robberies and the bombing of an armory. Defendant FBI officials knew of, and approved or directed, O'Neal's actions as evidenced in an FBI internal memorandum that admits O'Neal was used "... in harassing and impelling the criminal activities of the Black Panther Party locally."

B. In 1969 defendants placed an experienced operative or undercover agent in the New Haven Chapter of the Party for the purpose of persuading and directing Party members of that Chapter to commit unlawful and irrational actions that would damage and discredit the Party. Specifically, said operative accused an innocent member of the Party, Alex Rackley, of being a "police agent," and then proceeded to direct and participate in his torture-murder. Said operative then turned "state's

evidence" to accuse Party leaders, who had no knowledge of said murder and who deplored it, of ordering Rackley's murder. Though this agent or operative was convicted by a jury, the leaders he tried to implicate were not. Nonetheless, immense damage was done to the Party in terms of public reputation, finances and morale of its members and supporters. Said operative or agent spent only the briefest time in prison because, on information and belief, he was placed through defendants' efforts in a work-study program at an Ivy League institution of higher learning. He now holds a comfortable position at an Eastern college which, on information and belief, plaintiffs allege he also obtained through the efforts of defendants and their agents.

C. Defendants knew that Huey P. Newton opposed the use of violence except in self-defense. They also knew that he favored the building of black community power through the implementation of social and economic survival programs and close cooperation with churches and other indigenous institutions. Hence, defendants, on information and belief, committed their financial and technical resources and personnel to support Eldridge Cleaver and his followers within the Party who openly advocated the arbitrary use of violence. Defendants supported Cleaver for the purpose and with the effect of weakening or destroying the Party internally and losing it significant public support.

SABOTAGING AND DISCREDITING OF CONSTRUCTIVE PARTY PROGRAMS

51. Defendants and their agents not only supported, encouraged and committed violence in the name of plaintiff Party, but also embarked on a deliberate campaign to sabotage and destroy constructive social and economic programs of the Party, to wit:

A. An early successful and popular program of plaintiff Party was the provision of free, hot breakfasts to minor children in the black communities throughout the United States. This program was dependant on efforts of plaintiff Party members and volunteer contributions of food and other provisions from local merchants, businessmen and churches. Finding little to objectively criticize about this program other than vague charges about propagandizing the participating children (which simply meant teaching them ideas defendants disliked), defendants and their agents decided to destroy the program.

B. In 1969 an alleged member of the Party residing in Sacramento, California, drew up a so-called "comic book" depicting police as caricature "pigs" for purposes of political propaganda, and sent it to the Oakland, California headquarters of the Party for review and comment. This "comic book" was then reviewed and rejected for publication or circulation by the leadership of the Party because it was thought to be non-reflective of Party philosophy too crude and in bad taste. An operative or informant, however, stole one of the few drafts of this proposed publication and delivered it to FBI defendants and their agents who added captions that advocated violence, printed thousands of copies bearing plaintiff Party's name, and circulated

them throughout the country, particularly to merchants and businesses contributing to the breakfast program. Those who received these so-called comics and the media were falsely told and led to believe by defendants and their agents that the booklets were given out to children participating in the breakfast program. These misrepresentations and deceptive acts were done by defendants and their agents in order to damage the Party and the breakfast program.

C. Churches which assisted the plaintiff Party in its breakfast program were also harassed by defendants and their agents and deterred from continuing support. In 1969, for example, the San Diego office of defendant FBI officials placed telephone calls and wrote anonymous letters to the Auxiliary Bishop of the San Diego Diocese of the Catholic Church falsely claiming to be parishoners upset about Father Frank Curran's support of the breakfast program. Within one month of these calls and other injurious actions taken by defendants, Father Curran was transferred from the San Diego Diocese to the State of New Mexico. Defendant FBI officials and their agents reported in their internal memoranda that Father Curran had been "neutralized" and that the breakfast program in San Diego had been destroyed.

D. Another constructive program that the plaintiff Party has undertaken to the displeasure of defendants and their agents is the free testing of black and other subject persons for Sickle Cell Anemia. To destroy this program, which is centered in Oakland, California, defendants have urged local

police in Oakland and surrounding communities to arrest for unlawful solicitation plaintiff Party members who seek street donations to the Sickle Cell program. The pressure from defendants an local police to make these arrests has been so great, and the police attitude toward plaintiffs, created largely by defendants and their agents so hostile, that even after the San Francisco solicitation ordinance under which plaintiffs had been arrested was declared unconstitutional by a California Court, San Francisco police continued to arrest plaintiff Party members. In addition, defendants and their agents, on information and belief, contacted local media people and persuaded them to publish articles and broadcasts falsely attacking the legitimacy of plaintiff Party's Sickle Cell Anemia program so as to reduce contributions to the program.

E. In 1972, plaintiff Party members and leaders were instrumental in founding an independent non-profit corporation called the Educational Opportunities Corporation, Inc. (EOC). This corporation primarily sponsors a model school for approximately one-hundred and thirty-five elementary grade children in Oakland, California. Since its formation, agents and operatives of defendant FBI AND IRS officials have called upon teachers and contributors of the school to question them and deter them from having any further contact with or support for the school.

SUPPRESSING FREE EXPRESSION AND MISREPRESENTING THE PARTY

52. Defendants and their agents interfered with and suppressed plaintiff Party members' and associates' rights to express their views to the public and misrepresented their true views to the public for the purpose, and with the effect, of losing the Party political and financial support, to wit:

A. Colleges, universities and other institutions that invited representatives of the Party to speak and answer questions were contacted by defendants and their agents and urged to cancel the engagements. When friendly persuasion did not work to cancel the speaking engagements, defendants and their agents telephoned anonymously to officials at said colleges, universities or other institutions and warned them of violence if plaintiff members were permitted to speak. In addition, defendants and their agents would contact members of the plaintiff Party or their families and warn them that if they made the intended speaking engagements as promised they would be killed or injured. All of these actions were taken for the purpose, and often with the effect, of preventing their representatives from expressing their views publicly.

B. Plaintiff Party publishes and distributes THE BLACK PANTHER, a weekly newspaper with a national circulation. Defendants and their agents have sought to suppress the publication and distribution of this newspaper by sabotaging its offices, destroying numerous shipments of the paper, vandalizing racks carrying the paper, instigating arrests of street vendors of the newspaper, and pressuring commercial airliners that transport the paper nationally to charge a higher rate than that normally charged other organizations shipping similar printed matter. Defendants and their agents also persuaded the Postal Service to charge the

plaintiff Party a higher postage rate for mailing paid subscriptions than what is normally afforded similar publications. Defendant IRS officials and their agents served summonses on banks seeking information about the Party and its paper for the purpose of destroying the publication and circulation of THE BLACK PANTHER .

C. Defendants and their agents compiled information containing half-truths and out-right fabrications and disseminated this information to friendly sources within local radio and television stations and newspapers throughout the country so that false and harmful stories about the Party, its leaders and activities would be conveyed to the public. At the same time, defendants and their agents have, on information and belief, urged the media to discourage the printing, publishing or dissemination of any true information about positive programs and activities that the Party has been engaged in since its inception.

D. When plaintiff Party leaders have been scheduled to appear for public speaking or on television radio broadcasts, defendants have provided false information, or privileged but embarrassing information gained by unlawful means, to hecklers, callers-in and, in some instances, "friendly" media sources so that the Party would be discredited with the public and its supporters. Defendants and their agents also instigated, for example, the arrest of former Chicago Party leader Fred Hampton when he was about to appear on a local television program. The arrest was intended to, and did, embarrass, humiliate and discredit the plaintiff Party with the public and its supporters.

OTHER GENERAL HARASSMENT OF MEMBERS AND SUPPORTERS

53. Defendants and their agents have engaged in a wide variety of actions beyond those categorized generally and set forth specifically hereinabove. All of these actions have been and are maliciously, unlawfully and intentionally undertaken pursuant to a systematic plan and goal of destroying the Party, and injuring its members and supporters. These actions by defendants and their agents include, inter alia:

A. Informing or contacting businesses and persons with whom plaintiffs were employed or had an economic relationship about plaintiffs' political views and activities for the purpose and with the effect of damaging plaintiffs' economic interests.

B. Informing family or other persons associated with plaintiffs of allegedly immoral activity by plaintiffs in order to disrupt and injure the plaintiffs in these relationships.

C. Destroying plaintiffs' personal and real property.

D. Making plaintiff supporters of the Party falsely appear to be hostile to the Party by "leaking" to the Party forged documents bearing a supporter's signature and attacking or ridiculing the Party.

E. Sending or "leaking" forged documents or false information to plaintiff supporters that reasonably places said supporters in apprehension for their lives or safety because the documents or information falsely threatens them in the name of plaintiff Party.

F. Calling upon plaintiffs and questioning them about their and other Party members' and supporters' activities for the purpose of "chilling" plaintiffs' right to free expression and association.

G. Placing plaintiffs' under physical surveillance, opening their mail, eavesdropping on their conversations and committing other acts in violation of plaintiffs' rights to associational privacy.

H. All of the acts complained of herein were committed by defendants and their agents, individually and in concert, and were done wilfully, intentionally, maliciously, in bad faith and with a knowing and reckless disregard of plaintiffs' constitutional rights. Said acts of defendants and their agents were undertaken for the unlawful purpose, and with the effect, of punishing, harassing and burdening plaintiffs because their political beliefs, activities and associations were and are opposed by defendants. All of the defendants and agents were or are personally involved in the conspiracy herein alleged and their conduct has caused grave and substantial damage to plaintiffs entitling plaintiffs to damages against the defendants and their agents.

FIRST CLAIM FOR RELIEF

54. As alleged in paragraphs one through fifty-three, the actions of defendants and their agents violated and continue to violate the First Amendment rights of plaintiffs and the classes they represent to freedom of expression and association.

Second Claim for Relief

55. As alleged in paragraphs one through fifty-three, the actions of defendants and their agents in using their investigatory, law enforcement and other official powers to selectively and discriminatorily retaliate against and punish plaintiffs for their political beliefs, expressions and associations, violates plaintiffs' rights to due process and equal protection of the law as guaranteed by the Fifth Amendment to the United States Constitution.

Third Claim for Relief

56. As alleged in paragraphs one through fifty-three, defendants and their agents violated and continued to violate the Fourth, Fifth and Ninth Amendment rights of the plaintiffs and the members of the classes they represent to be free from unreasonable governmental invasions and abridgements of their personal and associational privacy.

Fourth Claim for Relief

57. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents complained of herein constitute a conspiracy to deprive plaintiffs and the classes they represent of the equal protection of the law in violation of Title 42 United States Code, Section 1985.

Fifth Claim for Relief

58. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in conspiring to

discriminate and discriminating against plaintiffs with respect to use of the mails violates 39 U.S.C. §403 which prohibits any undue or unreasonable discrimination among users of the mails.

Sixth Claim for Relief

59. As alleged in paragraphs one through fifty-three, the actions of CIA defendants and their agents and the other defendants and their agents who knowingly conspired with them, violate 50 U.S.C. §403 which prohibits the CIA from exercising any law enforcement powers or internal security functions.

Seventh Claim for Relief

60. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in conspiring to examine and investigate plaintiff's finances and associations were unnecessary to any legitimate tax purposes and in violation of 26 U.S.C. §7605(b).

61. Plaintiffs and the members of the classes they represent have suffered and will continue to suffer deprivation of their constitutional and statutory rights unless granted the relief prayed for in this complaint. Plaintiffs have no plain, adequate or complete remedy at law against the policies and practices of defendants. Injunctive and declaratory relief are necessary in order to adequately protect the rights of plaintiffs and the classes they represent.

RELIEF

WHEREFORE, plaintiffs pray that this Court:

1. Declare, pursuant to 28 U.S.C. §2201-2202 that defendants and their agents, employees, and adjuncts conspired to and have acted unlawfully in subjecting plaintiffs to injury because of their political beliefs, expressions and association by placing plaintiffs under surveillance, intercepting and opening plaintiffs' mail, instigating the arrest of plaintiffs, interrogating plaintiffs', their families and associates, misrepresenting plaintiffs' views to others, forging plaintiffs' names and identities to threatening and other documents, committing harmful acts to persons and property and falsely attributing said acts to plaintiffs, inciting plaintiffs to violence, interfering with plaintiff Party's Community programs, suppressing and interfering with the printing, circulation and distribution of plaintiff Party's newspaper and other literature, interfering with and abridging plaintiffs' rights to freedom of expression and association, damaging plaintiffs' and their associates' property and causing plaintiffs' physical harm and emotional distress.

2. Grant appropriate equitable relief in the form of a preliminary and permanent injunction restraining defendants, their agents, employees, adjuncts and successors from conspiring to subject, and subjecting plaintiffs to injury because of their political beliefs, expression and association by placing plaintiffs under surveillance, intercepting and opening plaintiffs' mail, instigating the arrest of plaintiffs, interrogating plaintiffs, their families and associates, misrepresenting plaintiffs' views to others, forging plaintiffs' names and identities to threatening and other documents, committing harmful acts to persons and property and falsely

attributing said acts to plaintiffs, inciting plaintiffs' to violence, interfering with plaintiff Party's Community programs, suppressing and interfering with the printing, circulation and distribution of plaintiff Party's newspaper and other literature, interfering with and abridging plaintiffs' rights to freedom of expression and association, damaging plaintiffs' and their associates' property and causing plaintiffs' physical harm and emotional distress.

3. Grant appropriate equitable relief in the form of a preliminary and permanent injunction restraining defendants and their agents, employees and adjuncts from destroying any of the files, memoranda, tapes, film, photographs, documents or other materials relevant to past and present actions of defendants and their agents against plaintiffs until this litigation is ultimately resolved; and

4. Award plaintiffs damages in excess of \$50,000,000, the precise amount to be ascertained upon trial, for repeated and continuous violations of plaintiffs' Constitutional rights and to hold the defendants named herein jointly and severally liable for such damages;

5. Award plaintiffs punitive damages of \$50,000,000,
to be apportioned against each of the defendants named herein;

6. Award plaintiffs' reasonable attorneys fees for
the prosecution of this action; and

7. Grant such other relief as the Court may deem
just and proper.

Respectfully submitted.

As you are aware, the above-referenced lawsuit was filed in the United States District Court for the District of Columbia on December 1, 1976, against 21 named defendants, including FBI Director Kelley, and 15 unidentified defendants. All defendants are sued in their official and individual capacities.

It is our understanding that Bureau documents are often destroyed in the ordinary course of business and the FBI field offices routinely destroy certain older documents. We request that all documents which in any way relate or which might potentially relate to the above-referenced lawsuit be preserved pending outcome of this litigation.

**THE BLACK PANTHER PARTY, et al., v
EDWARD LEVI, et al.
(U.S.D.C., D.C.)
CIVIL ACTION FILE NO. 76-2305**

Enclosed is one copy of a summons and complaint in captioned civil matter which were served on this Bureau's Washington Field Office on December 3, 1976, by a representative of the United States Marshals Service.

Captioned civil action purports to be a class action brought by the Black Panther Party and various named plaintiffs on behalf of all past and present members of the Black Panther Party. The complaint alleges that FBI Director Kelley, late FBI Director Hoover, William C. Sullivan and various unnamed Agents of the Bureau conspired with the other named and unnamed defendants in a massive conspiracy, conceived and implemented in 1967, to destroy the Black Panther Party politically and financially. The alleged means by which this conspiracy was carried out runs the gamut from assassination of party members and leaders to counterintelligence program activities to spread false rumors about Black Panther Party members with whom the members came in contact.

Captioned civil action is presently being studied by this Bureau and we will provide you a more extensive report in this matter at a later date. It is preliminarily our observation that the plaintiffs' real purpose in bringing this action is not to gain the monetary damages they seek, but to obtain the widest discovery

possible of records maintained by the defendants on the Black Panther Party, its members and Black Panther supporters. Additionally, our reading of the enclosed complaint leads us to observe that the plaintiffs' attempt to style this matter as a class action, while correct in form, is defective in law and fact.

Finally, we assert that, while the Black Panther Party was and is the subject of FBI investigation, which investigations were intensive at times, there is no truth to the plaintiffs' basic allegation that this Bureau conspired with the other named and unnamed defendants in any "concerted plan" to destroy the Black Panther Party politically and financially.

CLASS ACTION COMPLAINT FOR
DECLARATORY AND INJUNCTIVE RELIEF

JURISDICTION

1. This is a class action for declaratory and injunctive relief, and an individual action for money damages, arising under the Constitution and laws of the United States, more particularly, the First, Fourth, Fifth and Ninth Amendments to the Constitution, the Civil Rights Act of 1871 [42 U.S.C. §1985], the National Security Act of 1947 [50 U.S.C. §403], the Internal Revenue Act [26 U.S.C. §7605], and the Postal Service Act [39 U.S.C. §403]. Jurisdiction of this Court is invoked pursuant to the following statutes: 28 U.S.C. §1331(a), for actions arising under the Constitution or laws of the United States; 28 U.S.C. §1340, for civil actions arising under an Act of Congress concerning internal revenue; 28 U.S.C. §1343, for damages caused by conspiracies to deprive citizens of their civil rights; and 28 U.S.C. §1361, for actions to compel officers or employees of the United States or any agency thereof to perform a duty owed to plaintiffs. The matter in controversy, exclusive of interest and costs, exceeds \$10,000.00.

INTRODUCTION

2. This action by the Black Panther Party and its supporters seeks redress against past and present high government officials because of the concerted plan conceived and implemented by said officials since 1967 to destroy the Party politically and financially. The illegal means by which defendants have conspired to achieve destruction of the Party range from the extreme of causing assassination of Panther leaders to the more commonplace, albeit still unlawful practice of, burglarizing and bugging plaintiffs' offices and homes. All of the plaintiffs and those they represent have, because of their political activities, beliefs, and associations, been subjected to the practices complained of herein by defendant government officials who, despite official

denials to the contrary, persist to this day in their efforts to repress and harass plaintiffs.

PARTIES

3. Plaintiff Black Panther Party was founded by Huey P. Newton in 1966. It is an association of black and poor persons who are committed to improving the social and economic condition of minority and poor people and to eradicating the societal ills of racism, economic class discrimination and oppression of all kinds. The principal office of plaintiff Party is in Oakland, California where its newspaper is published and where the many survival and other programs it has initiated and sponsored are focused. These programs provide free services and goods to those in need, including transportation for senior citizens, legal and ambulance services, food, and testing of black and other subject persons for sickle cell anemia. Plaintiff Party brings this action on behalf of itself and its past and present members.

4. Plaintiff Huey P. Newton is the Founder and Chief Theoretician of the Party. He is a resident of Oakland, California, but, because of the unlawful activities of the defendants directed against him and detailed herein, is presently residing outside the jurisdiction of the United States until it is safe for him to return.

5. Plaintiff Elaine Brown is the authorized Chairperson for the Party. She is a citizen of the United States and a resident of Oakland, California.

6. Donald Freed is a published author and open supporter, both politically and financially, of the Party and its activities. He is a citizen of the United States and a resident of Los Angeles, California.

7. Berton Schneider is a producer and director of films and an open supporter, both politically and financially, of the

Party and its activities. He is a citizen of the United States and a resident of Beverly Hills, California.

8. Thomas and Flora Gladwin are active supporters of the Black Panther Party. They are citizens of the United States and residents of Oakland, California.

9. John George is an attorney and a member of the Board of Supervisors of Alameda County, California. He is a supporter of the Party and a resident of Oakland, California.

10. Father Earl Neil is a long-time supporter of the Black Panther Party and assisted in the implementation of its breakfast programs for children. He is a citizen of the United States and a resident of New York, N.Y.

11. John and Elizabeth Huggins are the parents of assassinated Black Panther Party member, John Huggins. They are citizens of the United States and residents of New Haven, Connecticut.

12. All of the plaintiffs and those they represent have suffered substantial injury as a result of the unlawful actions taken by defendants for the purpose of punishing, harassing and burdening the plaintiffs because of their political beliefs, expressions and associations.

13. Defendant Edward Levi is the current Attorney General of the United States.

14. Defendant John Mitchell is a former Attorney General of the United States.

15. Defendant Robert Mardian is a former Assistant Attorney General for Internal Security.

16. Defendant Clarence M. Kelley is the present Director of the Federal Bureau of Investigation (FBI).

17. Defendant William C. Sullivan is a former Assistant Director of the FBI.

18. The Estate of J. Edgar Hoover is sued herein because he was a former Director of the FBI.

19. Defendant George C. Moore is a former chief of the Racial Intelligence Section of the FBI.

20. Defendant George Bush is the current Director of the CIA.

21. Defendant William E. Colby is a former Director of the CIA.

22. Defendant Richard Helms is a former Director of the Central Intelligence Agency (CIA).

23. Defendant William E. Simon is the present Secretary of the Treasury.

24. Defendant Rex Davis is the current Director of the Bureau of Alcohol, Tobacco & Firearms of the Treasury Department.

25. Defendant Harold Serr is a former Director of the Bureau of Alcohol, Tobacco & Firearms within the Treasury Department.

26. Defendant Donald C. Alexander is the current Commissioner of the Internal Revenue Service (IRS).

27. Defendant Johnnie M. Walters was Commissioner of IRS from August, 1971 to March 1973.

28. Defendant Randolph W. Thrower was Commissioner of IRS from July, 1969 to January, 1971.

29. Defendant Tom Charles Huston was an assistant to the President of the United States.

30. Defendant Howard H. Calloway is the Secretary of the Army.

31. Defendant Harold R. Aaron is the Assistant Chief of Staff for Army Intelligence.

32. Defendant Benjamin F. Bailar is the current Postmaster General of the United States Postal Service.

33. Defendant Winton M. Blount is a former Postmaster General of the United States Postal Service.

34. Defendant John Doe 1 - 5, Richard Roe 1 - 5, and Jane Foe 1 - 5, are unknown employees of the Justice Department, the

FBI, the CIA, the Treasury Department, the Bureau of Alcohol, Tobacco and Firearms of the Treasury Department, the IRS, the White House, Army, the Postal Service and other agencies of the federal government that conspired with each other and/or the above-named defendants and their agents in taking and promoting unlawful actions intended to harm and, in fact, causing injury to plaintiffs herein.

35. Each of the defendants is being sued in his or her individual and official or former official capacities. Each defendant held the official position stated herein at times relevant to the allegations of this complaint, and each defendant was acting under the color of his or her official capacity at the times complained of herein.

CLASS ACTION ALLEGATIONS

36. Plaintiffs bring this action as a class action under the Federal Rules of Civil Procedure 23 (a), 23 (b), and 23(c)(4).

37. Plaintiffs Party, Newton and Brown represent past and present living members of the Black Panther Party who, because of their political beliefs and activities as expressed by their membership in the Party, were and are subject to unlawful and harmful actions by defendants.

38. Plaintiffs John and Elizabeth Huggins represent the estates of Party members who, while they were alive, suffered harassment, punishment and injury, including for some death, as a result of the conspiratorial actions of defendants and their agents complained of herein.

39. Plaintiffs Freed, Schneider, Thomas and Flora Gladwin, George and Neil represent a class of persons throughout the United States who, because of their open political or financial support of the Party and its activities, were or continue to be subject to illegal and injurious actions by defendants.

40. The number of individuals in each of these classes is too large to make joinder practicable.

41. Defendants have acted on grounds generally applicable to each class, thereby making injunctive and declaratory relief appropriate with respect to each class.

42. The claims of the named plaintiffs are typical of the claims of the classes they represent.

43. There are questions of law and fact common to the members of each class in this action. The common questions of fact relate to the subjecting of class members to invidious and damaging actions by defendants because of plaintiffs' political beliefs and activities. The common questions of law relate to the Constitutional and other violations of law that flow from the governmental imposition of burdens upon, and efforts to punish and harm, those whose political beliefs and activities are opposed by defendants.

44. Plaintiffs will fairly and adequately protect the interests of each class. Plaintiffs are represented by attorneys experienced in the field of Constitutional litigation. Plaintiffs know of no conflicts of interest among members of the classes with regard to the issues in this case.

THE FACTS

45. In 1967, the FBI formed a special counter-intelligence program, called COINTELPRO, intended, in the Bureau's own sanitized words, to "expose, disrupt, misdirect, discredit or otherwise neutralize the activities of black nationalists." A specific purpose of COINTELPRO was to prevent the rise of a "messiah," a charismatic black leader who might "unify and electrify" black persons. Martin Luther King, Jr. was named as a potential "messiah" in the FBI's own secret memoranda establishing COINTELPRO, but, after the assassination of King in 1968, the FBI shifted its focus to the Party and its leadership, particularly Huey P. Newton,

in conformity with then Director J. Edgar Hoover's public pronouncement that the Party constituted "the greatest threat to the internal security of the country...". Of the 295 total actions taken by the COINTELPRO program alone to disrupt black groups, 233 - or 79% - were specifically directed toward destruction of plaintiff Party. Approximately \$100,000,000 of taxpayers' money was expended for COINTELPRO, over \$7 million of it allocated for 1976 alone to pay off informants and provocateurs (twice the amount allocated in this same period by the FBI to pay organized crime informants.)

44. With the election of Richard M. Nixon as President of the United States in 1968, the Administration addressed itself, in the words of former White House Counsel John Dean, to "the matter of how we can maximize the fact of our incumbency in dealing with persons known to be active in their opposition to our Administration. Stated a bit more bluntly -- how we can use the available federal machinery to screw our political enemies."

45. A "White House Enemies List" was drawn up by officials in the Nixon Administration. In its original form, this list contained the names of only two parties or organizations, one of which is plaintiff Black Panther Party. Later, a longer version of this list contained additional names of many prominent and widely respected figures in the fields of politics, labor, the media and academia, including other plaintiffs herein. The existence and circulation of this "Enemies List" confirmed for defendants the Administration's approval of their efforts to target plaintiffs for concerted action to cause them injury, and in some instances, death.

46. A detailed plan, commonly known as the Huston Plan after its White House designated co-ordinator, Tom Charles Huston, was approved by the former director of the FBI, the CIA, the Defense Intelligence Agency and the National Security Agency in 1970. This plan spelled out the means by which defendants and their agents

intended to destroy the plaintiff Party. Their actions included, inter alia, warrantless electronic surveillance of plaintiffs, illegal opening and reading of plaintiffs' mail, breaking and entering of plaintiffs' homes and offices for the copying or theft of information and material, and the widespread use of informants and agent provocateurs. Although this proposed plan was first approved and allegedly later disapproved by former President Richard Nixon because J. Edgar Hoover decided not to co-operate, these tactics had already been used by defendants against plaintiffs and continue to be used.

47. The full nature and extent of the actions taken by defendants against plaintiffs cannot be ascertained without discovery. Only recently the Select Committees on Intelligence of both houses of the United States Congress reported numerous unconstitutional and unlawful actions taken by defendants against plaintiffs. These actions include documented efforts by defendants to promote violence between the Party and other minority organizations, to disrupt the Party by promoting internal dissention, to falsely discredit the Party to the public, its members and supporters, and to prevent the Party and its supporters from expressing their views. Plaintiffs have learned of other actions taken by defendants and their agents which indicate the intensity and severity of harm done to plaintiffs by this conspiracy of governmental officials. As in any conspiracy, it is difficult to pinpoint exactly which of the named defendants bears primary responsibility for each injury inflicted upon and suffered by plaintiffs, but there is no doubt that all of the named defendants, individually or in concert, caused and are legally responsible for, inter alia, the following actions.

HARASSMENT AND ASSASSINATION OF PARTY MEMBERS

48. Defendants and their agents have knowingly, intentionally and wilfully harassed, abused and injured plaintiff Party members in numerous unlawful and violent ways, including

the assassination of Party leaders or assisting in their assassination by others, to wit:

A. From 1968 to the present, defendants engaged in unlawful mail opening, interception of telephone and other conversations and physical surveillance of Party leaders, members and supporters. For example, despite recent revelations about the unlawful activities directed by the FBI against plaintiffs, defendant FBI agents still take down the names and license numbers of guests who visit the residence of plaintiff Elaine Brown. Privileged conversations between plaintiffs and their legal counsel have been intercepted and information conveyed in those conversations has been used by defendants and their agents to cause plaintiffs physical and emotional harm.

B. Defendants and their agents have also committed innumerable burglaries, or "black bag" jobs, where files, including investigatory and research files on pending litigation, and lists containing the names and addresses of Party members, supporters and contributors have been stolen.

C. Defendants and their agents have instigated, encouraged and, on information and belief, planned, supervised or coordinated armed raids by local city police departments on offices and homes of plaintiff Party members. These raids -- which have, for example, been directed against Party offices in Los Angeles, California; Chicago, Illinois; New Orleans, Louisiana, Kansas City, Missouri and numerous other cities -- caused serious injury to the Party, its members and its property. The raids have, on information and belief, been instigated, planned or directed by defendants and their agents for the purpose of harassing, injuring and punishing plaintiffs because of their political beliefs and not for any legitimate law enforcement purpose.

D. On or about July 30, 1974, Huey P. Newton was falsely arrested by agents of the Bureau of Alcohol Tobacco and Firearms, in cooperation with other defendants, and charged with the federal crime of being an ex-felon in possession of a firearm. Said agents of defendants knew that plaintiff Newton neither possessed a firearm nor was an ex-felon, but wrongfully placed the false criminal charge against plaintiff to discredit, embarrass and humiliate him and the Party. This charge was dropped after plaintiff Newton had been confined for two days as a result of it.

E. Defendant agents and officials of the IRS have audited the tax returns of plaintiff Newton for three consecutive years. These audits and a falsely alleged back tax liability in excess of \$50,000 have been instigated because of plaintiff Newton's political beliefs and leadership position within plaintiff Party and for the purpose of harassing him, causing him and the Party great expense in time, energy and money, and in the hope of ultimately convicting him of some technical violation of the massive and confusing tax laws.

F. In 1971, defendants placed an undercover agent or operative in the apartment unit next to the 25th floor highrise apartment of Huey P. Newton, Founder and Chief Theoretician of the Party. The rental of the agent's apartment was paid for with FBI funds. This agent or operative remained in said apartment for several months and during that time illegally spied on Newton, his guests, and associates and unlawfully overheard and reported on conversations between them. During the time said agent or operative was residing in this apartment, plaintiff Newton's apartment was robbed of Party files containing the names and addresses of Party members, supporters and contributors and other valuable and privileged information.

Said agent or operative's last action while residing as a tenant next to Huey P. Newton was to engage in a "shoot-out" with Oakland police officers in the hallway outside Newton's apartment doorway. The police alleged they had come to arrest the agent or operative for unpaid traffic tickets and that he opened fire on them from inside his apartment. Said agent or operative was arrested, and no one injured. Plaintiffs are informed and believe that the shoot-out was staged either to draw plaintiff Newton out into the hallway where he could be assassinated or, in the alternative, the agent or operative -- who was on parole from a California prison -- was being removed by defendants, with or without knowledge of the Oakland police as to his "official" assignment, for defendants and their agents, because he had failed to assassinate or set-up for assassination, Huey P. Newton.

G. On December 4, 1969, Chicago Party members Fred Hampton and Mark Clark were shot and killed and four other Party members seriously wounded in a pre-dawn raid by Chicago police under the direction of the Cook County States' Attorney's Office. Federal civil litigation concerning this murder has thus far revealed that an informant or operative of the FBI, one William O'Neal, had been planted by the FBI as a provocateur in the Party. O'Neal not only provided the FBI with a detailed floor plan of the Chicago Panther headquarters, complete with an "X" over the bed where Fred Hampton was sleeping when he was shot and killed, but, on information and belief, O'Neal or another agent or employee of defendants drugged Hampton before he was shot to insure that he would be in bed when police fired into the headquarters.

INCITING AND CAUSING VIOLENCE BY OTHERS AGAINST PLAINTIFFS

49. Defendants and their agents wilfully, maliciously, knowingly and intentionally fostered and caused suspicion, hostility and violence by others toward and against the plaintiff Party, sometimes resulting in the death of Party members, to wit:

A. In November 1968, former FBI director J. Edgar Hoover instructed fourteen FBI field officers by memoranda to "submit imaginative and hard-hitting counterintelligence measures aimed at crippling the Black Panther Party . . . in order to fully capitalize upon Party and US differences . . ." One of these counterintelligence measures was the drawing and mailing by the defendant FBI officials of derogatory cartoons to plaintiff Party offices and homes depicting Party leaders as "ineffectual, inadequate, and . . . corrupt . . ." These cartoons were made to look as if they were from US, a black nationalist organization. Defendant FBI officials also knew that US members, assisted and encouraged by agent provocateurs of defendants, were holding firearms practice and purchasing large amounts of ammunition. Defendants and their agents took no action to in any way discourage or prevent this training with and stockpiling of weapons.

B. In January, 1969, defendants assisted in and promoted the assassination of two Party members at the University of California at Los Angeles: Alprentice "Bunchy" Carter and John Huggins. The person observed committing the assassinations by numerous eye-witnesses was allegedly a member of the US organization. This person, plaintiffs are informed and believe, fled the jurisdiction with the knowledge and cooperation of the defendants and their agents. Two other persons, also admittedly members of the US organization, were tried and convicted for conspiracy in the Carter-Huggins assassination.

They escaped in 1974 from the maximum security prison San Quentin, with the assistance of defendants. They have not been apprehended to this date.

C. on May 23, 1969, Party members John Savage was shot and killed by an alleged US member. Later, on August 14, 1969, two Party members were wounded by an US member. The next day Party member Sylvester Bell was killed in San Diego, California also allegedly by US members.

D. Defendant FBI officials responded to these murders of plaintiff Party members by proposing yet additional derogatory cartoons to cause further violence against the Party. Moreover, the FBI defendants candidly stated in a September 18, 1969, internal memorandum that "a substantial amount of the unrest [mentioned above] is directly attributable to this program [i.e., COINTELPRO]."

E. In 1968 and 1969 defendant FBI officials approved and ordered the sending of both forged and false anonymous threatening and warning letters to the leadership of the Chicago Chapter of the Party and another Chicago based black organization, the P-Stone Nation (also known as the Blackstone Rangers). The purpose of these letters and other false and misleading information conveyed by operatives, agents and employees of defendants acting as if they were good faith members of the Party or the Rangers, was to cause the same kinds of violence caused between US and the Party. On information and belief, plaintiff Party did suffer violence to its members and supporters as a result of defendants actions in this regard.

USE OF AGENTS AND INFORMANTS TO DISCREDIT PARTY
BY URGING AND COMMITTING VIOLENCE IN ITS NAME

50. Defendants and their agents placed provocateurs, operatives and informants within plaintiff Party and employed, directed or rewarded said persons to commit violence and incite others within the Party to violence for the purpose, and with the effect, of weakening the Party internally and losing it public support, to wit:

A. William O'Neal, the informant and agent provocateur for defendant FBI officials described in paragraph 48G herein, constantly tried to persuade Chicago plaintiff Party members to resort to violence. He constructed an electric chair to be used on alleged informers (in fact, innocent Party members), but it was disassembled on Chicago Party chairman Fred Hampton's orders. O'Neal stockpiled dangerous weapons, including plastic explosives, and urged other Party members to participate in armed robberies and the bombing of an armory. Defendant FBI officials knew of, and approved or directed, O'Neal's actions as evidenced in an FBI internal memorandum that admits O'Neal was used "... in harassing and impelling the criminal activities of the Black Panther Party locally."

B. In 1969 defendants placed an experienced operative or undercover agent in the New Haven Chapter of the Party for the purpose of persuading and directing Party members of that Chapter to commit unlawful and irrational actions that would damage and discredit the Party. Specifically, said operative accused an innocent member of the Party, Alex Rackley, of being a "police agent," and then proceeded to direct and participate in his torture-murder. Said operative then turned "state's

evidence" to accuse Party leaders, who had no knowledge of said murder and who deplored it, of ordering Rackley's murder. Though this agent or operative was convicted by a jury, the leaders he tried to implicate were not. Nonetheless, immense damage was done to the Party in terms of public reputation, finances and morale of its members and supporters. Said operative or agent spent only the briefest time in prison because, on information and belief, he was placed through defendants' efforts in a work-study program at an Ivy League institution of higher learning. He now holds a comfortable position at an Eastern college which, on information and belief, plaintiffs allege he also obtained through the efforts of defendants and their agents.

C. Defendants knew that Huey P. Newton opposed the use of violence except in self-defense. They also knew that he favored the building of black community power through the implementation of social and economic survival programs and close cooperation with churches and other indigenous institutions. Hence, defendants, on information and belief, committed their financial and technical resources and personnel to support Eldridge Cleaver and his followers within the Party who openly advocated the arbitrary use of violence. Defendants supported Cleaver for the purpose and with the effect of weakening or destroying the Party internally and losing it significant public support.

SABOTAGING AND DISCREDITING OF CONSTRUCTIVE PARTY PROGRAMS

51. Defendants and their agents not only supported, encouraged and committed violence in the name of plaintiff Party, but also embarked on a deliberate campaign to sabotage and destroy constructive social and economic programs of the Party, to wit:

A. An early successful and popular program of plaintiff Party was the provision of free, hot breakfasts to minor children in the black communities throughout the United States. This program was dependant on efforts of plaintiff Party members and volunteer contributions of food and other provisions from local merchants, businessmen and churches. Finding little to objectively criticize about this program other than vague charges about propagandizing the participating children (which simply meant teaching them ideas defendants disliked), defendants and their agents decided to destroy the program.

B. In 1969 an alleged member of the Party residing in Sacramento, California, drew up a so-called "comic book" depicting police as caricature "pigs" for purposes of political propaganda, and sent it to the Oakland, California headquarters of the Party for review and comment. This "comic book" was then reviewed and rejected for publication or circulation by the leadership of the Party because it was thought to be non-reflective of Party philosophy too crude and in bad taste. An operative or informant, however, stole one of the few drafts of this proposed publication and delivered it to FBI defendants and their agents who added captions that advocated violence, printed thousands of copies bearing plaintiff Party's name, and circulated

them throughout the country, particularly to merchants and businesses contributing to the breakfast program. Those who received these so-called comics and the media were falsely told and led to believe by defendants and their agents that the booklets were given out to children participating in the breakfast program. These misrepresentations and deceptive acts were done by defendants and their agents in order to damage the Party and the breakfast program.

C. Churches which assisted the plaintiff Party in its breakfast program were also harassed by defendants and their agents and deterred from continuing support. In 1969, for example, the San Diego office of defendant FBI officials placed telephone calls and wrote anonymous letters to the Auxiliary Bishop of the San Diego Diocese of the Catholic Church falsely claiming to be parishoners upset about Father Frank Curran's support of the breakfast program. Within one month of these calls and other injurious actions taken by defendants, Father Curran was transferred from the San Diego Diocese to the State of New Mexico. Defendant FBI officials and their agents reported in their internal memoranda that Father Curran had been "neutralized" and that the breakfast program in San Diego had been destroyed.

D. Another constructive program that the plaintiff Party has undertaken to the displeasure of defendants and their agents is the free testing of black and other subject persons for Sickle Cell Anemia. To destroy this program, which is centered in Oakland, California, defendants have urged local

police in Oakland and surrounding communities to arrest for unlawful solicitation plaintiff Party members who seek street donations to the Sickle Cell program. The pressure from defendants an local police to make these arrests has been so great, and the police attitude toward plaintiffs, created largely by defendants and their agents so hostile, that even after the San Francisco solicitation ordinance under which plaintiffs had been arrested was declared unconstitutional by a California Court, San Francisco police continued to arrest plaintiff Party members. In addition, defendants and their agents, on information and belief, contacted local media people and persuaded them to publish articles and broadcasts falsely attacking the legitimacy of plaintiff Party's Sickle Cell Anemia program so as to reduce contributions to the program.

E. In 1972, plaintiff Party members and leaders were instrumental in founding an independent non-profit corporation called the Educational Opportunities Corporation, Inc. (EOC). This corporation primarily sponsors a model school for approximately one-hundred and thirty-five elementary grade children in Oakland, California. Since its formation, agents and operatives of defendant FBI AND IRS officials have called upon teachers and contributors of the school to question them and deter them from having any further contact with or support for the school.

SUPPRESSING FREE EXPRESSION AND MISREPRESENTING THE PARTY

52. Defendants and their agents interfered with and suppressed plaintiff Party members' and associates' rights to express their views to the public and misrepresented their true views to the public for the purpose, and with the effect, of losing the Party political and financial support, to wit:

A. Colleges, universities and other institutions that invited representatives of the Party to speak and answer questions were contacted by defendants and their agents and urged to cancel the engagements. When friendly persuasion did not work to cancel the speaking engagements, defendants and their agents telephoned anonymously to officials at said colleges, universities or other institutions and warned them of violence if plaintiff members were permitted to speak. In addition, defendants and their agents would contact members of the plaintiff Party or their families and warn them that if they made the intended speaking engagements as promised they would be killed or injured. All of these actions were taken for the purpose, and often with the effect, of preventing their representatives from expressing their views publicly.

B. Plaintiff Party publishes and distributes THE BLACK PANTHER, a weekly newspaper with a national circulation. Defendants and their agents have sought to suppress the publication and distribution of this newspaper by sabotaging its offices, destroying numerous shipments of the paper, vandalizing racks carrying the paper, instigating arrests of street vendors of the newspaper, and pressuring commercial airliners that transport the paper nationally to charge a higher rate than that normally charged other organizations shipping similar printed matter. Defendants and their agents also persuaded the Postal Service to charge the

plaintiff Party a higher postage rate for mailing paid subscriptions than what is normally afforded similar publications. Defendant IRS officials and their agents served summonses on banks seeking information about the Party and its paper for the purpose of destroying the publication and circulation of THE BLACK PANTHER .

C. Defendants and their agents compiled information containing half-truths and out-right fabrications and disseminated this information to friendly sources within local radio and television stations and newspapers throughout the country so that false and harmful stories about the Party, its leaders and activities would be conveyed to the public. At the same time, defendants and their agents have, on information and belief, urged the media to discourage the printing, publishing or dissemination of any true information about positive programs and activities that the Party has been engaged in since its inception.

D. When plaintiff Party leaders have been scheduled to appear for public speaking or on television radio broadcasts, defendants have provided false information, or privileged but embarrassing information gained by unlawful means, to hecklers, callers-in and, in some instances, "friendly" media sources so that the Party would be discredited with the public and its supporters. Defendants and their agents also instigated, for example, the arrest of former Chicago Party leader Fred Hampton when he was about to appear on a local television program. The arrest was intended to, and did, embarrass, humiliate and discredit the plaintiff Party with the public and its supporters.

OTHER GENERAL HARASSMENT OF MEMBERS AND SUPPORTERS

53. Defendants and their agents have engaged in a wide variety of actions beyond those categorized generally and set forth specifically hereinabove. All of these actions have been and are maliciously, unlawfully and intentionally undertaken pursuant to a systematic plan and goal of destroying the Party, and injuring its members and supporters. These actions by defendants and their agents include, inter alia:

A. Informing or contacting businesses and persons with whom plaintiffs were employed or had an economic relationship about plaintiffs' political views and activities for the purpose and with the effect of damaging plaintiffs' economic interests.

B. Informing family or other persons associated with plaintiffs of allegedly immoral activity by plaintiffs in order to disrupt and injure the plaintiffs in these relationships.

C. Destroying plaintiffs' personal and real property.

D. Making plaintiff supporters of the Party falsely appear to be hostile to the Party by "leaking" to the Party forged documents bearing a supporter's signature and attacking or ridiculing the Party.

E. Sending or "leaking" forged documents or false information to plaintiff supporters that reasonably places said supporters in apprehension for their lives or safety because the documents or information falsely threatens them in the name of plaintiff Party.

F. Calling upon plaintiffs and questioning them about their and other Party members' and supporters' activities for the purpose of "chilling" plaintiffs' right to free expression and association.

G. Placing plaintiffs' under physical surveillance, opening their mail, eavesdropping on their conversations and committing other acts in violation of plaintiffs' rights to associational privacy.

H. All of the acts complained of herein were committed by defendants and their agents, individually and in concert, and were done wilfully, intentionally, maliciously, in bad faith and with a knowing and reckless disregard of plaintiffs' constitutional rights. Said acts of defendants and their agents were undertaken for the unlawful purpose, and with the effect, of punishing, harassing and burdening plaintiffs because their political beliefs, activities and associations were and are opposed by defendants. All of the defendants and agents were or are personally involved in the conspiracy herein alleged and their conduct has caused grave and substantial damage to plaintiffs entitling plaintiffs to damages against the defendants and their agents.

FIRST CLAIM FOR RELIEF

54. As alleged in paragraphs one through fifty-three, the actions of defendants and their agents violated and continue to violate the First Amendment rights of plaintiffs and the classes they represent to freedom of expression and association.

Second Claim for Relief

55. As alleged in paragraphs one through fifty-three, the actions of defendants and their agents in using their investigatory, law enforcement and other official powers to selectively and discriminatorily retaliate against and punish plaintiffs for their political beliefs, expressions and associations, violates plaintiffs' rights to due process and equal protection of the law as guaranteed by the Fifth Amendment to the United States Constitution.

Third Claim for Relief

56. As alleged in paragraphs one through fifty-three, defendants and their agents violated and continued to violate the Fourth, Fifth and Ninth Amendment rights of the plaintiffs and the members of the classes they represent to be free from unreasonable governmental invasions and abridgements of their personal and associational privacy.

Fourth Claim for Relief

57. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents complained of herein constitute a conspiracy to deprive plaintiffs and the classes they represent of the equal protection of the law in violation of Title 42 United States Code, Section 1985.

Fifth Claim for Relief

58. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in conspiring to

discriminate and discriminating against plaintiffs with respect to use of the mails violates 39 U.S.C. §403 which prohibits any undue or unreasonable discrimination among users of the mails.

Sixth Claim for Relief

59. As alleged in paragraphs one through fifty-three, the actions of CIA defendants and their agents and the other defendants and their agents who knowingly conspired with them, violate 50 U.S.C. §403 which prohibits the CIA from exercising any law enforcement powers or internal security functions.

Seventh Claim for Relief

60. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in conspiring to examine and investigate plaintiff's finances and associations were unnecessary to any legitimate tax purposes and in violation of 26 U.S.C. §7605(b).

61. Plaintiffs and the members of the classes they represent have suffered and will continue to suffer deprivation of their constitutional and statutory rights unless granted the relief prayed for in this complaint. Plaintiffs have no plain, adequate or complete remedy at law against the policies and practices of defendants. Injunctive and declaratory relief are necessary in order to adequately protect the rights of plaintiffs and the classes they represent.

RELIEF

WHEREFORE, plaintiffs pray that this Court:

1. Declare, pursuant to 28 U.S.C. §2201-2202 that defendants and their agents, employees, and adjuncts conspired to and have acted unlawfully in subjecting plaintiffs to injury because of their political beliefs, expressions and association by placing plaintiffs under surveillance, intercepting and opening plaintiffs' mail, instigating the arrest of plaintiffs, interrogating plaintiffs', their families and associates, misrepresenting plaintiffs' views to others, forging plaintiffs' names and identities to threatening and other documents, committing harmful acts to persons and property and falsely attributing said acts to plaintiffs, inciting plaintiffs to violence, interfering with plaintiff Party's Community programs, suppressing and interfering with the printing, circulation and distribution of plaintiff Party's newspaper and other literature, interfering with and abridging plaintiffs' rights to freedom of expression and association, damaging plaintiffs' and their associates' property and causing plaintiffs' physical harm and emotional distress.

2. Grant appropriate equitable relief in the form of a preliminary and permanent injunction restraining defendants, their agents, employees, adjuncts and successors from conspiring to subject, and subjecting plaintiffs to injury because of their political beliefs, expression and association by placing plaintiffs under surveillance, intercepting and opening plaintiffs' mail, instigating the arrest of plaintiffs, interrogating plaintiffs, their families and associates, misrepresenting plaintiffs' views to others, forging plaintiffs' names and identities to threatening and other documents, committing harmful acts to persons and property and falsely

attributing said acts to plaintiffs, inciting plaintiffs' to violence, interfering with plaintiff Party's Community programs, suppressing and interfering with the printing, circulation and distribution of plaintiff Party's newspaper and other literature, interfering with and abridging plaintiffs' rights to freedom of expression and association, damaging plaintiffs' and their associates' property and causing plaintiffs' physical harm and emotional distress.

3. Grant appropriate equitable relief in the form of a preliminary and permanent injunction restraining defendants and their agents, employees and adjuncts from destroying any of the files, memoranda, tapes, film, photographs, documents or other materials relevant to past and present actions of defendants and their agents against plaintiffs until this litigation is ultimately resolved; and

4. Award plaintiffs damages in excess of \$50,000,000, the precise amount to be ascertained upon trial, for repeated and continuous violations of plaintiffs' Constitutional rights and to hold the defendants named herein jointly and severally liable for such damages;

5. Award plaintiffs punitive damages of \$50,000,000, to be apportioned against each of the defendants named herein;

6. Award plaintiffs' reasonable attorneys fees for the prosecution of this action; and

7. Grant such other relief as the Court may deem just and proper.

Respectfully submitted.

THE BLACK PANTHER PARTY, ET AL
V. EDWARD LEVI, ET AL., USDC, DC
CIVIL NO. 76-2205 - FILE DESTRUCTION

The Department has advised of a lawsuit by the Black Panther Party (BPP) which was filed in the United States District Court for the District of Columbia on December 1, 1976, against FBI Director Kelley and other defendants. The Department has advised that in connection with this lawsuit all documents which in any way relate or which might potentially relate to this matter be preserved pending the outcome of this litigation. Records in this category are currently governed by the Congressional moratorium on destruction. However, in connection with your existing authority to destroy files in field offices, great care should be taken to insure that no files are destroyed which contain the BPP in the caption of the case or the BPP as a subcaption to any individual investigation irrespective of classification. This restriction will remain in effect until you are advised to the contrary.

It has additionally been noted that the following individuals are listed as plaintiffs in this lawsuit and the restriction for destruction would also apply to them. This would include any files wherein these individuals may be cross referenced into any other investigative file. Therefore, you should prepare a search slip on these individuals to insure that all files or any references relating to them are maintained.

CLASS ACTION COMPLAINT
DECLARATORY AND INJUNCTIVE RELIEF

JURISDICTION

1. This is a class action for declaratory and injunctive relief, and an individual action for money damages, arising under the Constitution and laws of the United States, more particularly, the First, Fourth, Fifth and Ninth Amendments to the Constitution, the Civil Rights Act of 1871 [42 U.S.C. §1985], the National Security Act of 1947 [50 U.S.C. §403], the Internal Revenue Act [26 U.S.C. §7605], and the Postal Service Act [39 U.S.C. §403]. Jurisdiction of this Court is invoked pursuant to the following statutes: 28 U.S.C. §1331(a), for actions arising under the Constitution or laws of the United States; 28 U.S.C. §1340, for civil actions arising under an Act of Congress concerning internal revenue; 28 U.S.C. §1343, for damages caused by conspiracies to deprive citizens of their civil rights; and 28 U.S.C. §1361, for actions to compel officers or employees of the United States or any agency thereof to perform a duty owed to plaintiffs. The matter in controversy, exclusive of interest and costs, exceeds \$10,000.00.

INTRODUCTION

2. This action by the Black Panther Party and its supporters seeks redress against past and present high government officials because of the concerted plan conceived and implemented by said officials since 1967 to destroy the Party politically and financially. The illegal means by which defendants have conspired to achieve destruction of the Party range from the extreme of causing assassination of Panther leaders to the more commonplace, albeit still unlawful practice of, burglarizing and bugging plaintiffs' offices and homes. All of the plaintiffs and those they represent have, because of their political activities, beliefs, and associations, been subjected to the practices complained of herein by defendant government officials who, despite official

denials to the contrary, persist to this day in their efforts to repress and harass plaintiffs.

PARTIES

3. Plaintiff Black Panther Party was founded by Huey P. Newton in 1966. It is an association of black and poor persons who are committed to improving the social and economic condition of minority and poor people and to eradicating the societal ills of racism, economic class discrimination and oppression of all kinds. The principal office of plaintiff Party is in Oakland, California where its newspaper is published and where the many survival and other programs it has initiated and sponsored are focused. These programs provide free services and goods to those in need, including transportation for senior citizens, legal and ambulance services, food, and testing of black and other subject persons for sickle cell anemia. Plaintiff Party brings this action on behalf of itself and its past and present members.

4. Plaintiff Huey P. Newton is the Founder and Chief Theoretician of the Party. He is a resident of Oakland, California, but, because of the unlawful activities of the defendants directed against him and detailed herein, is presently residing outside the jurisdiction of the United States until it is safe for him to return.

5. Plaintiff Elaine Brown is the authorized Chairperson for the Party. She is a citizen of the United States and a resident of Oakland, California.

6. Donald Freed is a published author and open supporter, both politically and financially, of the Party and its activities. He is a citizen of the United States and a resident of Los Angeles, California.

7. Berton Schneider is a producer and director of films and an open supporter, both politically and financially, of the

Party and its activities. He is a citizen of the United States and a resident of Beverly Hills, California.

8. Thomas and Flora Gladwin are active supporters of the Black Panther Party. They are citizens of the United States and residents of Oakland, California.

9. John George is an attorney and a member of the Board of Supervisors of Alameda County, California. He is a supporter of the Party and a resident of Oakland, California.

10. Father Earl Neil is a long-time supporter of the Black Panther Party and assisted in the implementation of its breakfast programs for children. He is a citizen of the United States and a resident of New York, N.Y.

11. John and Elizabeth Huggins are the parents of assassinated Black Panther Party member, John Huggins. They are citizens of the United States and residents of New Haven, Connecticut.

12. All of the plaintiffs and those they represent have suffered substantial injury as a result of the unlawful actions taken by defendants for the purpose of punishing, harassing and burdening the plaintiffs because of their political beliefs, expressions and associations.

13. Defendant Edward Levi is the current Attorney General of the United States.

14. Defendant John Mitchell is a former Attorney General of the United States.

15. Defendant Robert Mardian is a former Assistant Attorney General for Internal Security.

16. Defendant Clarence M. Kelley is the present Director of the Federal Bureau of Investigation (FBI). ✓

17. Defendant William C. Sullivan is a former Assistant Director of the FBI. ✓

18. The Estate of J. Edgar Hoover is sued herein because he was a former Director of the FBI. ✓

19. Defendant George C. Moore is a former chief of the Racial Intelligence Section of the FBI.

20. Defendant George Bush is the current Director of the CIA.

21. Defendant William E. Colby is a former Director of the CIA.

22. Defendant Richard Helms is a former Director of the Central Intelligence Agency (CIA).

23. Defendant William E. Simon is the present Secretary of the Treasury.

24. Defendant Rex Davis is the current Director of the Bureau of Alcohol, Tobacco & Firearms of the Treasury Department.

25. Defendant Harold Serr is a former Director of the Bureau of Alcohol, Tobacco & Firearms within the Treasury Department.

26. Defendant Donald C. Alexander is the current Commissioner of the Internal Revenue Service (IRS).

27. Defendant Johnnie M. Walters was Commissioner of IRS from August, 1971 to March 1973.

28. Defendant Randolph W. Thrower was Commissioner of IRS from July, 1969 to January, 1971.

29. Defendant Tom Charles Huston was an assistant to the President of the United States.

30. Defendant Howard H. Calloway is the Secretary of the Army.

31. Defendant Harold R. Aaron is the Assistant Chief of Staff for Army Intelligence.

32. Defendant Benjamin F. Bailar is the current Postmaster General of the United States Postal Service.

33. Defendant Winton M. Blount is a former Postmaster General of the United States Postal Service.

34. Defendant John Doe 1 - 5, Richard Roe 1 - 5, and Jane Doe 1 - 5, are unknown employees of the Justice Department, the

FBI, the CIA, the Treasury Department, the Bureau of Alcohol, Tobacco and Firearms of the Treasury Department, the IRS, the White House, Army, the Postal Service and other agencies of the federal government that conspired with each other and/or the above-named defendants and their agents in taking and promoting unlawful actions intended to harm and, in fact, causing injury to plaintiffs herein.

35. Each of the defendants is being sued in his or her individual and official or former official capacities. Each defendant held the official position stated herein at times relevant to the allegations of this complaint, and each defendant was acting under the color of his or her official capacity at the times complained of herein.

CLASS ACTION ALLEGATIONS

36. Plaintiffs bring this action as a class action under the Federal Rules of Civil Procedure 23 (a), 23 (b), and 23(c)(4).

37. Plaintiffs Party, Newton and Brown represent past and present living members of the Black Panther Party who, because of their political beliefs and activities as expressed by their membership in the Party, were and are subject to unlawful and harmful actions by defendants.

38. Plaintiffs John and Elizabeth Huggins represent the estates of Party members who, while they were alive, suffered harassment, punishment and injury, including for some death, as a result of the conspiratorial actions of defendants and their agents complained of herein.

39. Plaintiffs Freed, Schneider, Thomas and Flora Gladwin, George and Neil represent a class of persons throughout the United States who, because of their open political or financial support of the Party and its activities, were or continue to be subject to illegal and injurious actions by defendants.

40. The number of individuals in each of these classes is too large to make joinder practicable.

41. Defendants have acted on grounds generally applicable to each class, thereby making injunctive and declaratory relief appropriate with respect to each class.

42. The claims of the named plaintiffs are typical of the claims of the classes they represent.

43. There are questions of law and fact common to the members of each class in this action. The common questions of fact relate to the subjecting of class members to invidious and damaging actions by defendants because of plaintiffs' political beliefs and activities. The common questions of law relate to the Constitutional and other violations of law that flow from the governmental imposition of burdens upon, and efforts to punish and harm, those whose political beliefs and activities are opposed by defendants.

44. Plaintiffs will fairly and adequately protect the interests of each class. Plaintiffs are represented by attorneys experienced in the field of Constitutional litigation. Plaintiffs know of no conflicts of interest among members of the classes with regard to the issues in this case.

THE FACTS

45. In 1967, the FBI formed a special counter-intelligence program, called COINTELPRO, intended, in the Bureau's own sanitized words, to "expose, disrupt, misdirect, discredit or otherwise neutralize the activities of black nationalists." A specific purpose of COINTELPRO was to prevent the rise of a "messiah," a charismatic black leader who might "unify and electrify" black persons. Martin Luther King, Jr. was named as a potential "messiah" in the FBI's own secret memoranda establishing COINTELPRO, but, after the assassination of King in 1968, the FBI shifted its focus to the Party and its leadership, particularly Huey P. Newton,

7.

in conformity with then Director J. Edgar Hoover's public pronouncement that the Party constituted "the greatest threat to the internal security of the country...". Of the 295 total actions taken by the COINTELPRO program alone to disrupt black groups, 233 - or 79% - were specifically directed toward destruction of plaintiff Party. Approximately \$100,000,000 of taxpayers' money was expended for COINTELPRO, over \$7 million of it allocated for 1976 alone to pay off informants and provocateurs (twice the amount allocated in this same period by the FBI to pay organized crime informants.)

44. With the election of Richard M. Nixon as President of the United States in 1968, the Administration addressed itself, in the words of former White House Counsel John Dean, to "the matter of how we can maximize the fact of our incumbency in dealing with persons known to be active in their opposition to our Administration. Stated a bit more bluntly -- how we can use the available federal machinery to screw our political enemies."

45. A "White House Enemies List" was drawn up by officials in the Nixon Administration. In its original form, this list contained the names of only two parties or organizations, one of which is plaintiff Black Panther Party. Later, a longer version of this list contained additional names of many prominent and widely respected figures in the fields of politics, labor, the media and academia, including other plaintiffs herein. The existence and circulation of this "Enemies List" confirmed for defendants the Administration's approval of their efforts to target plaintiffs for concerted action to cause them injury, and in some instances, death.

46. A detailed plan, commonly known as the Huston Plan after its White House designated co-ordinator, Tom Charles Huston, was approved by the former director of the FBI, the CIA, the Defense Intelligence Agency and the National Security Agency in 1970. This plan spelled out the means by which defendants and their agents

intend to destroy the plaintiff Party. Their actions included, inter alia, warrantless electronic surveillance of plaintiffs, illegal opening and reading of plaintiffs' mail, breaking and entering of plaintiffs' homes and offices for the copying or theft of information and material, and the widespread use of informants and agent provocateurs. Although this proposed plan was first approved and allegedly later disapproved by former President Richard Nixon because J. Edgar Hoover decided not to co-operate, these tactics had already been used by defendants against plaintiffs and continue to be used.

47. The full nature and extent of the actions taken by defendants against plaintiffs cannot be ascertained without discovery. Only recently the Select Committees on Intelligence of both houses of the United States Congress reported numerous unconstitutional and unlawful actions taken by defendants against plaintiffs. These actions include documented efforts by defendants to promote violence between the Party and other minority organizations, to disrupt the Party by promoting internal dissention, to falsely discredit the Party to the public, its members and supporters, and to prevent the Party and its supporters from expressing their views. Plaintiffs have learned of other actions taken by defendants and their agents which indicate the intensity and severity of harm done to plaintiffs by this conspiracy of governmental officials. As in any conspiracy, it is difficult to pinpoint exactly which of the named defendants bears primary responsibility for each injury inflicted upon and suffered by plaintiffs, but there is no doubt that all of the named defendants, individually or in concert, caused and are legally responsible for, inter alia, the following actions.

HARASSMENT AND ASSASSINATION OF PARTY MEMBERS

48. Defendants and their agents have knowingly, intentionally and wilfully harassed, abused and injured plaintiff Party members in numerous unlawful and violent ways, including

the assassination of Party leaders or assisting in their assassination by others, to wit:

A. From 1968 to the present, defendants engaged in unlawful mail opening, interception of telephone and other conversations and physical surveillance of Party leaders, members and supporters. For example, despite recent revelations about the unlawful activities directed by the FBI against plaintiffs, defendant FBI agents still take down the names and license numbers of guests who visit the residence of plaintiff Elaine Brown. Privileged conversations between plaintiffs and their legal counsel have been intercepted and information conveyed in those conversations has been used by defendants and their agents to cause plaintiffs physical and emotional harm.

B. Defendants and their agents have also committed innumerable burglaries, or "black bag" jobs, where files, including investigatory and research files on pending litigation, and lists containing the names and addresses of Party members, supporters and contributors have been stolen.

C. Defendants and their agents have instigated, encouraged and, on information and belief, planned, supervised or coordinated armed raids by local city police departments on offices and homes of plaintiff Party members. These raids -- which have, for example, been directed against Party offices in Los Angeles, California; Chicago, Illinois; New Orleans, Louisiana, Kansas City, Missouri and numerous other cities -- caused serious injury to the Party, its members and its property. The raids have, on information and belief, been instigated, planned or directed by defendants and their agents for the purpose of harassing, injuring and punishing plaintiffs because of their political beliefs and not for any legitimate law enforcement purpose.

D. On or about July 30, 1974, Huey P. Newton was falsely arrested by agents of the Bureau of Alcohol Tobacco and Firearms, in cooperation with other defendants, and charged with the federal crime of being an ex-felon in possession of a firearm. Said agents of defendants knew that plaintiff Newton neither possessed a firearm nor was an ex-felon, but wrongfully placed the false criminal charge against plaintiff to discredit, embarrass and humiliate him and the Party. This charge was dropped after plaintiff Newton had been confined for two days as a result of it.

E. Defendant agents and officials of the IRS have audited the tax returns of plaintiff Newton for three consecutive years. These audits and a falsely alleged back tax liability in excess of \$50,000 have been instigated because of plaintiff Newton's political beliefs and leadership position within plaintiff Party and for the purpose of harassing him, causing him and the Party great expense in time, energy and money, and in the hope of ultimately convicting him of some technical violation of the massive and confusing tax laws.

F. In 1971, defendants placed an undercover agent or operative in the apartment unit next to the 25th floor highrise apartment of Huey P. Newton, Founder and Chief Theoretician of the Party. The rental of the agent's apartment was paid for with FBI funds. This agent or operative remained in said apartment for several months and during that time illegally spied on Newton, his guests, and associates and unlawfully overheard and reported on conversations between them. During the time said agent or operative was residing in this apartment, plaintiff Newton's apartment was robbed of Party files containing the names and addresses of Party members, supporters and contributors and other valuable and privileged information.

Said agent or operative's last action while residing as a tenant next to Huey P. Newton was to engage in a "shoot-out" with Oakland police officers in the hallway outside Newton's apartment doorway. The police alleged they had come to arrest the agent or operative for unpaid traffic tickets and that he opened fire on them from inside his apartment. Said agent or operative was arrested, and no one injured. Plaintiffs are informed and believe that the shoot-out was staged either to draw plaintiff Newton out into the hallway where he could be assassinated or, in the alternative, the agent or operative -- who was on parole from a California prison -- was being removed by defendants, with or without knowledge of the Oakland police as to his "official" assignment, for defendants and their agents, because he had failed to assassinate or set-up for assassination, Huey P. Newton.

G. On December 4, 1969, Chicago Party members Fred Hampton and Mark Clark were shot and killed and four other Party members seriously wounded in a pre-dawn raid by Chicago police under the direction of the Cook County States' Attorney's Office. Federal civil litigation concerning this murder has thus far revealed that an informant or operative of the FBI, one William O'Neal, had been planted by the FBI as a provocateur in the Party. O'Neal not only provided the FBI with a detailed floor plan of the Chicago Panther headquarters, complete with an "X" over the bed where Fred Hampton was sleeping when he was shot and killed, but, on information and belief, O'Neal or another agent or employee of defendants drugged Hampton before he was shot to insure that he would be in bed when police fired into the headquarters.

INCITING AND CAUSING VIOLENCE BY OTHERS AGAINST PLAINTIFFS

49. Defendants and their agents wilfully, maliciously, knowingly and intentionally fostered and caused suspicion, hostility and violence by others toward and against the plaintiff Party, sometimes resulting in the death of Party members, to wit:

A. In November 1968, former FBI director J. Edgar Hoover instructed fourteen FBI field officers by memoranda to "submit imaginative and hard-hitting counterintelligence measures aimed at crippling the Black Panther Party . . . in order to fully capitalize upon Party and US differences . . ." One of these counterintelligence measures was the drawing and mailing by the defendant FBI officials of derogatory cartoons to plaintiff Party offices and homes depicting Party leaders as "ineffectual, inadequate, and . . . corrupt . . ." These cartoons were made to look as if they were from US, a black nationalist organization. Defendant FBI officials also knew that US members, assisted and encouraged by agent provocateurs of defendants, were holding firearms practice and purchasing large amounts of ammunition. Defendants and their agents took no action to in any way discourage or prevent this training with and stockpiling of weapons.

B. In January, 1969, defendants assisted in and promoted the assassination of two Party members at the University of California at Los Angeles: Alprentice "Bunchy" Carter and John Huggins. The person observed committing the assassinations by numerous eye-witnesses was allegedly a member of the US organization. This person, plaintiffs are informed and believe, fled the jurisdiction with the knowledge and cooperation of the defendants and their agents. Two other persons, also admittedly members of the US organization, were tried and convicted for conspiracy in the Carter-Huggins assassination.

They escaped in 1974 from the maximum security prison San Quentin, with the assistance of defendants. They have not been apprehended to this date.

C. on May 23, 1969, Party members John Savage was shot and killed by an alleged US member. Later, on August 14, 1969, two Party members were wounded by an US member. The next day Party member Sylvester Bell was killed in San Diego, California also allegedly by US members.

D. Defendant FBI officials responded to these murders of plaintiff Party members by proposing yet additional derogatory cartoons to cause further violence against the Party. Moreover, the FBI defendants candidly stated in a September 18, 1969, internal memorandum that "a substantial amount of the unrest [mentioned above] is directly attributable to this program [i.e., COINTELPRO]."

E. In 1968 and 1969 defendant FBI officials approved and ordered the sending of both forged and false anonymous threatening and warning letters to the leadership of the Chicago Chapter of the Party and another Chicago based black organization, the P-Stone Nation (also known as the Blackstone Rangers). The purpose of these letters and other false and misleading information conveyed by operatives, agents and employees of defendants acting as if they were good faith members of the Party or the Rangers, was to cause the same kinds of violence caused between US and the Party. On information and belief, plaintiff Party did suffer violence to its members and supporters as a result of defendants actions in this regard.

USE OF AGENTS AND INFORMANTS TO DISCREDIT PARTY
BY URGING AND COMMITTING VIOLENCE IN ITS NAME

50. Defendants and their agents placed provocateurs, operatives and informants within plaintiff Party and employed, directed or rewarded said persons to commit violence and incite others within the Party to violence for the purpose, and with the effect, of weakening the Party internally and losing it public support, to wit:

A. William O'Neal, the informant and agent provocateur for defendant FBI officials described in paragraph 48G herein, constantly tried to persuade Chicago plaintiff Party members to resort to violence. He constructed an electric chair to be used on alleged informers (in fact, innocent Party members), but it was disassembled on Chicago Party chairman Fred Hampton's orders. O'Neal stockpiled dangerous weapons, including plastic explosives, and urged other Party members to participate in armed robberies and the bombing of an armory. Defendant FBI officials knew of, and approved or directed, O'Neal's actions as evidenced in an FBI internal memorandum that admits O'Neal was used "... in harassing and impelling the criminal activities of the Black Panther Party locally."

B. In 1969 defendants placed an experienced operative or undercover agent in the New Haven Chapter of the Party for the purpose of persuading and directing Party members of that Chapter to commit unlawful and irrational actions that would damage and discredit the Party. Specifically, said operative accused an innocent member of the Party, Alex Rackley, of being a "police agent," and then proceeded to direct and participate in his torture-murder. Said operative then turned "state's

evidence" to accuse Party leaders, who had no knowledge of said murder and who deplored it, of ordering Rackley's murder. Though this agent or operative was convicted by a jury, the leaders he tried to implicate were not. Nonetheless, immense damage was done to the Party in terms of public reputation, finances and morale of its members and supporters. Said operative or agent spent only the briefest time in prison because, on information and belief, he was placed through defendants' efforts in a work-study program at an Ivy League institution of higher learning. He now holds a comfortable position at an Eastern college which, on information and belief, plaintiffs allege he also obtained through the efforts of defendants and their agents.

C. Defendants knew that Huey P. Newton opposed the use of violence except in self-defense. They also knew that he favored the building of black community power through the implementation of social and economic survival programs and close cooperation with churches and other indigenous institutions. Hence, defendants, on information and belief, committed their financial and technical resources and personnel to support Eldridge Cleaver and his followers within the Party who openly advocated the arbitrary use of violence. Defendants supported Cleaver for the purpose and with the effect of weakening or destroying the Party internally and losing it significant public support.

SABOTAGING AND DISCREDITING OF CONSTRUCTIVE PARTY PROGRAMS

51. Defendants and their agents not only supported, encouraged and committed violence in the name of plaintiff Party, but also embarked on a deliberate campaign to sabotage and destroy constructive social and economic programs of the Party, to wit:

A. An early successful and popular program of plaintiff Party was the provision of free, hot breakfasts to minor children in the black communities throughout the United States. This program was dependant on efforts of plaintiff Party members and volunteer contributions of food and other provisions from local merchants, businessmen and churches. Finding little to objectively criticize about this program other than vague charges about propagandizing the participating children (which simply meant teaching them ideas defendants disliked), defendants and their agents decided to destroy the program.

B. In 1969 an alleged member of the Party residing in Sacramento, California, drew up a so-called "comic book" depicting police as caricature "pigs" for purposes of political propaganda, and sent it to the Oakland, California headquarters of the Party for review and comment. This "comic book" was then reviewed and rejected for publication or circulation by the leadership of the Party because it was thought to be non-reflective of Party philosophy too crude and in bad taste. An operative or informant, however, stole one of the few drafts of this proposed publication and delivered it to FBI defendants and their agents who added captions that advocated violence, printed thousands of copies bearing plaintiff Party's name, and circulated

them throughout the country, particularly to merchants and businesses contributing to the breakfast program. Those who received these so-called comics and the media were falsely told and led to believe by defendants and their agents that the booklets were given out to children participating in the breakfast program. These misrepresentations and deceptive acts were done by defendants and their agents in order to damage the Party and the breakfast program.

C. Churches which assisted the plaintiff Party in its breakfast program were also harassed by defendants and their agents and deterred from continuing support. In 1969, for example, the San Diego office of defendant FBI officials placed telephone calls and wrote anonymous letters to the Auxiliary Bishop of the San Diego Diocese of the Catholic Church falsely claiming to be parishoners upset about Father Frank Curran's support of the breakfast program. Within one month of these calls and other injurious actions taken by defendants, Father Curran was transferred from the San Diego Diocese to the State of New Mexico. Defendant FBI officials and their agents reported in their internal memoranda that Father Curran had been "neutralized" and that the breakfast program in San Diego had been destroyed.

D. Another constructive program that the plaintiff Party has undertaken to the displeasure of defendants and their agents is the free testing of black and other subject persons for Sickle Cell Anemia. To destroy this program, which is centered in Oakland, California, defendants have urged local

police in Oakland and surrounding communities to arrest for unlawful solicitation plaintiff Party members who seek street donations to the Sickle Cell program. The pressure from defendants on local police to make these arrests has been so great, and the police attitude toward plaintiffs, created largely by defendants and their agents so hostile, that even after the San Francisco solicitation ordinance under which plaintiffs had been arrested was declared unconstitutional by a California Court, San Francisco police continued to arrest plaintiff Party members. In addition, defendants and their agents, on information and belief, contacted local media people and persuaded them to publish articles and broadcasts falsely attacking the legitimacy of plaintiff Party's Sickle Cell Anemia program so as to reduce contributions to the program.

E. In 1972, plaintiff Party members and leaders were instrumental in founding an independent non-profit corporation called the Educational Opportunities Corporation, Inc. (EOC). This corporation primarily sponsors a model school for approximately one-hundred and thirty-five elementary grade children in Oakland, California. Since its formation, agents and operatives of defendant FBI AND IRS officials have called upon teachers and contributors of the school to question them and deter them from having any further contact with or support for the school.

SUPPRESSING FREE EXPRESSION AND MISREPRESENTING THE PARTY

52. Defendants and their agents interfered with and suppressed plaintiff Party members' and associates' rights to express their views to the public and misrepresented their true views to the public for the purpose, and with the effect, of losing the Party political and financial support, to wit:

A. Colleges, universities and other institutions that invited representatives of the Party to speak and answer questions were contacted by defendants and their agents and urged to cancel the engagements. When friendly persuasion did not work to cancel the speaking engagements, defendants and their agents telephoned anonymously to officials at said colleges, universities or other institutions and warned them of violence if plaintiff members were permitted to speak. In addition, defendants and their agents would contact members of the plaintiff Party or their families and warn them that if they made the intended speaking engagements as promised they would be killed or injured. All of these actions were taken for the purpose, and often with the effect, of preventing their representatives from expressing their views publicly.

B. Plaintiff Party publishes and distributes THE BLACK PANTHER, a weekly newspaper with a national circulation. Defendants and their agents have sought to suppress the publication and distribution of this newspaper by sabotaging its offices, destroying numerous shipments of the paper, vandalizing trucks carrying the paper, instigating arrests of street vendors of the newspaper, and pressuring commercial airliners that transport the paper nationally to charge a higher rate than that normally charged other organizations shipping similar printed matter. Defendants and their agents also persuaded the Postal Service to charge the

plaintiff Party a higher postage rate for mailing paid subscriptions than what is normally afforded similar publications. Defendant IRS officials and their agents served summonses on banks seeking information about the Party and its paper for the purpose of destroying the publication and circulation of THE BLACK PANTHER .

C. Defendants and their agents compiled information containing half-truths and out-right fabrications and disseminated this information to friendly sources within local radio and television stations and newspapers throughout the country so that false and harmful stories about the Party, its leaders and activities would be conveyed to the public. At the same time, defendants and their agents have, on information and belief, urged the media to discourage the printing, publishing or dissemination of any true information about positive programs and activities that the Party has been engaged in since its inception.

D. When plaintiff Party leaders have been scheduled to appear for public speaking or on television radio broadcasts, defendants have provided false information, or privileged but embarrassing information gained by unlawful means, to hecklers, callers-in and, in some instances, "friendly" media sources so that the Party would be discredited with the public and its supporters. Defendants and their agents also instigated, for example, the arrest of former Chicago Party Leader Fred Hampton when he was about to appear on a local television program. The arrest was intended to, and did, embarrass, humiliate and discredit the plaintiff Party with the public and its supporters.

OTHER GENERAL HARASSMENT OF MEMBERS AND SUPPORTERS

53. Defendants and their agents have engaged in a wide variety of actions beyond those categorized generally and set forth specifically hereinabove. All of these actions have been and are maliciously, unlawfully and intentionally undertaken pursuant to a systematic plan and goal of destroying the Party, and injuring its members and supporters. These actions by defendants and their agents include, inter alia:

A. Informing or contacting businesses and persons with whom plaintiffs were employed or had an economic relationship about plaintiffs' political views and activities for the purpose and with the effect of damaging plaintiffs' economic interests.

B. Informing family or other persons associated with plaintiffs of allegedly immoral activity by plaintiffs in order to disrupt and injure the plaintiffs in these relationships.

C. Destroying plaintiffs' personal and real property.

D. Making plaintiff supporters of the Party falsely appear to be hostile to the Party by "leaking" to the Party forged documents bearing a supporter's signature and attacking or ridiculing the Party.

E. Sending or "leaking" forged documents or false information to plaintiff supporters that reasonably places said supporters in apprehension for their lives or safety because the documents or information falsely threatens them in the name of plaintiff Party.

F. Calling upon plaintiffs and questioning them about their and other Party members' and supporters' activities for the purpose of "chilling" plaintiffs' right to free expression and association.

G. Placing plaintiffs' under physical surveillance, opening their mail, eavesdropping on their conversations and committing other acts in violation of plaintiffs' rights to associational privacy.

H. All of the acts complained of herein were committed by defendants and their agents, individually and in concert, and were done wilfully, intentionally, maliciously, in bad faith and with a knowing and reckless disregard of plaintiffs' constitutional rights. Said acts of defendants and their agents were undertaken for the unlawful purpose, and with the effect, of punishing, harassing and burdening plaintiffs because their political beliefs, activities and associations were and are opposed by defendants. All of the defendants and agents were or are personally involved in the conspiracy herein alleged and their conduct has caused grave and substantial damage to plaintiffs entitling plaintiffs to damages against the defendants and their agents.

FIRST CLAIM FOR RELIEF

54. As alleged in paragraphs one through fifty-three, the actions of defendants and their agents violated and continue to violate the First Amendment rights of plaintiffs and the classes they represent to freedom of expression and association.

Second Claim for Relief

55. As alleged in paragraphs one through fifty-three, the action of defendants and their agents in using their investigatory, law enforcement and other official powers to selectively and discriminatorily retaliate against and punish plaintiffs for their political beliefs, expressions and associations violates plaintiffs' rights to due process and equal protection of the law as guaranteed by the Fifth Amendment to the United States Constitution.

Third Claim for Relief

56. As alleged in paragraphs one through fifty-three, defendants and their agents violated and continued to violate the Fourth, Fifth and Ninth Amendment rights of the plaintiffs and the members of the classes they represent to be free from unreasonable governmental invasions and abridgements of their personal and associational privacy.

Fourth Claim for Relief

57. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents complained of herein constitute a conspiracy to deprive plaintiffs and the classes they represent of the equal protection of the law in violation of Title 42 United States Code, Section 1985.

Fifth Claim for Relief

58. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in conspiring to

discriminate and discriminating against plaintiffs with respect to use of the mails violates 39 U.S.C. §403 which prohibits any undue or unreasonable discrimination among users of the mails.

Sixth Claim for Relief

59. As alleged in paragraphs one through fifty-three, the actions of CIA defendants and their agents and the other defendants and their agents who knowingly conspired with them, violate 50 U.S.C. §403 which prohibits the CIA from exercising any law enforcement powers or internal security functions.

Seventh Claim for Relief

60. As alleged in paragraphs one through fifty-three, the acts of defendants and their agents in conspiring to examine and investigate plaintiff's finances and associations were unnecessary to any legitimate tax purposes and in violation of 26 U.S.C. §7605(b).

61. Plaintiffs and the members of the classes they represent have suffered and will continue to suffer deprivation of their constitutional and statutory rights unless granted the relief prayed for in this complaint. Plaintiffs have no plain, adequate or complete remedy at law against the policies and practices of defendants. Injunctive and declaratory relief are necessary in order to adequately protect the rights of plaintiffs and the classes they represent.

RELIEF

WHEREFORE, plaintiffs pray that this Court:

1. Declare, pursuant to 28 U.S.C. §2201-2202 that defendants and their agents, employees, and adjuncts conspired to and have acted unlawfully in subjecting plaintiffs to injury because of their political beliefs, expressions and association by placing plaintiffs under surveillance, intercepting and opening plaintiffs' mail, instigating the arrest of plaintiffs, interrogating plaintiffs', their families and associates, misrepresenting plaintiffs' views to others, forging plaintiffs' names and identities to threatening and other documents, committing harmful acts to persons and property and falsely attributing said acts to plaintiffs, inciting plaintiffs to violence, interfering with plaintiff Party's Community programs, suppressing and interfering with the printing, circulation and distribution of plaintiff Party's newspaper and other literature, interfering with and abridging plaintiffs' rights to freedom of expression and association, damaging plaintiffs' and their associates' property and causing plaintiffs' physical harm and emotional distress.

2. Grant appropriate equitable relief in the form of a preliminary and permanent injunction restraining defendants, their agents, employees, adjuncts and successors from conspiring to subject, and subjecting plaintiffs to injury because of their political beliefs, expression and association by placing plaintiffs under surveillance, intercepting and opening plaintiffs' mail, instigating the arrest of plaintiffs, interrogating plaintiffs, their families and associates, misrepresenting plaintiffs' views to others, forging plaintiffs' names and identities to threatening and other documents, committing harmful acts to persons and property and falsely

attributing said acts to plaintiffs, inciting plaintiffs' to violence, interfering with plaintiff Party's Community programs, suppressing and interfering with the printing, circulation and distribution of plaintiff Party's newspaper and other literature, interfering with and abridging plaintiffs' rights to freedom of expression and association, damaging plaintiffs' and their associates' property and causing plaintiffs' physical harm and emotional distress.

3. Grant appropriate equitable relief in the form of a preliminary and permanent injunction restraining defendants and their agents, employees and adjuncts from destroying any of the files, memoranda, tapes, film, photographs, documents or other materials relevant to past and present actions of defendants and their agents against plaintiffs until this litigation is ultimately resolved; and

4. Award plaintiffs damages in excess of \$50,000,000, the precise amount to be ascertained upon trial, for repeated and continuous violations of plaintiffs' Constitutional rights and to hold the defendants named herein jointly and severally liable for such damages;

5. Award plaintiffs punitive damages of \$50,000,000,
to be apportioned against each of the defendants named herein;

6. Award plaintiffs' reasonable attorneys fees for
the prosecution of this action; and

7. Grant such other relief as the Court may deem
just and proper.

Respectfully submitted.

SYNOPSIS & DETAILS: Captioned civil action has been filed by the BPP and eight individuals who claim to be members and/or supporters of the BPP. Among the defendants, in addition to Mr. Levi are the Director, the estate of J. Edgar Hoover, William C. Sullivan, various present and former heads of the Central Intelligence Agency (CIA), Treasury Department, Internal Revenue Service (IRS), Department of the Army, U. S. Postal Service, and 15 unnamed defendants.

The complainants allege that the defendants conspired to achieve destruction of the BPP by means of a concerted plan conceived and implemented in 1967, to ruin the BPP both politically and financially. The plaintiffs seek injunctive relief and damages in excess of \$50 million.

DATE 7/7/82 BY SP8 BTJ/ld

Re Bureau airtel to Albany dated 1/12/77, advising that captioned civil action was filed by the Black Panther Party (BPP) in the U. S. District Court, District of Columbia, on 12/1/76, against Director Kelley and other defendants and requesting the preparation of a search slip on plaintiff organization and individual plaintiffs.

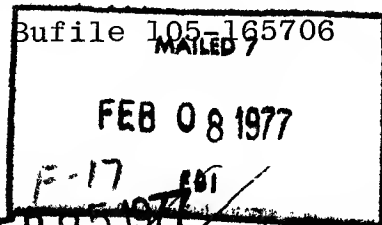

This suit alleges that the defendants conspired to achieve the destruction of the BPP by means of a concerted plan conceived and implemented in 1967, to ruin the BPP both politically and financially. Cited as parts of, or examples of this "concerted plan" are the Cointelpro activities formerly carried out by the FBI against the BPP, the "White House enemies list," the "Huston Plan," illegal, warrantless electronic surveillance, and various acts of harassment and assassination of party members. The plaintiffs seek injunctive relief and damages in excess of \$50 million.

Each office should submit to FBIHQ a list of all files and references relating to plaintiffs and plaintiff organization. This information should be set forth in the following format: ST-108

Reference is made to a February 11, 1977, telephone conversation between [redacted] of your office and Special Agent [redacted] of this office. In this conversation Special Agent [redacted] was advised that the Department was in receipt of a letter from former Assistant to the Director William C. Sullivan, wherein Mr. Sullivan requested that he be provided with Departmental representation in captioned civil action. Mr. Sher requested that the Department be provided with this Bureau's recommendation concerning whether Mr. Sullivan's request should be granted.

13

REC-47 62-117442-43

Based on our review of the allegations contained in the plaintiffs' complaint, it appears that all actions by Mr. Sullivan with regard to plaintiffs were taken within the scope of his official duties and in a good faith belief in the reasonableness of those actions. Therefore, it is our recommendation that Mr. Sullivan's request for representation be granted.

Additionally, you are advised that Director Kelley has been advised of captioned civil action and that he desires to be represented by the Department in connection with this matter.

NOTE: Captioned civil action was filed in 12/76, in the U.S.D.C., D.C., by the Black Panther Party (BPP) and 10 individuals who claim to represent a class of individuals who have been damaged by certain acts undertaken by the defendants. The defendants include Mr. Kelley, former Assistant to the Director Sullivan, the estate of former Director Hoover and former SA [redacted]. Captioned civil action has been the subject of previous memoranda.

Re Bureau airtels to Albany, dated 1/12/77, and
2/8/77.

Referenced Bureau airtel to Albany, dated 1/12/77,
advised that captioned civil action was filed by The Black
Panther Party (BPP) in the U. S. District Court, District of
Columbia, on 12/1/76, against Director KELLEY and other
defendants, and requesting the preparation of a search slip
on plaintiff organization and individual plaintiffs. The

were HUEY P. NEWTON, [redacted]

[redacted] JOHN GEORGE, [redacted]
[redacted]

Referenced airtel to 2/8/77 further advised that
captioned suit alleges that the defendants conspired to
achieve the destruction of the BPP by means of a concerted
plan conceived and implemented in 1967 to ruin the BPP both
politically and financially. Cited as parts of, or examples
of this "concerted plan" by the COINTELPRO activities formerly
carried out by the FBI against the BPP, the "White House
enemies list," the "Huston Plan," illegal, warrantless
electronic surveillance, and various acts of harassment and
assassination of party members. The plaintiffs seek injunctive
relief and damages in excess of 50 million dollars.

DATE 7-10-01 BY 9803RDD/AF

Attached is a copy of a complaint recently filed in the United States District Court for the District of Columbia by the Black Panther Party and various members and supporters of the party against Attorney General Levi, FBI Director Kelley, and several unidentified employees of the Federal Bureau of Investigation along with 19 other named defendants. The plaintiffs, who have sued on behalf of a class, charge that the defendants have engaged in various activities designed to deprive the plaintiffs of their constitutional rights. The plaintiffs seek declaratory and injunctive relief against the defendants, as well as money damages in excess of \$100,000,000 against each defendant. The defendants are sued in their individual and official capacities.

All defendants, of course, have the right to retain private counsel to advise them or defend them in their individual capacities in this action. However, representation for individual defendants may be provided by the Department of Justice in those cases where the Department of Justice determines that the defendant has acted within the scope of his authority and where such representation is in the best interests of the United States. Should Director Kelley want Department of Justice representation in this case, it is sufficient that the FBI Office of Legal Counsel notify us of his request and endorse the request.

As you are aware, a judgment rendered against Director Kelley in his individual capacity in this case must be satisfied by him personally for which he will not be entitled to indemnification from the government. We request that the Director be apprised of the fact that indemnification may be obtained only by the introduction and passage of a private bill in Congress on his behalf.

[Redacted]

If representation is requested by Director Kelley and authorized by the Department of Justice, this office should receive a litigation report by January 17, 1977, containing a suggested answer to the complaint, a summary of the facts, issues, and any defenses, suggested motions, as well as four sets of any relevant documents, one set of which should be certified.

[redacted] of this office, has been assigned responsibility in this matter. Please notify him immediately as to the identity of our contact in the Bureau's Legal Counsel office.

Communication dated 2/21/68 sets forth information
regarding a source (who has furnished reliable information
in the past), advised the number one man to HUEY NEWTON,
and ELDRIDGE CLEAVER, SNCC representative (whereabouts
unknown), are expected at Central State University, Wilberforce,
Ohio, this weekend for AFRO-American Unity Conference.
Sheriff RUSSELL BRADLEY, Green County Sheriff's Office,
Xenia, Ohio, advised racial situation remains tense at
Central State University. (U)

Cincinnati file 157-1776-8.

Communication dated 2/22/68, sets forth information
from San Francisco that the number one man to HUEY NEWTON,
BPP for Self Defense, is probably BOBBY GEORGE SEALE.
San Francisco relates description for SEALE and CLEAVER. (U)

Cincinnati file 100-16834-139.

New Orleans report dated 2/26/68, captioned [redacted] Aka., [redacted] contains a list of articles taken from [redacted] when arrested on 2/21/68, at New Orleans. One article taken was a handwritten message regarding [redacted] feelings about the revolution which included the following lines:

Article from Cleveland weekly newspaper, Call
& Post, dated 8/3/68, relates picture of BPP march in
New York on 7/22/68. March is enroute to a scheduled news
conference at United Nations Plaza called to protest the
murder trial of "Black Panther Defense Minister", HUEY
NEWTON in Oakland, California. (U)

Cincinnati file 157-2346-8.

An article from the Final Edition of the Cincinnati
Enquirer dated 9/28/68, relates the following from Oakland,
California: BPP founder HUEY P. NEWTON was given a
2-15 year prison sentence. He was taken to the Vacaville
Medical Facility, normal procedure for an assigned prisoner.
NEWTON, age 26, had been found guilty of voluntary manslaughter
in the killing of police officer JOHN FREY, but acquitted on
a charge of wounding FREY's companion, [redacted]
[redacted] NEWTON accepted the sentence with calm. There
were no attempts at violence. (U)

Cincinnati file 100-17883-12.

Sacramento letter to Cincinnati 2/11/69, advised on 9/8/68, in Superior Court, Alameda County, California, HUEY NEWTON was found guilty of voluntary manslaughter for the killing of an Oakland, California police officer. On 9/27/68, he was sentenced to serve a 2-15 year sentence in State Prison. He is currently incarcerated in the California Men's Colony - East, Los Padres, California. NEWTON received a Christmas card from a [redacted] who resides in Columbus, Ohio. Attached to letter is a characterization of the Black Panther Party which states the Party was organized by BOBBY SEALE and HUEY NEWTON, SEALE being the Chairman, and NEWTON being the Minister of Defense. (U)

Cincinnati file 157-2346-1925.

Director airtel dated 3/22/71 informs the recent split between HUEY NEWTON and ELDRIDGE CLEAVER resulted in some BPP branches breaking off from the original BPP structure to align themselves with CLEAVER. Additional realignments of existing branches may take place and branches previously expelled by NEWTON may reactivate as part of the "CLEAVER FACTION." Bureau wants evaluation of informant coverage as CLEAVER may take action to reactivate branches expelled by NEWTON. (U)

Cincinnati file 157-2346-1926.

Director airtel dated 3/23/71 elaborates further on the split between Supreme Commander HUEY NEWTON, Oakland, California, and Minister of Information, ELDRIDGE CLEAVER, a fugitive in Algiers, Algeria, where he operated BPP International Section until expelled by NEWTON on 2/27/71. BPP branches in New York City have defected to CLEAVER and similar defections around the country are anticipated. To distinguish between BPP branches and members remaining loyal to NEWTON and those defecting to CLEAVER, latter are being referred to as "CLEAVER FACTION." Split creates potential of violence between the two factions. (U)

RE JOHN GEORGE

New Haven indices contain no reference to a main file concerning JOHN GEORGE. Indices do contain one "See Reference". New Haven Office unable to determine from information contained in this reference if identical with JOHN GEORGE, Plaintiff.

RE [REDACTED]

One "See Reference".

RE [REDACTED]

One "See Reference".

The following relates to the main file maintained by the New Haven Office concerning the Black Panther Party.

Bureau File:	100-165706-32
New Haven file:	100-19186
No. of Sections:	(Main file) 105
No. of Sub-Sections:	(1-A items) 24
No. of Sub-Sections:	(Administrative) 1
	(Newspaper clippings)
No. of Serials:	9,238
No. of items in	
Sub-Section:	303
No. of Bulky Exhibits:	10
No. of items in	
Bulky Exhibits:	45

As the Bureau is aware, there was authorized for the New Haven Division an electronic surveillance on BPP Headquarters. The following refers to the recording of information from this ELSUR which was maintained by the New Haven Office as sub-sections to the main BPP file:

No. of Sub-Sections:	5
No. of serials:	2404
No. of Bulky Exhibits:	1 (540 reels of tape)

The following refers to the Counterintelligence Program; Black Nationalists - Hate Groups; and Racial Intelligence.

NH 100-19186

It is noted that a review of this file in the New Haven Office indicates initial material concerning Black Nationalists - Hate Groups as all inclusive was maintained in this file. It appears the great majority of materials contained therein pertains to COINTELPRO against the BPP.

Bureau File:	100-448006
New Haven file:	157-785
No. of Sections:	2
No. of Sub-Sections:	0
No. of Serials:	201

(Approximately 175 serials concerning the BPP)

The following ~~31~~⁴⁷ files are BPP related. Although at the present date it is not clear why the following individual files were opened by New Haven Office, a review of these files indicates that most probably they should have been handled as sub-sections under the main BPP file since they all bear the caption, Black Panther Party - Membership; Black Panther Party - Ideology; Black Panther Party - Violence; Black Panther Party - Underground, etc.

The Bureau file number is not shown since, even though individual case files were opened in the New Haven Office, communications pertaining to these New Haven files were reported to the Main BPP Bureau file, 105-165706-32, with the exception of a very few. In those instances where there was an individual Bureau File, it is so noted.
